NIGHT SCHOOL FOR BANDON

Many Useful Courses Will Be Given to the General Public.

The courses so far arranged for night school are given below.

The fees for these courses have been put at \$2.50 for each except the Domestic Science, which will be \$3.50 and the use of the typewriters for one period twice a week will be \$1.50. The length of time of these courses is eight weeks, with two classes each week. If any one wishes to take more than one course a reduction in price will be made and if more than one in the family takes the work the price will be reduced.

It might be stated that Prof. Watkins has just been elected to take charge of our commercial work and to teach in the high school. He has had long and wide experience and is well qualified for his position.

The commercial law is in the hands of Prof. L. P. Nichols, one of our teachers who is well able to handle his subject since he has been admitted to the bar in California.

To other people offering classes are well known in Bandon, either as teachers or as experts in their line of work. They need not to be introduced.

The plan is to begin this work after the holidays but in case less than ten wish to take a course it will not be given. Hence it will be necessary to send in names now. If any one is interested in any of these courses it is up to him to secure the required number and make the course possible.

Prof. W. H. Watkins:—Business arithmetic, including applications of percentage, interest, discount, partial payments, bills accounts, and partnership. Special attention given to lumber, plastering, excavations for cellars, ditches, etc.

Miss Lucile McKay:—The physical culture work will include the following: Exercises for chest development and correct breathing, exercises for correct posture, work with dumb bells and wands and folk dancing.

Mrs. E. M. Rea, writing:—The principals of penmanship, muscular movement and rapid drills. Letter writing, business, correspondence, social and business forms. Spelling thorough drill in spelling of words in common use.

Mrs. H. L. Hopkins:—The music course. Breathing exercises, placement of voice, modulation of voice and note reading. If enough people take this course a cantata will be given with orchestra accompaniment at the end of the course.

Miss Nora Solve, class in sewing:—The members of this class should bring material for shirt waists, house dresses, childrens clothes, underwear, etc. This material will then be worked up into various articles of clothing under the instruction of Miss Solve. Instruction will also be given in cutting patterns and the use of sewing machines.

Typewriting:—The use of six machines for periods of one hour each may be had but perhaps without personal instruction. The instruction books however may be used with the machines. It is the intention to have these machines used by those who wish to learn the operation here on our machines and practice may be had in the periods stated.

Prof. L. P. Nichols, Commercial law:—The course in commercial law will be of the same character as that offered by the regular Business Colleges. The aim is to give the greatest practical knowledge of business law possible in the time spent. Each evening one or more of the practical problems of everyday business will be taken up and carefully explained by Prof. Nichols.

Miss Landreth, cooking: Plain cookery, all types of common foods with a thorough study of the underlying principles involved. Simple dietetics, attention given to good combination in serving. Attention also given to the preparation of refreshments for special occasions such as luncheons, teas, etc.

Look and Read.

As this will not run forever I have the exclusive sale of 80 of the finest Resident Lots in the City of Bandon, that I am going to place on the market for a short time at the following prices, \$75.00 and \$100.00 each with \$25.00 additional for corner lots, these lots are all cleared, not only slashed and burned but cleared ready for the building and garden, and not only that but I can make you the best of terms at the regular cash prices, and wait I have something that I want to whisper and that is that the last hold-back-street obstructionist died there last summer and they have a nice street with good wide sidewalks right up to this addition, sell of course they will sell and if you want to get the first pick you will have to hurry.

And here is another that you must not overlook if you want something on the ground floor for business lots I have six lots left north of the old woolen mill that are coming to the front lot, one for \$400, one for \$450 two for \$650.00 each and two for \$850.00 each, the last two have the street work done excepting the sidewalk, now if you want terms I can give you terms on these lots also.

Acree did you say, why sure from \$30.00 up and it is good to or I would not be handling it, one hour walk from the Post Office not out 8 or ten miles, not out in the foot hills but on the county road.

I used to have 6 or 8 Fire Insurance Companies in the office but got to thinking one good one would be better I got the Hartford Fire Insurance Company and I found I was right so will you it you investigate. Let us talk it over.

Good Roads Goodrum Here.

"Goodroads" Goodrum the Coos county agent for the Ford and Cadillac was in Bandon Wednesday meeting the Bandon business men and prospective automobile buyers.

S. G. Whitsett who is the local agent for these cars was piloting him around and during their rounds they closed up one or two deals for cars.

There are enough Fords and Cadillacs in Bandon so that everybody knows what they look like, but it is said the 1914 designs in both cars are far superior to anything yet put out by either of the companies.

