

Dainty Perfumes Real Delight

The use of perfumes is a matter of so much personal choice that we make it a point to select our stock with many needs in view. No matter what your taste is, you will be pleased. They are really all dainty. Toilet waters too.

BANDON DRUG COMPANY

County News

At a recent meeting of the Republican County Central committee, held at Marshfield, Walter Sinclair of Coquille was elected chairman and J. S. Barton of Coquille secretary.

Final approval of the transfer of the government radio station from Cape Blanco to Marshfield has been made by the bureau of steam engineers of the United States navy. This information was carried in a letter received by the Marshfield commercial club, from Lieutenant E. J. Blankenship of the Pacific Coast Radio Station service.

Supt. W. F. Miller has been at Portland conferring with W. R. Scott vice president and general manager of the Southern Pacific system. He is quoted in a Portland paper as saying that passenger service out of Coos Bay to Eugene will be possible about the first of the year, by using a ferry service across the Umpqua river. The bridge at that place will not be finished before next spring.

Last week's corn show at Myrtle Point was a great success both in exhibits and attendance. The large

double storeroom on the corner north of the Myrtle Point hotel was devoted to the show, and the entries covered counters and shelving clear across the north side. There were 52 entries for the 10-car prize, 29 for the best bushel and 12 for the best yield on ensilage from one square rod.

Charles Hall, president of the Coos County Good Roads association, has returned from Salem, where he had been in attendance at the meeting of the state highway association with the hope of getting an appropriation for Coos county roads the coming year. Mr. Hall is very optimistic regarding the prospect of at least a \$15,000 appropriation for Coos county roads, which is to be spent under the supervision of the state highway association.

Thos. D. Guerin, received a telegram last Saturday from his brother, E. C. Guerin, stating that the City of Seattle, on which E. C. and wife and little daughter were traveling on their way to Juneau, was wrecked off Prince Rupert. Mr. Guerin and his family drifted about for several hours in a lifeboat and were finally picked up by a fishing boat. It has not been learned here how bad the wreck was. Chas. Guerin, who has just arrived from

Football Situation a Disgrace to American Colleges

By Dr. CHARLES A. RICHMOND,
President of Union College

THE football situation at most colleges is disgraceful. Fathers and mothers allow their sons to be exploited in the arena for profit, like circus performers or vaudeville actors. ACADEMIES ARE SCRAPED FOR ATHLETIC MATERIAL, AND INDUCEMENTS OF ALL KINDS ARE OFFERED TO PROMISING ATHLETES.

The big eastern schools spend upward of one hundred and fifty thousand dollars a year on football alone. The big teams spend seven or eight days of their time away from their studies when they are out of town and vastly more time in practice and lectures on football.

THE STADIUM OBSESSION IS PERFECTLY DISREPUTABLE. AT YALE, FOR INSTANCE, HALF A MILLION DOLLARS ARE INVESTED IN A STADIUM WHICH IS USED TO ITS CAPACITY AT ONLY ONE GAME IN THE YEAR. IN ORDER TO MAKE IT PAY THEY MUST KEEP UP THE PROFESSIONAL STANDARD.

Cheaper Than Home-Made
You cannot make a good cough medicine at home for as little as you pay for Foley's Honey and Tar, nor can you be sure of getting the fresh, full strength, clean and pure materials. Did you ever hear of a home made cough medicine doing the work that Foley's is doing every day all over the country? Orange Pharmacy.

Church of Brethren
Services every Sunday at: Sunday school at 10 a. m.; preaching at 11 a. m.; preaching at 7:00 p. m. Everyone cordially invited.—L. B. Verhaiser, Pastor.

When you buy coal from us you get Riverton Coal, the best and the cheapest. Get our special prices on 3 and 5 ton lots. Dippel & Wolverton. O28tf.

Juneau, says he heard nothing of the wreck enroute.—Myrtle Point Enterprise.

According to Judge Watson it is the expectation of the county court when the summons in county tax foreclosures is next printed to include the tracts in the land grants of the Oregon & California railroad and those included in the Southern Oregon company's holdings. These land grants are still on the tax rolls as the property of these companies; and the county court knows no reason why they should not go to foreclosure sale along with other delinquent lands to which the county has taken certificates.

George Craig has nearly completed the 27x29 foot addition to the hotel LeGagnon, at Powers, says the Coquille Sentinel. This is a two-story construction, the upper portion to be an extension of the sleeping room facilities which have been badly cramped for some time. The ground floor will be divided into a general lobby, with 3-inch leather upholstering settees and a ladies' lounge and rest room. At present the only rendezvous in Powers is the government building which became so congested recently that Uncle Sam's representative was compelled to explain in a quaintly worded Federal bulletin—"Why is a Post Office?"

