In the Circuit Court of the State of Oregon, in and for the County of Coos.

Tiny Ray, Plaintiff,
vs.
William Ray, Defendant

To William M. Ray, the above named defendant:

IN THE NAME OF THE STATE OF OREGON, You are hereby required to appear and answer the complaint filed against you in the above entitled suit within six weeks from the date of the first publication of this summons, to-wit: within six weeks from the 3rd day of July, 1914, and if you fail to appear and answer on or before the 14th day of August, 1914, that being the last day of the time prescribed in the order of publication, the plaintiff will apply to the Court for the relief asked in the complaint filed in this cause, a succinct statement of which is: a decree of absolute divorce, giving the custody of six minor children to the plaintiff and for an order directing the defendant to pay each month to the clerk of the court for the plaintiff's use in the maintenance and education of said six minor children, the sum of five dollars for each child during the respective minority of such children, and also costs and disbursements, and such further relief as the Court deem proper to grant.

This summons is published by order of the Honorable John S. Coke, judge of the Circuit Court of the State of Oregon, in and for the County of Coos, said order being dated the 29th day of June, 1914.

Dazed the Crank.

David P. Barrows, while acting president of the University of California, one day received a queer visitor. Lean and terribly earnest, the man broke into Barrows' study.

"I am the prophet Micah," he announced, "and I have a need for your service. The world is soon to come to an end. Could you not spread the tidings through the university?"
Dr. Barrows shook his visitor by the hand, collected his thoughts and replied: "I believe that at no time was there such a crying need for prophets. But, unfortunately, prophesying is an art with which I am unfamiliar. I am not even in close sympathy with it and, as I am unable to comprehend what you have accomplished, I confess inability to participate as a prognosticator."

Whether it was the unexpected reply or the quick fire of so many words that dazed the visitor will never be known. Certain it is the man backed to the door and uttered the inadequate reply, "Yes."—San Francisco Chronicle.

Gentlemen of Leisure.

One of the upper ten thousand, once visiting America, accepted the hospitality of a gentleman in New York. When taking farewell of his host the latter asked him what he thought of the American people.

"Well," answered the nobleman, "I like them immensely, but I miss something."

"What is that?" asked the Yankee.

"I miss the aristocracy," replied the Englishman.

"What are they?" naively asked his host.

"The aristocracy?" said the nobleman in a somewhat surprised tone of voice. "Why, they are people who do nothing, you know; whose fathers did nothing, you know; whose grandfathers did nothing, you know—in fact, the aristocracy!"

Here he was interrupted by the American, who chimed in with, "Oh, we've plenty of them over here, but we don't call them aristocracy—we call them tramps."—Exchange.

LONDON HAS ESCALATORS.

Thirty Thousand Ride on "New Toy" the First Day.

London has been given another new toy to play with. Escalators at Charing Cross Embankment station connecting the district and the Waterloo railways were opened, and it is estimated in the first three hours 10,000 persons had made trips on them.

When the escalators ceased revolving in the early hours the total cargo for the day probably reached 30,000 passengers.

OFFICIALLY HE WAS A GIRL.

Cambridge Boy Gets the Family Doctor to Fix the City's Books.

Boston.—After being registered for sixteen years as a girl in the city clerk's office at Cambridge, Frederick Melanson of that city forced the clerk to correct the official birth registration book.

The boy wanted to go to work and applied for the necessary birth certificate. At city hall a clerk searched through the files and said, "The only Melanson we have in that year is a girl born to J. A. and Bertha Melanson."

"That's me," said Fred.

"I can't take your word for it," said the clerk.

Frederick hustled to the office of the family physician, Dr. Lancaster, and brought him to the clerk's office.

"I remember perfectly the day he was born," said the doctor and took the required oath to this. The clerk's book now reads, "Frederick Melanson, boy, born April 30, 1898."

GIRL WANDERS IN SLEEP.

Kalamazoo Miss Awakens in the Streets of Battle Creek.

Battle Creek, Mich.—Walking in the streets of Battle Creek and asking a policeman where she was, Miss Myrtle Green of Kalamazoo, fourteen years old, was taken home by Captain Putnam and County Agent Thayer of her home city, ending a search that had been instituted by her parents, Mr. and Mrs. Charles Green.

The theory is that the girl, in a somnambulist state, boarded an interurban car at night and came as far as her money took her, to Urbandale, then walked to this city. The girl comes of a good family, and when last seen in Kalamazoo was on her way to church. She seemed dazed when found here, but recovered her senses later.

SMOKERS' MINDS LOSE 10 PER CENT OF POWER

Tests Show Cigarettes Worst of Nicotine Foes.

New York.—Tobacco smoking causes a decrease of 10.5 per cent in mental efficiency, according to a series of experiments by Dr. A. D. Bush.

There was a series of 120 tests on each of fifteen men in several different psychic fields. The subjects volunteering for the experiments all were medical students ranging in age from twenty-one to thirty-two years, of varying previous experience, from the farm laborer to the lifelong student, of divergent mental capacity, from the failure to the honor student and of differing habits as to tobacco addiction. The subjects were attendants at the University of Vermont, where Professor Bush is an instructor in physiology.

Among his findings are:

The greatest actual loss was in the field of imagery, 22 per cent.

The three greatest losses were in the fields of imagery, perception and association.

The greatest loss in these experiments occurred with cigarettes.

Nicotine was found in the distillates of all tobacco tested.

Nicotine was not found in the smoke of any tobacco except that of cigarettes, and then only in traces.

Pyridine was found in the smoke of all tobaccos tested.

Pyridine is one of the decomposition products of nicotine, the latter being almost twenty-two times as poisonous as pyridine, so far as its action on the human body is concerned.

This was the first extensive investigation of the mental effect of smoking. The recent tests at Columbia university and elsewhere were chiefly for the physical effects on students in athletic training.

HARVARD LEADS IN CONGRESS.

Has Forty Representatives There, While Yale Has Only Ten.

Cambridge, Mass.—Harvard university takes all the honors in representation in the Sixty-third congress, with Yale running a poor second and Princeton in third place. There are seventeen graduates of Harvard in the house of representatives, many of whom are from Massachusetts, and there are twenty-three Harvard alumni in the senate.

The total Harvard representation is forty. Yale, which is runner up in the collegiate political competition, has a total of ten, with five alumni in the house and five in the senate. Princeton, with a graduate in the chief magistrature's chair, has two graduates in the house and two in the senate.

MAY WAR ON CATS.

Extermination Is Asked by a Game Protective Association.

Tacoma, Wash.—The domestic cat is doomed if the recommendations adopted by the Pierce county branch of the Washington State Game Protective and Propagation association, at its annual meeting at the Tacoma hotel, is adopted by the Pierce county game commission.

War on tabby was declared because she has turned out to be an enemy of game and a destroyer of wild life.

The association requests the commission to offer a small bounty for each domestic cat killed to further extermination.
