Geo. Dafeo is here from Detroit, Mich. to look after his mining interests in this vicinity.

P. J. Rasette came down to Bandon from Prosper on a business trip Monday.

J. S. Capps and son, Ed were up from Denmark on business yesterday.

Chas. S. Kaiser was over from North Bend yesterday.

The steamer Bandon which has been loading with ties for the Estabrook company expects to leave in the morning.

Don't forget to see that remarkable Fox Feature "Dr. Rameau" a powerful Drama in five acts, shown at the Grand next Friday, February 4th.

J. L. Kronenberg is to leave on the Bandon and a farewell dinner was given to him by Mr. and Mrs. E. Lewis last Sunday evening. Mr. and Mrs. Guy Dippel were invited to help fill out the table and they spent a pleasant evening.

The Elizabeth left last Thursday with the following passenger list: J. E. Walstrom, Lee Hardy, and wife, J. McIntosh, A. Simmons, wife and child, Chas. Cline.

Marshfield is to have its annual banquet Wednesday night of this week and business men of Bandon are invited to be present.

Wesley Bean of Riverton spent Saturday night in Bandon.

In the future Al. Garfield will handle the Ford automobile as well as the Studebaker for Southern Coos and Northern Curry counties.

Ed Ohman came in from Bear Creek Tuesday morning to take passage for the county seat.

Mrs. Schofield was very sick last week following the birth of her little daughter but is some better at present.

Mr. and Mrs. Houser of Sumner came to Bandon this week to spend a week with Mrs. Houser's sister, Mrs. Harry Allen.

C. F. Pape was in Marshfield Saturday and Sunday and attended the meeting Saturday night of the Knights of the Grip and had the usual high old time.

Mary Pickford the famous players star and most popular screen actress in America will be seen at the Grand next Thursday in "Little Pal" a romance story of the Frozen North. A real feature you cannot afford to miss.

Bert Lockhart was over from the bay today on business.

The library board meets tonight in the library at 8 o'clock.

Geo. Windsor expects to leave within a month for Algoma in the Klamath Falls region where he has a job as a saw filer. He worked in that section within the past year.

We are spending lots of money for coal to keep the Grand theater nice and cozy during these frosty evenings. Steam heat for your comfort and a bill of pictures each night that is not excelled by any Theater in Oregon. Drop in and enjoy yourself.

The place that pays you to investigate is the Square Deal, op. Grand Theater. The shoes we sell are absolutely guaranteed to be solid leather and prices lowest in town. Shoe repair shop in connection.

C. B. Zeek, went to Coquille today and will return Thursday.

J. Sidman, a former resident of Bandon died at the county poor farm at Coquille last week. He had a cancer on his face and was in the neighborhood of 65 years of age. Deceased was an Odd Fellow, a member of Blackwell Lodge of Ridgely, Oklahoma and was buried by the Coquille fraternity.

Geo. Dafeo of Detroit Michigan returned to Bandon last Saturday, after several months absence from here, and stated that there was not an idle man in that state who wanted to work that you could not tell from the dress of the wives and woman on the street whether they were of a laborer's or millionaire's family and that most all of them lived well and enjoyed many of the luxuries of life.

Registrar C. B. Zeek has registered about 400 of the voters so far, and claims that the Republicans are far in the majority, in fact after first claiming about 99 2-3 per cent, but later qualifying the statement by saying it was about 3 to 1 Republican, with no Progressives to be found.

Against Mr. Zeek's discoveries the registrar at Port Orford, after registering 23 voters found 21 Democrats, 1 Republican and 1 Socialist.

Jas. Walstrom is in San Francisco on a business trip.

The new semester of the Bandon schools commenced yesterday. Miss Aura Jameson a high school senior, of Riverton, will make the trip each day on the boats from her home, and return, after attendances upon classes beginning with this semester.

"Neal of the Navy" is a wonderful serial story in fifteen chapters guaranteed to contain more surprises, suspense and unlimited action than any continued picture ever shown. It begins Wednesday, February 9th. Watch for further announcements.

You can get a combination of style and service in shoes also much more for your money than anywhere else in town at the Square Deal, op. Grand Theater. Satisfaction guaranteed. Shoe repair shop in connection.

