LATE WAR DEVELOPMENTS

London—A dispatch from Vienna states that Austria has declared war on Belgium. The American Minister in Belgium has been asked to take charge of the Austrian interests there.

London—Ten million Russian soldiers have been enrolled under the standard of Emperor Nicholas, according to staff officers of the Russian army, who have arrived here from St. Petersburg. At sea, also, Russia seems to be waking up. The sinking of the German cruiser Magdeburg, reported yesterday, is hailed here as significant and as showing that the Russian navy is no longer bottled up in the Gulf of Finland as has been reported.

Berlin—It is difficult to describe the fierce exultation of all classes in Berlin over the news of the British reverses at Maubeuge, as announced officially from army headquarters today. The German resentment against England for having "injected herself into this conflict," and for calling in Japan, a yellow race, is so deep that news of surrender of the British army on the Continent would be received with more joy and satisfaction in Berlin than tidings of the fall of Paris.

Vancouver, B. C.—Announcement is made that the Canadian Pacific railway has taken off several of its trans-continental trains and has sent half of its employes to fight for Great Britain on full pay. This is another proof that Canada is determined to do everything in its power to aid the mother country.

London—A wounded soldier who arrived at Boulogne Friday declared he was one of only thirty survivors of a British company of 2,000 troops who were practically wiped out by the German artillery.

San Francisco—Local mills have advanced the price of flour 40 cents per barrel, a war price.

Washington, D. C.—The house ways and means committee tentatively decided this afternoon to place a war tax on coca cola, pepsin cola, wine beer and base ball and theatre tickets. It said there was no present intention of taxing whiskey and tobacco.

London, Aug. 28—It is announced that the British fleet has sunk two German cruisers and two German torpedo-boat destroyers. A third cruiser was set on fire and left sinking. No British ships were lost in the battle.

Berlin—German troops are steadily driving back the Allies, and the government is highly satisfied with the work of the German troops. The German people are not excited and are confident of the ultimate success of their troops.

Washington, D. C.—American Consuls in Europe are being overwhelmed with appeals for aid from claimants of American citizenship who have been forced to take up arms for their land of birth. In Germany the situation is the most complicated. The only treaties which the United States has which touch on this subject were made with separate states and principalities before the confederation of the empire. None of these accept first naturalization papers as a valid obstacle against repatriation. Many Americans by adoption, who are surgeons or physicians, mechanics or at least material for able-bodied soldiers, have been or are about to be sent to war. In the cases of those who are bona fide citizens the State Department is making representations but it was pointed out today diplomatic bodies move slower than recruiting sergeants.

COOS AND CURRY TRADE BIGG FOR SEARS-ROEBUCK

Roseburg Review: The first allotment of Sears-Roebuck catalogues, for which Roseburg is the distributing point in Oregon, arrived yesterday and is being stored in the H. S. French transfer company's warehouse pending the time for sending them out. Yesterday's installment consisted of one carload of 23,045 books. The freight on the one car was over \$1200. The territory to be covered from this point is all of Oregon, but the fact that the concern does the most business in Coos and Curry counties is responsible for the location of the distributing center at Roseburg. Two more full cars are to be brought here before February.

RIVERS AND HARBORS BILL THOUGHT SAFE.

Washington, D. C.—It has been represented to the Senate that unless the Rivers and Harbors bill is passed 2541 workmen at the Columbia River improvement will be dropped in the October, and 29,000 will be dropped in the entire country.

Senators Chamberlain and Lane believe that the bill will pass the senate at the conclusion of the trust legislation, after the lopping off of some of the items, but that the retention of the Oregon projects is probable.

CURRY VOTE MAY DECIDE

Salem—That the Benson-McNary contest for the Republican nomination of Justice of the Supreme Court will be settled by including the fifteen votes illegally thrown out by the election board of Sixes precinct, Curry county, is the belief here. The matter was called to the attention of Governor West in a telegram from District Attorney W. H. Meredith, of Wedderburn, who sent the following:

"Messengers who brought poll books from Sixes precinct informed Clerk Stannard that 15 votes in that precinct had been placed among the spoiled ballots because voted for more than one candidate for Governor."

Benson carried Curry by a few votes, but it is said that McNary led in Sixes precinct.

Sixes precinct was not included in the stipulation entered into by McNary and Benson, but it is thought probable that some arrangement will be made now.

While the canvass in Grant county gives Benson a lead of one, there are still several precincts in Multnomah, Washington, Hood River and Tillamook counties that were included in the last stipulation for recounting.
