FLAMES TAKE THE WIGWAM

FIRE DESTROYS BEACH RESORT EARLY SUNDAY MORNING.—PROPRIETOR AND FAMILY BARELY ESCAPE WITH LIVES

The Wigwam, belonging to E. Lewin, and one of Bandon's popular resorts, was totally destroyed by fire early Sunday morning. When the blaze was discovered it had gained such headway that Mr. Lewin and family barely escaped with their lives.

Mr. Lewin does not know just how the fire started but it was first discovered around the kitchen flue, and the electric wiring. As soon as the fire was discovered the alarm was turned in, but there was no water or hydrant near the place, so nothing could be done to save it., and the entire building, including the store, the dance hall and Mr. Lewin's living apartments were destroyed, as well as all their stock and household goods making a total loss of over $3,000, with only $1200 insurance.

Although Mr. Lewin naturally feels his loss very keenly, he is not discouraged, but expects to rebuild and go ahead again.

It seems that the old adage of never one fire, but we must have three, has held good in Bandon, as it has been only a little over two weeks since the big fire, and then a small house burned in the east end of town a few days later, and now comes the Wigwam .It is certainly to be hoped that the proverbial three will suffice and that it will be a long time before Bandon is visited with another conflagration.

GOOD FEATURE WEDNESDAY AT THE ORPHEUM THEATRE

Thesecond installment of "Lucile Love, the girl of Mystery" will be shown at the Orpheum Theatre tomorrow night, Wednesday, July 1st.

The first of this series was shown last Wednesday, and proved one of the most interesting feature films ever shown in Bandon.

The second story of this series opens when Lucile deserts the hydroplane in the open ocean and makes a sensational landing on the steamer. Then for the first time Loubeque becom esaware that his prorgam of revenge is being interfered with. The moment he sees the girl he is struck with her resemblance to his first love who in reality was Lucile's mother. His first move was to send out an unsigned wireless mesage that General Love and not his aide, was the traitor who sold the diplomatic secrets. As soon as this mesage is sent out Loubepue wrecks the wireless apparatus so that no further communication can be held with the vessel. In doing so he causes an explosion in which he is injured. While acting as his nurse Lucile locates the diplomatic papers which Loubepue has stolen and placed the blame on her father. The ship catches fire and burns to the waters edge, and Lucile with the other women on the boat are put off in a life boat, which is caught by a big wave and capsized. Lucile finally lands, a lone castaway upon one of the South Sea Islands.

For thrills you can't beat this picture which will be shown at the Orpheum tomorrow night.

SENSATIONAL FEATURE COMING TO ORPHEUM

"Zingo, the Son of the Sea," which will be shown at the Orpheum Theater Thursday night, July 2nd, is one of the most sensational, the most fantastic, the weirdest, and the most enthralling story ever told in motion pictures.

The story has to do with a white man who from his infancy until he reached the age of twenty lived in a forest with monkeys, and as one of tem. He is taken off by a passing ship and taught by the kindly sailors until he gradually forgets his monkey days and becomes like other men. His succeeding life is well told in the picture story. His life is one of thrilling adventures, and comical situations. Be sure to see this if you relish something out of the ordinary.

JACK JOHNSON RETAINS WORLD'S CHAMPIONSHIP.

Jack Johnson, the negro pugilist, retained the world's heavyweight championship by defeating Frank Moran in a twenty round battle at Paris Saturday, although he was unable to score a knockout. Newspaper reports say that Johnson is not near the fighter that he formerly was and that a real topnctcher would stand a good chance of defeating him. Moran has never been considered the best of the "white hopes" and it is possible that Gunboat Smith or Jess Willard could defeat him now.

NO CONFETTI AT MARSHFIELD ON JULY FOURTH.

Dr. E. E. Straw received a telegram fdrm a Portland man yesterday inquiring about the concession to sell confetti here the Fourth of July and the cheapest way to get here. Dr. Straw answered him substantially as follows: "No one who values his life will attempt to sell confetti during the celebration here. Cheapest way to get here is to disguise yourself as a Greek laborer and go to employment office and get free transportation to Drain and then walk in."—Coos Bay Times.

