THE OPEN FORUM

Editor Recorder:—I want to give my heartiest second to your recent editorial under the title "Summer Campers." I believe that Bandon may become a popular resort town, and feel very sure that it will if the citizens co-operate heartily and studiously to that end. What you say about the financial gain cannot be questioned. Your suggestion about a chautauqua program for a week or ten days during the summer is one that has been much in my mind since coming to Bandon, and I hope that a company of our citizens may come together some time in the near future and look thoroughly into the possibilities along this line.

It seems to me that we have something in this in which we can all get together in enthusiastic interest; and I want to say parenthetically, that I consider this a very great end in itself. It is the "pull together" that counts for any town, and this applies to all kinds of enterprises. Even when there is an immediate personal loss or sacrifice, an advantage to one citizen is sooner or later shared by the rest.

In making our town a popular resort we would help every business from peddling fish to running a bank. The chautauqua feature would immediately brand us as enterprising and progressive. It would quicken and purify our social life. It would enlarge the vision of our citizens. It would bring inspiration and aspiration to our school children. No one who is interested in the quality of our citizenship in the present or the future can afford to be uninterested in the proposal to have a week or two of high-grade entertainments for the evenings, lectures for the afternoons and study classes for the mornings.

If Bandon would like to be "placed on the map" a little more surely and in a little bolder type, I believe she can do nothing just now that will contribute more to that end, than to make large provision for those who come in wagons for a few weeks camping, and larger provision for those who come by auto, train and ship, who will put up at our hotels or rent cottages on a chautauqua ground

C. MAYNE KNIGHT.

NEIGHBORHOOD NEWS

LANGLOIS NEWS.
 From the Lender:
 Miss Florence Syphers departed for Bandon Thursday to visit her sister, Mrs. W. Parker, of Prosper.

J. M. Upton, register of the Roseburg U. S. land office, arrived here Saturday to visit his parents Mr. and Mrs. J. H. Upton of this place. Mr. Upton expects to be here for a week.

Mrs. A. C. Johnson and Miss Dorothy Sherwood departed Wednesday on the morning stage for Bandon where she will visit for a short time.

J. C. Thorhaven departed Wednesday for Bandon, where he will attend to business matters and visit his sister, Mrs. Daisy E. Gross, of that place.

MYRTLE POINT NEWS.

From the Enterprise:
 A party of Bandonians consisting of Steve Gallier, W. E. Crane, Col. R. H. Rosa, and son, Lloyd Rosa, drove over from Bandon last Tuesday and went up on the South Fork. Col. Rosa said they were going fishing. "Steve is going to catch the fish and I am going to eat them."

Howard Johnson and E. N. Smith came from Bandon Tuesday in the latter's car to look after business affairs.

Miss Myrl McCloskey returned last week from a weeks visit at Bandon where she attended the McNair-Watkins wedding.

The Latter Day Saints camp meeting which has been in progress in Dixon's Grove since the close of the debate will come to a close this week. Many of the campers have already departed for their homes and services

the balance of the week will be limited to song service and preaching in the evening.

About 5:30 last Friday morning our citizens were aroused from their belated slumbers by the ringing of the fire alarm, when the residence of Chester M. Lee on his acreage south of this city was discovered to be on fire. This residence was located out of range of the city fire protection and the fire having gotten pretty far advanced before it was discovered, the house and contents were totally destroyed.

L. E. Brown and family came from Bandon yesterday in their Ford and have gone to Rock Creek to visit for a time with the lady's mother, Mrs. S. H. Davis.

PORT ORFORD NEWS.

From the Tribune:
 Dr. Houseworth and a party of friends from Marshfield passed down the coast yesterday on their way to Brush Creek to spend a few days hunting and fishing.

The tug Klyhiam with a large scow in tow lay in our harbor yesterday while returning to Bandon from Chetco. The tug had taken a scow load of material to Chetco to be used by the Bandon Construction company in building the bridge across that stream.