W. J. Sweet visited up the river Sunday.

Cecil McAdams, an instructor in music in the college of Idaho at Caldwell in that state, who has been spending the past month visiting with relatives in Bandon started on the return trip last week. Miss Elsie Wolf, his cousin, will accompany him in the hope of improving her health.

Mrs. A. S. Elliot and children leave this week for Spokane Wash., where they will stay until summer time visiting with relatives. It will be the first time in half a dozen years since Mrs. Elliot has visited her home town. The children having finished the semester here will take the balance of the year in the schools of Spokane, Chas. recently underwent an operation by which he had his tonsils removed and it is hoped the change of climate will improve his health.

The Vitagraph Blue Ribbon Feature The Islands of Re-generation will not be shown next Wednesday owing to delays in transportation. A future date will be announced later.

Chas. Felter, son of J. A. Felter was one of the passengers to return on the Elizabeth last week. He has spent the summer on the battleship Oregon in San Francisco harbor, having been one of the crew of that boat when she made her memorable trip around the horn.

The Coos river creamery has discontinued making butter and started to making cheese. The management claims that cheese is the most profitable product and expects to increase its supply of milk.

The council having made a second decision relative to the height and arms of the official lamp post, the local foundryman, W. F. Rogers is at work splicing additions to the posts which are to adorn First street from the Ellington building to the K. P. block and also on First street west from Cleveland ave. Had it not been that a part of this work was already done and material on hand it is not likely that the local foundrymen would have undertaken to compete with the lighter work of the San Francisco manufacturer.

E. S. Tuttle formerly with Rasmussen Bros. and Tuttle has gone to Walla Walla, Wash., to visit with his parents.

Ever hear or read about Get Rich Quick Wallingford? Well you can see him in a series of two reel comedy features at the Grand Theater beginning Wednesday February 9th. These pictures are different from others, full of clever comedy, snap and pep. Look for Wallingford and enjoy some real comedy.

#### High School Defeats All-Stars

The first game of the city championship series between the Bandon high school and All Star basket ball teams at Dreamland pavillion Saturday night, resulted in a victory for the high school. The All Stars played a fast game and kept the ball in constant motion. Likewise the high schools. It was cold and the science of playing was at times secondary to the science of keeping the blood in circulation and warming up.

The high school boys led all through the game although the score was tied at the end of the first half it did not remain tied long and the concluding score was 23 to 16. The high school boys team work and practice told and they usually managed to keep the ball in the vicinity of their basket.

Leslie Pullen was out of the high school line up because of the grip but Armstrong made a good substitute, the balance of the team for the night being I. Pullen, Webb, Gallier and Johnson. For the All Stars, Windsor Chathurn, Harvey, Shumate, and Stoltz did good work, the latter retiring at the end of the first half, replaced by H. McNair. Ernest Hoak refereed the game and Ray Watkins officiated as umpire.

Good, Cooking Apples; from 49 cts a box, up. Also Sweet Cider. Lough's Variety Store. Rev. Lingenfelter returned Sunday from a trip up the river.

## WET WEATHER IN THE SOUTH

### M. G. Hohl Writes of Floods And Wash-outs at San Diego

San Diego, Cal., Jan. 20, 1916 Editor Bandon Recorder: You inform your readers that weather in Coos county has been quite old fashioned of late. Well, we living here at present, formerly from Coos county endeavor to write of something new from here.

January 16th, the tail end of your usual weather switched about and with the fury of a hurricane gave us what we were not looking for.

From Sunday p. m. to Monday evening, say a day and a half we have had rain to the amount of 5 inches. But it did not stop at that time but continued and on Wednesday evening a heavy thunderstorm passed over the county, since which the greatest fury of the storm has abated and only showers are falling. It is easy to talk of it but to understand the full meaning I must give a few of the results.

The railroad from Los Angeles is very badly broken up and as we have all the wires broken down no one knows what are facts or has got the present newspaper disease of reporting untruthful stories.

It is reported that the Santa Fe railroad is injured to such an extent that it will take considerable work to repair it. We have had no mail since the storm was at its height. The San Diego & Eastern railroad has been put out of commission and miles of track washed away.

