The Fourth

ON this day in 1776 our freedom was really born; from that day on it was a long, bitter fight, but right won out.

In the last decade men have been gaining a new freedom—it's in clothes. They no longer have to suffer the excessive made-to-measure charges nor the time-wasting, delay and uncertainty.

You men can now get just what you want when you want it in ready clothes.

If you're one of the men who are not in on this victory, you'd better come in today.