The 1914 Ford is said to be especially fine, as the design is much different than it ever was before, and the car is much more comfortable as well as more beautiful.

J. E. Ford and family, expect to move to Marshfield the first of the year to make their future home. Their many Bandon friends will be sorry to lose them from our city but will wish them well in their new home.

Pathe Party En Route Through Glacier National Park

Pathe Weekly Camp in Glacier Park

To include the wonderful scenery of Glacier National park in the new "See America First" series, Ralph R. Earle, camera man for the Pathe Preres company, recently made a trail blazing tour of unexplored regions in the great national playground. Under the guidance of Tom Dawson, a veteran guide of the Rockies of northwestern Montana, the Pathe man secured some unusual pictures of the waterfalls, mountains, glaciers, rivers and lakes, which make the park more famous for its scenic wonders than the Alps of Switzerland. Always seeking something new and marvelous for the patrons of motion picture theaters all over the world, the Pathe company has sent its northwestern representative into Glacier National park on several trips. Leaving the big hotel at Glacier park station, the Pathe party made a trip over Mount Henry, where a trail is now being built, and came out near Two Medicine camp, one of the beauty spots of the park. For a week the Pathe party, with its pack animals, camping outfit and guides, blazed new trails into remote regions, and beautiful waterfalls, ice fields and picturesque mountain ranges were filmed. The picture under the caption "Blazing Trails in Glacier National Park" was recently released by the Pathe company and is now being shown all over the United States.

To the Bandon Carnival Committee, we the auditors of the White Cedar Festival find the submitted statement of the financial condition of the White Cedar Festival Committee correct as per cancelled checks and vouchers. (Signed)—D. M. Averill, N. J. Crain, Auditing Committee for the White Cedar Festival.

At a meeting of the Bandon Carnival Committee held on Friday, December 5th the foregoing report was adopted. It was regularly moved and seconded that a meeting of the subscribers to the Carnival fund be held at the Commercial club hall at 8 o'clock on Friday, December 12th to determine what disposition shall be made of the cash on hand.

All subscribers to the Carnival fund and to the Fourth of July fund are requested to attend this meeting.

Special Features at Grand.

"The Girl and the Gangster," a two reel special by the Kalen Company. Its a melodrama of the underworld with a powerful plot, a picture that will hold your attention throughout. Pathe's Weekly, latest events of the world, "The Master Fixer," a good Vitagraph comedy. This program you can see at the Grand Saturday night, Dec 13.

Sunday night we present a magnificent three part production entitled "The Springtime of Life," a powerful story, beautiful light effects, splendid acting; in the third reel there is a realistic reproduction of a terrible theatre fire. The bill concludes with an Edison Comedy, "The Widows Suitors."

Don't miss seeing this bill, Grand, steam heat and a 5 piece orchestra.

The Prisoner of Zenda.

Daniel Frohman presents James K. Hackett and a special company in "The Prisoner of Zenda," by Anthony Hope in 5 reels of motion pictures. This great feature has been booked in by the Orpheum management at a very great expense and the same will be shown Saturday night along with an excellent vaudeville bill, admission 25c and 15 cents.

Sheriff W. W. Gage was in Bandon Wednesday, and was minus his fine long beard. Don't know what his reason was for shaving the off.

SEWER WORK PROGRESSING

East District About Complete and Digger Has Moved to Other Project.

The progress of putting in the Bandon sewer has been good since the digger arrived and Contractor Geo. P. Laird hopes to have both contracts completed within the sixty day time limit.

The System of district No. 2, which comprises the territory around the new school house is about completed and the digger has been moved to district No. 1, where is now throwing dirt on Fourth Street.

The weather has been quite favorable so far and with similar conditions the system will soon be complete.

Birthday Surprise.

December 9th was Mrs. John Moore's birthday and a number of her friends came in to surprise her and to remind her of the occasion. A four course luncheon was served and Mrs. Fred Gross presided at the punch-bow.

Those present were Grandma Gross, Mesdames Gus Gross, Fred Gross, L. Jacobs, E. C. Drosch, Ira Tucker, E. Wyant, M. Giles, Nygren, B. Rodgers, A. G. Hoyt, J. E. Ford, and Thom.

The decorations were pink and white festoons of ribbon and carnations, music was furnished by Mrs. J. C. Brown. Mrs. Moore received a number of beautiful presents, consisting of hand painted china and cut glass. Grandma Gross presided at the head table, gowned in brown silk, trimmed with rare old lace. The hostess was gowned in blue satin with heirloom lace.

All present had a fine time and on departing, wished Mrs. Moore many more happy birthdays.