In returning to their home at Gold Beach last week from the Agate carnival, W. A. Bishel and family narrowly escaped a serious auto accident in going down the mountain about six miles south of town, the car refused to respond to the steering wheel on a sharp and dangerous turn. Mr. Bishel threw on the emergency brakes, but they had become clogged with grease and would not hold the heavy car which was headed over the embankment. Fortunately on the edge of the road a short madrone log had lodged solidly enough to stop the machine, otherwise it would have gone hurtling down the hill to the almost certain destruction of its occupants.

W. J. Longston reports having seen two deer in the road while coming from Bandon in his car last night. Those animals seem to have lost no time in learning of Governor West's proclamation ending the open season.

Wm. Candlin, who returned from a business trip to Portland last Friday came home by the new Willamette Pacific as far as it runs and thence down the coast by auto. He questions that trains will be running into Mapleton in 60 days, as there are two large bridges on which the steel construction has just started, but everything is rushing and Mapleton will see steam cars before winter.

GOLD BEACH NEWS.

From the Globe:
 An iron mine has been lately located on what is known as Wakeup-Rely by some California parties. They have a number of men at work at the present time and expect to put on a large crew in a few days according to reports, one of which says there will be fifty thousand dollars spent in development work with the next sixty days. May their full expectations be realized.

Dave Colvin and Robt. Walker closed the deal yesterday with Antonio Conina (better known as "Tony the Dago") whereby the latter takes possession of the little gasoline seagoing launch, Queen, of Rogue River. Tony expects to use the boat for outside fishing and will probably seek a market for most of his fish at Marshfield.

The people living in the Agnes school district are sadly in need of a new school house and as a result have decided to hold a watermelon carnival in an effort to raise funds with which to build a new house. Several kinds of entertainments are being arranged for and a good time is assured those who attend, together with all the watermelon and muskmelon and other fruit they can eat.

NORTH BEND NEWS.

From the Harbor:
 At a meeting of the soliciting committee held today it was given out that sufficient funds can be had to complete the hotel as originally planned and that work will be pushed rapidly from now on.

Members of the Eastern Star have completed plans for the entertaining of delegates who will meet here on Monday, August 31, in honor of Natal Day. Large delegations from every city in the county will be present, there being a contest on and a prize offered for the lodge that has the largest percentage of its membership present at roll call. Chicken dinner will be served in the vacant store room of the Palace building and the ceremony will take place in the Eckhoff hall.

The dredge Michie is moored to the Empire dock with but five men aboard, where she will probably remain until congress passes the appropriation bill which includes funds for her maintenance be advanced from the emergency fund.

Jacob Kreis, promoter of the Eos-ton Townsite Co., who proposed to convert that place into a "Venice of America," and do other great things for the community has left for fields new and pasture green, according to letters received by several representative citizens here.

COQUILLE NEWS.

From the Sentinel:
 R. H. Mast, cashier of the Farmers & Merchants Bank, was back on duty again for the first time Monday morning. He had a pretty severe tussle with rheumatism, being flat on his back for five weeks, and he still has to use a crutch to navigate. But he is steadily improving and expects to discard that before long. M. O. Hawkins who has been helping in the bank is back again on the job in the County Clerk's office.

At the home of W. D. Newton, of Johnson's mill, at 12:30 last Sunday, Rev. Arthur Thomas, pastor of the M. E. church, south, said the words that made Frederick Elmer Drane and Maude Alice Newton man and wife "so long as ye both shall live." The ceremony was performed in the presence of the immediate families and a few invited friends. A sumptuous wedding dinner followed the ceremony. The bride and groom are well and favorably known in Coos county, being connected with two of the most prominent families of the county. The future home of the newly weds will be at Parkersburg.

The Sentinel families broke camp at Camp Atterbury Wednesday noon and got home the same evening, bringing about a bushel of crabs caught that morning. They all agreed that Johnson Creek, half a mile north of Fish Rock and a couple of miles south of Bandon, is as fine a place for an outing as they ever saw, and that they enjoyed it immensely there.

Wm. Candlin, who returned from a business trip to Portland last Friday came home by the new Willamette Pacific as far as it runs and thence down the coast by auto. He questions that trains will be running into Mapleton in 60 days, as there are two large bridges on which the steel construction has just started, but everything is rushing and Mapleton will see steam cars before winter.
