Proposition to Establish New Water Supply on Little Creek
And to Buy a Fire Engine to Come Up Before City Election to Be Held Next June

Voters of Bandon have an opportunity of bonding the city for the purpose of expanding the water system and purchasing a new fire engine for the city. A special primary election is to be held on Tuesday, May 1, at 10 a.m. for the purpose of voting on these propositions.

The proposition to establish a new water supply would provide for the construction of a dam and reservoir on Little Creek, with a new water supply system to serve the city. The cost of this project is estimated at $50,000.

The proposition to purchase a new fire engine would provide for the purchase of a modern, powerful, and reliable fire engine to be used by the city's fire department. The cost of this project is estimated at $15,000.

Voters are encouraged to cast their ballots on these important issues to ensure the growth and development of the city of Bandon.

The Special Council Meeting was held Tuesday, February 9th, at 2 p.m. at the City Hall. The following agenda items were considered:

1. Approval of Agenda
2. Approval of Minutes of the January 26th Meeting
3. Adoption of Ordinance No. 2021-01

The Council authorized the issuance of a permit for the construction of a new water reservoir on Little Creek. The permit was issued to Mr. Johnson for a cost of $5,000.

The Council also authorized the purchase of a new fire engine for the city. The engine was purchased from the Bandon Fire Department for a cost of $12,000.

The Council approved the appointment of Mr. Smith as the city's new water and sewer superintendent. Mr. Smith was a former employee of the city and was familiar with the operations of the water and sewer systems.

The Council discussed the need for additional fire hydrants in the city and approved the purchase of ten new fire hydrants for a cost of $2,000.

The Council approved the application for a loan from the state to fund the construction of the new water reservoir on Little Creek. The loan was approved for a cost of $35,000.

The Council approved the budget for the upcoming fiscal year. The budget was presented to the council by the city's finance director.

The Council approved the annual report of the city's water and sewer systems. The report was presented to the council by the city's water and sewer superintendent.
