SERVICE FIRST!

Annual repairs are now being made on our country lines. The main work is to replace broken glass insulators. Most of these are destroyed maliciously by young boys with rocks and old boys with guns. The public can assist in making "Service First" by refraining from this unnecessary destruction. The man who shoots off an insulator and puts the line out of commission may shoot himself a few minutes later and need the same telephone line to call a doctor. This is only one of a thousand emergencies which may arise with serious results to both the careless man and his innocent neighbor.

Death of One of Oregon's Pioneers

Richard Franklin Cox who was a resident of Oregon for more than seventy years died at the home of his daughter, Mrs. C. L. Foster in Bandon, Friday night, Sept. 30th, 1915. His death was due to a stroke of paralysis and his years were 73 in number with an additional 9 months and 12 days, having been born Dec. 18, 1841 in Platt Co., Missouri.

His parents crossed the plains to the Oregon territory in 1846. They drove ox teams which was the most common way of travel in those early days and they suffered many hardships as well as braved dangers on the road. In the course of events they reached what was known as Trauleton plains. Here owing to the inclemency of the weather they were compelled to camp until the following spring when they resumed their journey. They arrived at Red Prairie in April, 1848. This part of Oregon which is now known as Polk county was where they built a home and Mr. Cox grew to manhood among the early settlers of the Willamette valley.

In November, 1863 he was united in marriage to Miss Lucy Lynch and two years later, in the fall of 1865 the young couple immigrated to Curry county. There they settled on the Sixes river. This part of Oregon was at that time a rough, unsettled country. Bear, cougars and wild cats were common and large herds of elk and deer grazed on the hillsides. The writer of these lines has heard Mr. Cox say that in those early days the elk and deer seemed to show less fear of man than of the wild beasts of the jungle and stayed near the settlements for protection from their more deadly foes of the forest. Mr. Cox spent the greater portion of his life in Curry county and very materially assisted in converting this southwest Oregon country from a wilderness to a well settled and beautiful country containing some of the finest dairy ranches and homes.

He was the father of eleven children nine of whom survive him, namely, Mrs. Genia Chandler, Mrs. S. J. Wilson, Mrs. G. E. Wilson, Mrs. C. L. Foster, Mrs. W. T. Allen, Mrs. Agnes Davis; the sons are William, Cecil and Leander, all of whom are residents of Coos and Curry counties. The funeral services were conducted by Rev. A. B. Reese, pastor of the 1st Baptist church, Bandon and the remains were laid to rest in the cemetery at Denmark, accompanied by a large concourse of friends and acquaintances.

Down to the white silent city,
'Tis a road that we all must tread
Down through the valley of Jordan
But there's nothing my spirit shall dread.

For up from the valley of Jordan
When we have crossed to the other shore
On the Mountain of Transfiguration
Is glory for ever more.

The cash for the \$30,000 of city bonds, which has been held up for some time by various delays, has at last arrived and was in the hands of City Treasurer R. H. Mast yesterday. As will be seen by the notice in this issue, that official cash juggler is now repaired to meet all holders of city warrants with his head up and to redeem the city paper as fast as it is presented. This is good news, and the release of \$30,000 in real money in the business circles of the city ought to relieve the financial stringency to a noticeable extent—Coquille Herald.

SCHROEDER—McCUE — Saturday September 25, 1915, at Bandon, Earl E. Schroeder and Agnes McCue, Rev. Horsfall officiating.

Earl is one of Coquille's promising young men and his bride one of Bandon's popular young ladies. They will reside in this place. This news was overlooked in our last issue, but it is never late for congratulations so the Herald extends congratulations along with the young couple's many friends—Coquille Herald.

The Grand Lodge of Knights of Pythias which convenes in Portland today will have a shadow thrown over it because of the death of L. R. Stinson of Salem, Grand Keeper of Records and Seals of the order which occurred at Salem just a week ago. Stinson is reported to have taken his own life while suffering from a nervous breakdown. Stinson was one of the most widely known lodge men in this state and had a circle of acquaintances that extended from ocean to ocean.

W. M. Lewis who has taken a lease on the Bailey place for a term of years moved his family to town Saturday and three of his children will start school Monday morning.

Mrs. Angeline Hawkins has purchased a house and lot in town and will move her family here in the near future that her children may take advantage of our excellent schools.

D. M. Moore finished the grading of the road to Bagnell ferry and moved his camp back to town Saturday evening. He has two bridges yet to build when the road will be finished.

After a two months visit at Seattle and other points in Washington, Mrs. Geo. Henry and daughter Ella returned Friday. They report having had a fine trip and a good visit.

