AVERILL'S

Haberly Discusses Measures

(Continuation of the discussion of constitutional amendments and measures, by A. Haberly.)

To Abolish State Senate

Answer—No.
The bicameral or double chamber system of legislation is an integral part of representative government. To abolish the senate would destroy this principle, and remove a check or balance against ill-considered or vicious legislation by the lower house of our legislature. Better give the governor the power to veto single items or parts of bills passed, but keep the senate—the safety valve of our legislature.

To Create a Department of Industry and Public Works

Answer—No.
This bill nicknamed the "hobo bill" apparently has some merit in that it would provide work for any unem-

ployed at \$3.00 per day, but it is too radical and unreasonable in its provisions, and if enacted would draw tramps from everywhere to Oregon. Then too, it would be an injustice to one class of estates. A law should be fair, and the burden of taxation should be fairly and equally distributed, with the distinct principle that the honest industrious poor should always have first consideration. This bill puts a premium on loafing.

Primary Delegate Election Bill.

Answer—No.
This is our old corrupt party boss convention or assembly coming back with a new name. This bill would destroy our primary system and cost the tax payers thousands of dollars to help the bosses get back into power.

In conclusion I wish to thank the editor of the Bandon Recorder for

the privilege granted me in discussing these bills and measures through your paper. It was not so much my purpose to advocate the adoption of some and the defeat of other measures as to get the voters especially that large class, the ladies who vote for the first time on state issues this year, to read up and thin cover these bills and measures. This itself will be of immense educational value and will enable them to exercise the franchise with intelligence and judgement. If I have in even a small way contributed to this end, I shall feel amply rewarded for my effort. A. HABERLY

TIMBER VALUATION CUT OVER HALF A MILLION

The Board of Equalization, consisting of the county assessor, county judge and county clerk, met Wednesday to take action in regard to the petitions to have the valuation of the standing timber of the county reduced. What the lumber companies requested was a reduction of 25 per cent in the assessment of all standing timber of the county. This was not granted, but the board by a vote of two to one did cut the valuation in the first four ranges—that is for all the lands lying east of this city. In Range 9 a cut of 10 per cent was made; in Range 10 the cut was only 5 per cent. Again in Range 11 there was a reduction of 10 per cent a dnin Range 12 of 5 per cent. These reductions bring the figures back exactly where they stood last year, after the equalization had been made.

The aggregate reduction these cuts make from the total valuation as returned by the assessor is just about \$575,000.

A few other changes in valuation of other real estate were made, the principal one being a cut of 20 per cent in the figures of the business property on Front Street, Marshfield, from Central Avenue north. This takes \$55,700 off the tax rolls. Some lots in Bay City were also reduced.

Paul Dimmick, of North Bend, had been called as a witness to the present value of lumber and testified to having made a large purchase at about \$2 per thousand.

Among the representatives of the lumber companies who appeared before the board were George W. Marshall for the Weyerhaeuser Land Company, Gus Adelsperger for the Smith-Powers interests, and C. H. Lint of Portland, for the Oregon-California railroad.—Coquille Sentinel.

METHODIST CHURCH

Sunday School, 10:00 a. m.
Public Service, 11:00 a. m.
Evening Service, 7:30 p. m.
Mid-Week Service, Thursday, 7:30.
All those who do not worship elsewhere are invited to come with us.

Passed by the National Board of Good Dressers

Styles for all ages, all tastes all shapes and every one bearing the O. K. of approved fashion.

Endorsed by good dressers everywhere. Made for the 63 out of every 100 men who want to dress well at a medium price.

Styleplus \$17 Clothes

"The same price the world over."

When the great American public from Maine to California puts its stamp of approval on one suit of clothes it ought to be worthy of your consideration too.

STYLEPLUS CLOTHES \$17 have earned this honor. Unless you intend to pay more than \$25 for your suit or overcoat you can't afford to pass by this opportunity. The least you can do is to look.

Scientific manufacturing in a big plant on the one quality policy is the reason why STYLEPLUS looks better and is better than the price. Suits and overcoats both guaranteed.

Every style, every size.

Specials for young men.