The contract extends for a period of five years. The site accepted is on Baltimore avenue, between First and Second streets, and just north of the Dreamland pavillion.

The building will face the west, and will be a frame structure, but will be modern in every particular, so far as it is possible for a wooden building to be.

The only other bid put in was that of A. J. Hartman for the Hartman concrete building, which was destroyed by the recent fire.

BIG FEATURE AT THE GRAND JULY FIFTH.

"The Great Leap" in four parts, or "Uutil Death Does Us Part," is a thrilling story of a fued drama of love and hate in the Kentucky mountains. This picture was staged under the direction of D. W. Griffiths, the man who made all the great Biograph productions famous. The action throughout this big production is constant; you will unconsciously arise from your seat, gripped by the intense emotions the players portray in this exceiting play. The great climax comes when He and She clinging together on a madly galloping horse, driven to dispair, dash over the cliff down 50 feet tnio the rover below. Do they escape? The picture tells the story.

At the Grand Theatre July 5th.

LIGHT AND FLOWERS.

Why a Garden Is More Fragrant by Night Than by Day.

The light we receive from stars of the first magnitude, like Vega, is equal approximately to a forty thousand-millionth part of that of the sun. It is calculated that the total light received from the lesser stars is equal to that of 3,000 stars of the first magnitude, or a sixth part of that which is sent to us from the moon.

Light exercises a mechanical pressure which can be measured in the laboratory. It has been shown by experiments with artificial light that in its production enormous quantities of energy are dissipated.

In an ordinary wax candle the total energy which is transformed into light is really but 2 per cent. Gas and kerosene lamps are not more economical. On the other hand, the glow worm transforms into light, by means yet unknown, 90 per cent of the total energy expended.

It is known that light influences very largely the aroma of flowers. A garden is more fragrant when it is shaded than when the sun is allowed to shine in full blaze upon it. This, at any rate, is the conclusion of a Frenchman who has recently made a vast number of experiments. That which affects the fragrance of flowers is not the oxygen of the atmosphere, as has been commonly supposed, but the light.

According to the same authority, the intensity of the perfume exhaled by a flower depends upon the pressure of water in the cells of the plant, which tends to throw out the essential oils that produce the odor, and the action of the solar light diminishes the pressure of the water.—New York Press.

PROMINENT BANDON COUPLE CELEBRATE ANNIVERSARY

One of the most unique and enjoyable social affairs of the season was given by Mr. and Mrs. Clarence Edmonds at their residence last Thursday evening, when they invited a few of their friends to participate in the celebration of their sixth anual wedding anniversary. They had prepared a musical program, a printed copy of which was presented to each guest therendition of which on their new graphoponola grand was a treat long to be remembered.

To the strains of the Bridal Chorus the bridal party, consisting of Emily and Allen Schetter, as bride and groom, accompanied by David Feeney as best man, and Dorothy Belle Endicott as maid, and Delila Endicott as flower girl, marched in stopping before the improvised altar where the ceremony was performed by Eugene Schetter, Jr. At the close of this very pretty ceremony one of the guests stepped forward and with a few appropriate remarks presented Mr and Mrs. Edmunds, in behalf of those present, with a very handsome cut glass bowl and a set of hand painted Haviland plates in token of their esteem and good wishes. The only reply that the groom could make was to invite all, present to "take something" while the bride escorted the guests to the dining room which had been beautifully decorated for the occasion, and they all did justice to the elaborate refreshments that had been prepared, the favors being very appropriate souvenirs of the occasion. The banquet ver all repairtd to the parlor and listened to the remainder of the program, which extended into the wee sma' hours, when the guests departed with the best wishes for the host and hostess, and that they may celebrate many more anniversaries in like manner

Those present were: Mr and Mrs. S. C. Endicott, Mr. and Mrs. A. McNair, Miss Rita McNair, Mr. and Mrs. R. C. McKinnis, Mr. and Mrs. G. A. Boak, Mr. and Mrs. E. Boak, Mr. and Mrs. F. J. "ZU ZU, THE BAND LEADER" AT THE GRAND FRIDAY.

