After some slight rest and attention to pending matters, Judge Coke will take up the regular equity which will probably take the greater part of August and will be scarcely more than concluded in time to hold the August term of court in Curry county. It has been announced that for the September term, Judge Coke will exchange work with Judge Skipworth of Eugene who will come to Coquille to preside while Judge Coke will conduct the Lane county session.

Attorney G. T. Treadgold received a telegram today from Salem announcing the decision of the supreme court in the case of the First National bank vs. Manassa & Son in favor of the former. This suit settles an important point inasmuch as it was decided on the point that the National bankruptcy law is superior to the state laws. Manassa & Son made an assignment in favor of certain creditors. The bank brought suit on the ground that this was in violation of the national law and the supreme court upholds the contention.

Change of the eight steamships of the Dollar line to British registry will be made, it is stated in shipping circles, because of the new Seaman's bill, which goes into effect the first of July. Two of the Dollar ships, the Bessie and the Hazel Dollar have been on Coos Bay for cargoes.

The Dollar boats employ almost exclusively Chinese crews. The hiring of American sailors, it is said, would amount to a difference of thousands of dollars to these ships annually.

The Hazel Dollar which came here had 35 Orientals aboard. The average wage is said to be about \$10 a month. In many cases they board themselves. American seamen refuse to sign "deepwater" off this coast for less than \$25 a month and board.

Captain Dollar is now in Vancouver British Columbia, to see about a change in registry. Five of the eight ships are under the American flag—Coos Bay Times.
