As a result of the interest which
has been aroused in the corn raising
in Oregon, it is stated that over
2,000 acres of the cereal has been
planted in the vicinity of Ontario.
Most of the planting was done with
carefully selected, acclimated seed,
and as the growers are using the most
modern methods in its cultivation, it
is expected the yield will be the best
ever turned out in the state. Over
10 corn cultivators were sold by On-
tario merchants in one week.

For Sale—Two sets double harness.
Cost \$40 per set, will sell for \$20 per
set. See W. H. Smith or Geo. B. Mor-
gan.—4314

The Elizabeth left San Francisco
for Bandon last night, and will prob-
ably arrive here Saturday evening or
Sunday morning.

The Bandon Dry Goods Co., has an
advertisement on the last page of this
issue calling attention to a series of
special sales they are putting on this
week, commencing tomorrow morn-
ing. Read it.

T. T. Allen had the misfortune to
fall Saturday afternoon after the G.
A. R. exercises at the Grand The-
atre. His crutches slipped and he
fell violently to the floor and for a
time his injuries seemed serious, but
he is getting along nicely now and
his friends are glad that the accident
was no worse.

Edmund Croft arrived Saturday
night from his Tacoma home and will
spend the summer on his ranch south
of town. Mr. Croft says that busi-
ness is very quiet on the outside and
conditions in Bandon look better than
any place he has seen.

W. C. Sellmer and wife and little
son returned on the Elizabeth from a
two months trip in the East, and
while they enjoyed their trip very
much they are glad to get back to
Bandon, and "Bill" says that our cli-
mate is far ahead of these eastern
varieties. The weather was exceedingly
not in New York, there being several
cases of people being overcome by
the heat.