When the Keystone Picture Company, famous for their comedies, produced "Zu Zu, the Band Leader," they certainly scored the biggest hit that any moving picture audience has had the pleasure of laughing at. To create a farce comedy of two reels that bubbles over with comical situations from the time the title is flashed on the screen is no small undertaking and Mr. Sennett, the creator of "Zu Zu" deserves the unstinted praise he has received from all over the U. S. for giving us a real alive comedy feature. Ford Sterling plays Zu Zu and puts an abundant amount of gingered animation in his part. In his gymnastics he outdoes the wildest efforts of the longest haired Latin that ever crossed the ocean at the head of a royal musical organization. Miss Normand, as Mable, is as nimble as ever, time and again risking a session with a bonesetter. Mr. Haggerty is Caesar, he of the striped sweater and skin tight trousers. "Zu Zu" the band leader will make you shed tears of joy. You may come to the show with a frown, but you will go out with a smile. At the Grand next Friday, July 3rd.

COQUILLE TO BE KEPT DRY ACCORDING TO REPORT

Tomorrow is July 1st, the day when the Coquille saloons must go out of business, owing to the refusal of the council to grant licenses for the coming six months, and as five councilmen voted dry and Councilman Leach, the only man who voted wet has handed in his resignation, it looks very dubious for the saloons.

It is also stated that Mayor Morrison will appoint a "dry" councilman to take Leach's place, thus making the Council unanimously dry, and the petitions of the saloons will probably be turned down, although they threaten legal proceedings if their petitions are not granted.

Notice to Contractors.

Notice is hereby given that sealed bids will be received for grading a portion of the Bandon-South the county line road in Road District No. 19, commencing at the southerly city limits of the City of Bandon and running thence southerly one mile, according to the map, profile and specifications on file in the office of the County Clerk.

CLARK S AYS W OMAN SUFFRAGE IS INEVITABLE

Washington, D. C., June 27.—Today Speaker Clark told a delegation of women from the National Women Suffrage Association: "Woman suffrage is as inevitable as the rising sun of tomorrow. For more than a thousand years," said Clark,' 'men have been trying to run the world, and some think they have made a bad mess of it. I hope you will vote for the best principals and the best men." Clark was addressing a groupe of women from thirty-eight states, who had presented 300 petitions for women suffrage in the form of resolutions adopted by various organizations in the nation-wide demonstration May 2. Vice President Marshall also received the women and later the Senators and Congressmen received their petitions. One suffragette fell in with Secretary Bryan. From her earnest gestures, Bryan had to use vigorous measures to extricate himself.

Mr. Shankand's companies representated about $55,000 of this amount, and the other adjusters had $10,000.

The total loss of property was about $260,000, making $195,000 lost to the people as a result of the fire. This of course included buildings, stocks of goods and everything connected with the business nnterests as they were destroyed.

TONY AJAX COMING TO BANDON IN SUMMER

In a letter to The Recorder from Smiling Dutch, the wrestler, we are informed that both he and Tony Ajax will be in Bandon this summer and will probably arrive early in July

Tony defeated Chris Theopolos, the Greek hercules, at Hayward, Calif., on June 19th. Theopolos had at least 15 pounds the best in weight, but could not over come Tony's advantage in science. Dutch also says that he saw by the Oakland papers that Lutsey is still in the wrestling game and that when he comes to Bandon he wants to match Lutsey and Ajax, winner take all. He also said that Ajax will give Lutsey a handicap match, and will throw him twice in one hour for a $500 side bet.

Mrs. E. B. Henry, who underwent an operation recently at Emergency Hospital, has so far recovered that she was able to be taken home yesterday. Her many friends hope for a speedy recovery to health.
