SCHOOL ADVANCES.

The old idea that what was good enough for father was good enough for the children is passing. No where are changing methods more noticeable than in the schools.

THE OPEN FORUM

Good Citizenship.

"The way of the transgressor is hard," and justly so. Society is often divided between those who weakly sympathize with the law-breaker and would help him evade the penalty, and those who cruelly enjoy seeing him punished.

to bring him to the type of citizenship which he ought voluntarily to assume. He forgets that the officer who does not exercise himself to enforce the law is guilty of malfeasance and subject to penalty; and further, that he is only the representative of the people, and a traitor to them if he is remiss in his sworn obligation.

If the person disobeying the law chafes under the restrictions of civilization, the door is open for his departure, and the sooner he goes—NO!—that is not the way out of the difficulty; the way out is for him to willingly expiate his crime in the penalty prescribed, and to set about it studiously to mend his ways. This is the object of punishment.

That Prosper Road.

Editor Recorder:—Having noticed an article in one of the local papers of August 28th, relative to a remonstrance being circulated by Mr. Foss, superintendent of the Prosper Mill Co., against a road being run into and through Prosper.

As to this road being run into the back yard of anyone's property in Prosper, would like to know whose backyard it is being run into. As to the road being for the benefit of two or three families would like to know if the following are more than two or three: P. F. Gehlke, D. Tiller, John Robinson, F. Maynard, C. Herman, Mrs. Howell, Seeley-Anderson Log. Co., Wm. Hansen, Prosper Canning Co., N. and G. Pederson, Mrs. Heuckendorf, Fred Helgren, John Pederson, Andrew Olsen, Mrs. G. Pederson, Parkersburg Creamery.

There are probably very few who consider that there is not even an outlet from Parkersburg to Bandon for teams or cattle, let alone people that would like to have a chance to get out. The only way for one to get out is by water. Nearly all the above mentioned parties would like to have a chance to travel by road if they possibly could, but it appears that the sand hills of Prosper and vicinity are so valuable that they may be damaged to such an extent that they will be beyond reparation.

The present petition is being circulated to have a road constructed from Parkersburg to a place in Prosper which is near Mrs. Pederson's

property and from that point it will be up to the people to decide how they want it completed from this point. If the people do not want it to go any farther, well and good; but it will give those who live near the road a chance to get out, which is the only way they will ever get a chance.

The point in dispute is whether it will be feasible to go around by the way of Prosper mill or not or if it will be practical to go up the hill and connect with the present Prosper-Bandon road on the top of the hill. Personally I do not think so, but do not want to be arbitrary on this point as long as we can possibly get a chance to get in and out.

Country districts have been built up wonderfully by having access to and from markets and business, and furthermore there is more business and industries between Bullards Ferry and Parkersburg than any place on the lower Coquille River and it can't even boast of having a road or an outlet except by water. This does not point to very much thrift or industry for the people who are residents of this community.

The party who is circulating the remonstrance is not known to even own any property in this community whatsoever, and I do not see why he takes so much of his valuable time to remonstrate against those who live here and have lived here for so many years and own property.

Constipation, if Neglected, Causes Serious Illness

Constipation, if neglected, leads to almost innumerable complications affecting the general health.

Many cases of typhoid fever, appendicitis and other severe diseases are traceable to prolonged clogging of the bowels. Regarding the effects of constipation, C. E. Ayers, 6 Sabin St., Montpelier, Vt., says: "I was afflicted with constipation and biliousness for years, and at times became so bad I would become unconscious. I have been found in this condition many times. Physicians did not seem to be able to do me any good. I would become weak and for days at a time could do no work. Not long ago I got a box of Dr. Miles' Laxative Tablets, and after using them found I had never tried anything that acted in such a mild and effective manner. I believe I have at last found the remedy that suits my case."

Thousands of people are sufferers from habitual constipation and while possibly realizing something of the danger of this condition, yet neglect to long to employ proper curative measures until serious illness often results. The advice of all physicians is, "keep your bowels clean," and it's good advice.

Dr. Miles' Laxative Tablets are sold by all druggists, at 25 cents a box containing 25 doses. If not found satisfactory, your money is returned. MILES MEDICAL CO., Elkhart, Ind.

Meals on Time

A good oil stove gives full heat just as soon as it's lighted. There's no waiting for the fire to catch up or the oven to heat. Meals can be started later and still be served right on time. That means less work and less time in the kitchen.

New Perfection OIL COOK STOVE

burns kerosene, the clean, cheap fuel and gives an intense heat that can be regulated just as you want it. It does all sorts of cooking and baking just as well as a wood or coal stove—and without tainting the food. Don't cook in a hot kitchen this summer. Don't lug coal and wood and ashes. Get a New Perfection. It saves all this trouble and it's economical, too. Ask your dealer for the New Perfection.