Samuel Malehorn of Langlois, after several years absence returned a short time ago to his old haunts to become a permanent resident once more of Curry County. He is in company with Ed. Cheever was in town Saturday night. They are now camped at Hunter's creek hunting and fishing a few days.

The Gold Beach Drug Store changed hands the other day. Oscar Miller is now the owner and proprietor, who will continue in the drug business, and also carry a complete line of goods furnishing goods. Mrs. Knorr the former owner will spend the winter with relatives in Wisconsin and will probably return to Gold Beach in the spring.

While hunting on Myers Creek Sunday morning, Geo. B. Miller reports seeing four elk; one cow, calf, yearling and an eight point buck. There is known to be a band from sixteen to thirty head of elk ranging between Pistol river and Hunters creek which if let alone, as the law commands, will rapidly increase in number.

Roy Dixon started Monday morning for Bray's Mountain on the head waters of Sixes river to locate a ledge of antimony. The ledge was discovered many years ago by Mr. Dixon but the ore at that time had very little commercial value. The European war however has caused a demand for this kind of material as it is used in explosives, ammunition, etc. Mr. Dixon will take his grub and blankets on his back and go straight through the mountains.

Last week the Tribune reporter failed to chronicle the arrival of a brand new baby boy at the home of Mr. and Mrs. Carl White in Port Orford Sept. 22, 1915. We extend our apologies to the little fellow for having delayed the announcement of his arrival.

Three of the gasoline boats, the Roamer, Rustler, and Standard, were in our harbor Monday bound from Coos Bay to Rogue river. The Ramer also carried a consignment of freight for this place. She and the Rustler handle the business of the Wedderburn Trading company, while the Standard is on the run for the Seaborg company.

Mrs. J. H. Zumwalt, Ray Zumwalt and Ernest Lutsey went to Coos Bay the latter part of last week where they took a steamer for San Francisco. Mrs. Zumwalt will spend the winter in California, while the young men went down to take in the Fair. J. H. Zumwalt accompanied the party as far as Marshfield returning to Port Orford Monday. When coming down the coast from Bandon Mr. Zumwalt said that his party saw a large panther in the road near Four Mile.

The Music Bros., who have been prospecting for some time on Rock and Boulder creeks, were in town the first of the week and after laying in a supply of provisions returned to that section for further investigation. They say that while many prospectors have been in that region during the summer yet, so far as known, no big strikes have been made. Little is being done with the J. R. Smith property, which received much publicity last winter over the reputed rich strike made there by Mr. Smith and his son, Owen. The Music Brothers are rather skeptical over this strike ever having been as rich as reported, although they believe there are good possibilities in the Bonanza basin country as well as on Rock creek.

Keep The Kidney's Well

Health is Worth Saving and Some Bandon People Know How to Save It

Many Bandon people take their lives in their hands by neglecting the kidneys when they know those organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers.

The following statement leaves no ground for doubt.

J. M. Jones, 1054 Conklin Ave., Grant's Pass, Ore., says "I suffered for quite a while from symptoms of kidney trouble. I tried several different remedies but I was not helped until I used Doan's Kidney Pills. They greatly relieved me. The action of my kidneys was regulated and the aches, pains and lameness left me. Since then my health has been fine."

Price 50c, at all dealers. Don't sin, ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Jones had. Foster-Milburn's Props., Buffalo, N. Y.—adv.

The eastern mail is due to start out hereafter at 5:30 p. m. but as the Bandon mail comes up at that hour to go out with the Coquille mail, in order to insure that letters will go out the same day they are mailed they should be in the postoffice not later than 5 o'clock p. m. The winter schedule gives 27 hours between here and Roseburg so that the mail which leaves Roseburg at 6 a. m. one day is not late here until 9 a. m. the next day, though it usually gets through a good deal earlier than that—in fact always does except in case of some extraordinary delay.

Mail for Myrtle Point Bridge and other county postoffices southeast of here leaves and arrives with this eastern mail. The railroad for Myrtle Point and Powers should be in the office here by 11:20 a. m. for the train leaving at 11:52. The railroad from these points is due here at 4 p. m.

For Marshfield and North Bend the mail for the morning train should be in the postoffice here by 8:10 for the train that leaves at 8:45 and at 3:20 p. m. for the train that leaves at 4:00 p. m.

Mail is due from the bay points on the train arriving at 8:30 and 11:52 a. m.

The mail for Bandon closes at 8:35 p. m. and is due to arrive at 5:00 p. m.

The Norway and Arago mail by river boat closes at 12:45 p. m. and is due to arrive at 11 a. m. but usually gets in much earlier by the Myrtle.

Mail for Summer and McKinley goes out from Marshfield on Mondays, Wednesdays and Friday by stage from Marshfield and should be in the first mail here on those days at 8:10 a. m.—Coquille Sentinel
