### BRIEF NATIONAL NOTES.

C. W. Post, millionaire cereal manufacturer of Battle Creek, Mich., committed suicide at his winter home in California.

One of the biggest crowd ever gathered in New York City, met the battleship Montana on her return from Mexico with the bodies of the 17 marines killed at the capture of Vera Cruz.

Several thousand women, representing every state in the union, paraded the streets of Washington last Saturday and presented petitions to members of Congress asking that a national enfranchisement bill be passed at this session of Congress.

The Colorado legislature passed a bill last week appropriating \$1,000,000 to pay the state militia for services in the coal strike.

When the time came for filing on lands recently eliminated from the

Rainier national forest in Washington 1,000 persons were on hand to file on 63 claims.

As a result of an official investigation into the massacre of women and children in a battle between coal strikers and the state militia at Ludlow, Colo., recently, all officers and militia men who participated in the battle are to be court martialed.

Lillian Nordica, famous American singer, died in Java Sunday, aged 55 years. Death was due to pneumonia.

By a recent order of the Postmaster General letters may be sent by soldiers, sailors and marines from any point in the U. S. or its possessions to any other point in the same territory without postage being affixed. Postage, however, will be collected from the person receiving the letter.

### CONDENSED STATE NEWS.

Hop-growers and dealers of Oregon have launched a campaign against state and national prohibition.

Frank Richet, president of the Oregon Inland Development Co., convicted at Portland of using the mails to defraud, was liberated after taking the paupers' oath that he was unable to pay his fine.

A party from Klamath Falls are searching the Modoc lava beds in Eastern Oregon in an attempt to recover rifles said to have been abandoned by routed troops during the Modoc war of 1872-73.

The Socialist party of Oregon is preparing to initiate an amendment to the state constitution reducing the time requirement for a citizen to reside in the state before being entitled to vote, from six months to thirty days.

Settlers of the Umatilla irrigation project in Eastern Oregon characterize the reports of government agents that the soil is poor and the chances slim for the development of the project into a paying proposition as untrue and inspired by prejudice and personal bias.

Eight fishermen at Astoria were fined \$50.00 each for throwing their nets into the water 45 minutes before the fishing season opened.

226,924 voters were registered in the state for the primaries. This was a gain of 95,044 over 1912.

Robbers blew up the safe in the Dayton postoffice some time Sunday night and made away with \$1250 in stamps and \$275 in cash.

### M. D. SHERRARD HAS FINEST GARAGE IN COOS COUNTY

M. D. Sherrard has moved his garage into the new building on Second street East, recently erected for him by Ed. Ellington, and now has the most modern and up-to-date garage in Coos County. He will have room for about 30 cars and has a first class machine shop in connection.

The garage also contains wash-racks, compressed air plant for blowing up tires and a modern gasoline pump and plant for supplying machines with gas, also private lockers for the accommodation of his patrons.

### VOTE AT PRIMARIES

#### IS VERY SLOW TODAY

The vote at the primaries so far today in the Bandon precincts has been very slow and up to the time of going to press less than one-fourth of the registered vote had been cast in any of the four precincts.

The polls will remain open until 8:00 o'clock this evening and it is probable that there will be a rush this evening and the vote may yet reach a reasonable figure.

W. C. Chase was down from Coquille yesterday making a final tour of this end of the county just prior to the primaries.

### Hard Work.

"It is a good rule to endeavor hour by hour and week after week to learn to work hard. It is not well to take four minutes to do what we can accomplish in three."—Charles W. Elliot.

### Good Idea.

When they have their pictures taken people try to look pleasant. Why not wear that look all the time? It will shorten no man's life!—Knoxville Tribune.

Temper, not trouble, makes the misery of most men's and women's lives.

## You Start At Zero

We all start out in life from the Zero mark. It is uphill all the way. The higher we go the more we are looked up to. The man who attains success must take himself seriously, look to his own interests and conserve his strength, wealth and ability. Many people are depositing their money with this bank, paying by check, and furthering their own interests, thereby raising their marks high above zero in the gauge of life. Why don't you try it?