The flood was made worse because all the mountains were covered with snow and the warm rain melted it all adding to the torrents.

Along the upper San Diego river, rich bottom land has been washed away, cattle, horses, hogs and other live stock drowned. It is reported eight bridges were washed away; among them the long bridge across the Sweet Water river. Mission valley is said to have suffered greatly.

Sunday, before noon to look for some business in the neighborhood of El Cajon, I paid a visit to the farm of A. Lamb and wanted to visit Hollenbeck's; both formerly of Bandon. However, the rain held me fast, not even giving me the chance to visit the Hollenbeck's living only a mile away. Despite this inclement weather the visit was enjoyed. The larder of Mrs. Lamb was well stocked with fruit, and watermelons and cantelopes were still on the vine. These delicious eatables made us forget the outside and between eating and family games we passed the time nicely enough. I returned without accomplishing my plans this morning.

Since I began to write several days have passed and the weather has improved greatly. San Ysidor suffered greatly in the storm. The news is also announced of a cloudburst along the Yuma river which has done damage greatly in excess of any former bad weather. I will write more in the future as I find more to report.

Until then, with regards,  
M. G. POHL

#### Troubles of Book Dealer

School book dealers in Bandon are in trouble again. They ordered books for the new semester but as the trust regulations compel them to buy in Portland the books are now in the grip of our extraordinary freight facilities with that city. They missed the Kilburn or were left by the pressure of other freight and in a fatal hour were put aboard the Patsy. Where is the Patsy? Somewhere between Bandon and the middle of May. In the meantime the school children have been doing a thriving second-hand business with one another.

I hereby announce myself as a democratic candidate for County Clerk subject to the action of the people at the Primary in May. J. W. ODDY

## DAIRY RANCH TO BE DEDICATED

### Big Doings at Geo. Laird's Ranch at Riverton, Thursday, February, 3rd

You and your friends are invited to attend the Farmers' Frolic next Thursday, February 3rd, 1916, 10 A. M. to 3 P. M. at Geo. P. Laird's big new barn near Riverton. Wear your biggest smile and bring your basket of eats.

This is going to be a good "Get Together" of all the farm folks in the Coquille Valley from Myrtle Point to Bandon, so don't miss it.

Mr. Geo. P. Laird, owner and Mr. M. G. Lutsey, superintendent of the ranch are going to throw the pace wide open for you to have a good time. You will be interested in seeing their new, modern farm bungalow, the biggest and best equipped dairy barn in Coos County, and some registered Holsteins.

Mr. G. E. Myer and W. A. Barr, both of the U. S. Dairy Division and the Dairy Extension Service of O. A. C., will be there and give you some good talks on dairy farming, silos, feeding, breeding, etc. These men are both live wires and if you have any problems in your business that are puzzling you, shoot the questions at them.

There will be something doing all the time. Good music and free cigars. A tug of war between the upper river and lower river dairymen. A free-for-all rope climbing contest. A wrestling match between M. G. Lutsey and Geo. R. Johnson.

Special arrangements are being made for boat service, which will accommodate those who cannot connect with the regular boats in going and returning.

We hope to make this meeting the best thing of the kind ever pulled off in Coos County. Are you with us?

Geo. P. Laird, M. G. Lutsey, J. T. Jenkins, J. E. Belloni, J. D. Carl, Geo. R. Johnson, H. B. Warner, J. L. Smith Entertainment Committee.

#### Will Grow Alfalfa In Idaho

N. S. Dressler, who has been a visitor during the past two weeks with his mother Mrs. Blanche Faulds leaves on the next Kilburn for Idaho, near the city of Caldwell where he expects to make his future home. With an uncle he has bought eighty acres in the Gem irrigation project and expects to help develop it. His uncle is also postmaster in one of the towns on the project and runs a store there.

There are 27,000 acres on this project of which the state still owns 9,000 acres. Stockraising is the principal industry and alfalfa is grown as feed. They raise four crops of alfalfa a year, or about nine tons to the acre. The alfalfa during the past year sold for \$6.50 and \$7.00 on the ground. There are five inches of snow on the ground there at present and the weather has been as cold as 5 below zero, the coldest in many years.

