Remarks by Mr. Rushton

Joseph Rushton, an English socialist gave the last of a series of four lectures at the Latter Day Saints church Wednesday night. "Team Work" was the subject of his lecture and he preceeded it with a scriptural reading and based his lecture as a sermon. He waxed eloquent on the virtues of self restraint and instanced a local political gathering which was held as a picnic where a faction developed and one side took one side of the street and the other side the other and said nothing could be accomplished by that kind of team work.

He instanced the Irish people which had developed strong individuals; It had produced great soldiers, great orators, great jurists, painters and poets, none greater, but through lack of team work it had never had influence as a nation.

He spoke of the soldiers who had returned to England after the Napoleonic wars, how they had sacrificed for the common good and on returning home their taxes and rents had been raised by the stay at homes and they had the privilege not only of doing the soldiering but of footing the bill as well. He instanced a Kentish town where on a mural decoration there were a number of figures, a king, a bishop, a judge, a soldier and a plain man. Under the king was inscribed: "I rule for all"; under the bishop, "I pray for all"; under the judge, "I expound the law for all"; under the soldier, "I fight for all"; and under the common man was inscribed, "I pay for all."

Athletic Club Opening

Smiling Dutch who came to Bandon about a month ago to arrange a match with Lutsey against a San Francisco wrestler, has made up his mind to stay with us. He has rebuilt the interior of the Lorenz building upstairs and transformed it into a gymnasium and general athletic club rooms. The center of the main room is taken up

with a ring and wrestling mat and seats for spectators are arranged for. He has also equipped the rooms with hot and cold shower baths, a rubbing room and a dressing room. He also has a reading room, a card room and an exercise room in which is found a punching bag, and other forms of exercisers.

Dutch plans to open up these rooms with a grand opening next Saturday night and has arranged the following program:

Wrestling match between M. G. Lutsey, champion of Curry County and Jim Wilson, the 18 year old wrestling wonder.

The special event will be furnished by Geo. Sutton, the new champion of Port Orford and Frank Norton of North Bend, both wrestlers.

The last event of the program will be a four round boxing match between Vane Garten and Mid Jorgensen.

Dutch has made a big effort to get the best he could possibly get and promises the sports a good time at his grand opening.
