Bandon Students at State University

Bright Boys And Girls From Coos County Making Mark at Eugene School

Coos county with fourteen students well represented in the student body of the University this year. Those registered from Coos towns are Ray N. Avery, Raymond Burns, Louise Clausen, Leta Mast and Ruben Mast of Coquille; Pearl Craine, Ernest Watkins and Ernest Wilkins of Bandon; Frances Golden, Charles Haines, Lucy Powers and Max Reigard, of Marshfield; Dalzel King and Harry Miller, of Myrtle Point.

Raymond Burns is president of the largest freshman class the University has yet seen; Ernest Watkins is manager of the 1917 Oregonian, the college year-book; Max Reigard is connected with the staff of the Emerald, the college tri-weekly; and Dalzel King is prominent in debating circles and is taking a post graduate course in the new law department.

The Registrar's rolls show an increase of 10 per cent over the number enrolled at the corresponding time last year. It is the belief of Dr. John Straub, dean of the college of liberal arts, the mid-year entering classes will add 100 more. The University has adjusted the curriculum so that mid-year students have a broad field from which to choose their respective courses.

That the trend of modern-day education is to the more practical subjects is indicated by the number of students who are taking courses in the departments of commerce, architecture and journalism.
