## DO YOU KNOW THAT

Oregon is the only state in the

Union that ever reduced the number of its Normal schools?

Only five states in the Union have a smaller equipment for normals than Oregon would were all three of its schools running?

Oregon's schools must find over 1,000 new teachers each year?

Eighty per cent of the applicants for teacher's certificates in Oregon last year had received no training above the eighth grade?

The Southern Oregon State Normal was successfully conducted for fourteen years until the legislature dead-

locked over the regular appropriation. It has a plant ready to open up tomorrow, sufficient to meet all requirements for several years?

Not one of Southern Oregon's counties has an educational institution to which the state contributes a dollar of support?

To the average real estate taxpayer of the state this school will mean less than 2 cents per year? To the man with property assessed at \$4,000 it means the price of one cigar a year.

Vote for the Southern Oregon State Normal School, General Election November 3, 1914. (Paid Ad.)
