What will probably be the last cattle drives that will be made over the Middle Fork or the Brewster Valley roads out of Coos county to Roseburg to get the "beef stuff" to the Portland market, were made from the Myrtle Point Section last week. Before the marketing time next fall it is very probably that the Willamette Pacific railroad will be completed and the stock may be loaded near their range and be shipped direct to Portland on

Three bunches were driven out to Roseburg last week. One lot containing 150 head belonging to W. T. Dement and J. C. Warner was taken out via Brewster Valley, while two others droves, one of 135 head belonging to Ray B. Dement and another of 85 head

by way of the Middle Fork route-Myrtle Point Enterprise.

With the ... ew of determining the cause for the heavy fire losses since the first of the year Insurance Commissioner Wells is writing to all fire insurance companies in the State asking them to furnish him with their net losses from January 1 to August1. He asks that they classify the losses whereever possible. According to the insurance commissioner, the losses have been so extensive during the year

that a number of insurance companies are reluctant to write further business He hopes that by obtaining the net loss of all and a classification of it, he will be able to ascetain the cause and

aid in solving the problem.

The editor of the Herald has been pretty well off duty for the past sever- a large and wealthy company of San al weeks, but is getting much better at present, and will be able to take started in the spring. At different hold of his work again about as usual times gold has been panned from the or nearly so, in a week or more .--Monmouth Herald.

Judge J. P. Kavanaugh and son Nordert, after spending a delightful vacation visiting Mr. and Mrs. E. B. Thrift and family, departed Sunday in Mr. Thrift's new auto, accompanied by Miss Jeanette Gibson and two Misses Thrifis for Coquille.

O. P. Haagensen, departed Wednesmill for the Imman mining company.

On their complaint that their property is not in that watershed the Simpson Lumber Co., Dennis McCarthy, the Merchant estate and the Southern Oregon Co., have filed joint suit in the Circuit Court to restrain the Port of Bandon from collecting taxes from

them for support of that port. George McCullough of Haynes In-

of the United States close home and is spending a few days in Gold Beach and will visit Brookings, Crescent City and Eureka returning by boat to Marshfield and home.

Cliff the 15 year old son of Geo. B. Miller accidentally shot himself in the left leg yesterday. He had found an old 22 caliber pistol which was broken. He oaded it and tried to fire it but it fell apart, so he placed acartridge in it and started to wire it together when it was discharged, the bullet taking ef fect in the leg, midway between the tnee and the hip. Dr. Dunlap who was

called to dress the wound says the pa tient is getting along nicely and does not think it will be necessary to remove the bullet.

The new bridge at Gold Beach is completed and the approaches graded to such an extent that travel goes ov belonging to Max Dement, went out or the bridge.

The Ladies Commercial Club expect to commence the foundation of their new building in a few days.

According to the records of Rev. Hoyt who has charge of the government weather bureau the lowest temperature was 45 degrees and the highest 72 degrees last month.

Mrs. Edna Tompkins of North Bend is visiting her father, J. A. Huntley in Gold Beach.

Deputy Fire Warden Charles E. Wilson is kept busy looking after fires in different localities. He reports everything under control now. The most serious fire in his district was at Myers Creek.

The bed of Rogue river and the sand of the ocean beach at the mouth of the river are to be dredged for gold by Francisco. The work will probably be rivers and beaches and in fact that is the way Gold Beach got its name. For

some time past tests have been made of these sands and is has bee nfound that they carry something like 30 cts worth of gold to the ton and the only way such small values can be saved is by dredging on a large scale.

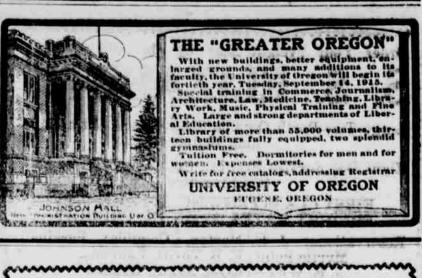

The tests have been satisfactory to the San Francisco men who are of large wealth and it was decided t

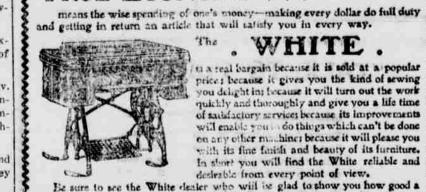

work the grounds on a large scale. One of the largest types of gold

dredges will be taken there in the Spring. The sand and gravel of the river beds can be handled in such large quantities that it will be profitable.

From Langlois Leader Cope Brothers have their new upto date dwelling nearly completed.

They are installing an uptodate water system which will make their new let has gone to Curry county where he home an ideal one. They have will be employed by a rancher named extensive improvements in bringing their dairy up to the standard and now tle infected with a strange and un- rank among the modern dairymen.