It was in November, 1912 that Mr. Dressler left Bandon and for over 3 years he has been in the employ of M. A. Gunst & Co., cigar jobbers, wholesale and retail in Portland. He was a shipping clerk and resigned Christmas evening, leaving his work Jan. 15 to come to Bandon for a visit with his mother before leaving for Idaho.

Coos County commenced a foreclosure of delinquent taxes for the year 1909, against all delinquents and published same in one of the Marshfield papers taking several extra sections of the several issues of the paper to enumerate all of them. The law also requires that a copy of the summons be posted in the sheriff's office. It now appears that the whole thing may have to be gone through again, because the sheriff posted his summons not in his office as required by law, but on the bulletin board at the front door of the county court house. Lilljovist is investigating.

**REGISTER WITH C. B. ZEEK**  
Will Remain in Office Under Bank Hall, Two Days of Each Week

Will remain in office under Bank hall, next to Western World, Bandon, all day Wednesdays and Saturdays of each week. Other days of the week will be at the office part of the time, and Saturday nights until 9 o'clock, in order to give all a chance to register.

All foreigners must show their final naturalization papers or their father's final papers. All American girls married to foreign men must register under their husband's naturalization papers. All Bandon residents; must give their street and house numbers. All country residents must give the section, township and range in which they live.

Presets: All of Bandon, Two Mile Prosper, Parkersburg, Lampa and Riverton.

## We Have Moved

From the old stand on Second Street to the Laird & Low Building at First and Wall Streets opposite to Bank Bandon Building where we will be pleased to meet our patrons and new.

Hardware, Electric Fixtures and Plumbing.

### STARR-MAST Hardware Company

#### Credit Where Credit Is

A letter to the proprietors of Bandon creamery received week reads as follows:  
Baker & Allen,  
Bandon, Oregon.  
Gentlemen:

E. F. Zuern has been sentenced two years in the state penitentiary San Quentin Cal. I thank you for the complaint you did which assisted in convicting this unscrupulous son and stopped his fraudulent operations.

Respectfully,  
W. I. MADERI,  
Post Office Inspector.

As far as he knows, Mr. Baker the first man to give complaint to inspectors that started the ball in motion against Zuren, Mr. Baker first thought of bringing suit but investigated and found that a suit to recover the price of a ship of cheese had been lost to Zuren, terminated to take another tack. He profited from the fact that a small people who are bitten in a small will pocket their loss rather than complain for fear of being ridiculed by their neighbors. Thus vague cape prosecution.

#### ALCOHOL TEST WAS IN ERROR

### Marshfield Chemist Finds His Test Was Subject to Eccentricities

Reliance of Coos cider dealer the alcohol tester of Albert Jol has been poor judgement, in the belief of District Attorney Lilje and Justice Stanley. A fine of and costs was affixed in the case Charles Machon, of Coquille, was charged with selling cider containing more than the legal amount of alcohol. This was later reduced to \$35 by the judge.

Two samples of cider brought Powers by Charles Zimmerman tested by J. Lee Brown and taken from the Coliver News contained four percent of alcohol the other sample, taken from a dealer, was within the legal limit one half of one percent.

**Complication Arises**  
Now the question faced is a zling one. Inasmuch as Johnse the Coquille cider works has acohol tester and the dealers rely his test, it is not known whether the men charged with a "charged" cider can be prosecuted the full extent of the law.

The Machon case was brought forth at Coquille. One witness claimed that he had secured a "ful jag" on the hard cider and it was his first and his last.

**May Be Dismissed**  
Inasmuch as Sheriff Johnson ed Hark Dunham for a sample of cider, which contained too much alcohol, did not buy it, the chance that the charges against Dunham have to be dismissed.

The other three Coquille cases not be heard until Deputy S. Laird returns from Salem. He lected most of the evidence.

Warning has again been given local dealers that they must order that is strictly within the one half of one percent.—Coos Times.

Coming—Our first Golden Re Play entitled "The Spender" is powerful reels, next Monday Feb. 7th, at the Grand.

The school at North Bend gave admission to those attending the late in that city Friday night. The school board met the expense of that the value of these debates is per with any branch taught in school.