Gus Heard, who lives with William Holland near Parkersburg, vouches for the following tale, according to the Marshfield Record: Wednesday night, shortly after two o'clock, a large rat which gained entrance to the Holland home, scampered across Mr. Holland's face while he was sleeping who, on arising found some of his outbuildings burning fiercely. It was bad enough to be scared by a rat for such an experience gives one a feeling of alarm and disgust but Mr. Holland forgave the rat as he was able to rush out and save his outbuildings and home. The fire had communicated from a pile of rubbish which had been left smouldering. It first caught in a woodpile which stood next to the pig pen which had a number of fine shoots in it. Had Mr. Holland slept 15 minutes longer, it was Mr. Heard's opinion the whole number of farm buildings within reach of the flames would have been destroyed.

Locating the Trouble
When one is suffering from back-ache, rheumatism, lumbago, biliousness, sharp pains, sore muscles, and stiff joints it is not always easy to locate the source of the trouble, but nine times out of ten it can be traced to overworked, weakened or diseased kidneys. Foley Kidney Pills have benefited thousands of sufferers. Orange Pharmacy.

Automobile Prices May Advance Soon

Price of Steel Becoming Serious Problem and Makers Are Considering a Raise.

Are you going to buy an automobile next spring? If so you'd better put in your order now.

Such advice coming from an automobile salesman would probably be passed up as simply a new selling point, nevertheless there is foundation for it just now, and those Bandon or Coos county folk who expect to enjoy the pleasure of a new '16 model, had better investigate for it may mean a saving to them.

Reports from the east are to the effect that the great demand of European countries on the United States steel manufacturing plants, in the making of war munitions, etc., is causing the price of steel to go out of sight. At the same time the auto manufacturers are busier than ever filling local and foreign orders. This great demand for steel is making the situation alarming and auto manufacturers are already notifying their agents throughout the country that a raise in prices may take place by the first of the year or by early spring. Some of the local auto agents received the information the past week. They were also informed that it may be impossible to fill orders later in the spring season, as the demand will be greater than the output.

THE MILL SHUT DOWN

The mill shut down, no work to do. There are many idle hands.

The reason why—they can't compete With goods from foreign lands. A higher wage they had to pay. Of course it built the town.

But low tariff brought in foreign goods.

That's why the mill shut down.

The mill shut down, most everywhere Sad faces you will meet;

In groups the mill hands gather Upon the village street;

No work, no pay, in fact no food, On each face there's a frown,

Cheap foreign goods have reached our shore.

That's why the mill shut down.

The mill shut down, most everyone, From childhood to old age,

The children, wives and parents All miss the weekly wage,

The grocer and all tradesmen, And everyone in town

Admit low tariff caused it all, That's why the mill shut down.

—J. L. Feeney, in American Economist.

Coming next Sunday, "The Woman," a sensational feature in five acts. This is a Paramount-Lasky masterpiece.

OPTIMISTIC AT COOS BAY

Local Man Says Mills Are Turning Down Orders for Future Delivery

Archie Kruse returned several days ago from a business visit at Coos Bay. He was quite enthusiastic over favorable prospects for the lumber business, having been imbued by the optimistic spirit which, he says, prevails at Marshfield, where it is claimed mills are turning down orders for future delivery because they are positive prices will soon take a decided advance.

Arno Meehan, general superintendent for the C. A. Smith people, has since returned from a visit to California points, and reports that the big mill will begin on a five-day-a-week schedule on December 1. For several months it has been operating but four days in the week.

Valuations of Ports and Cities of County

Assessor Thrift is quoted in the Coquille Sentinel as furnishing the following as to the assessed valuations in the cities and ports of this county, not including, however, the half million dollars worth of property of public service corporations to be assessed by the state tax commission:

Bandon	\$843,812.00
Coquille	594,815.00
Eastside	199,246.00
Empire	139,580.00
Marshfield	2,700,137.00
Myrtle Point	369,245.00
North Bend	1,190,336.00
Beaver Hill	51,690.00
Total	\$6,088,861.00
Port of Bandon	\$5,401,685.00
Port of Coos Bay	8,882,111.00
Port Coq. River	5,597,303.00

Total (ports) — \$19,882,099.00

One big Fox Feature Production will be the attraction at the Grand every Friday night, beginning with "A Fool There Was," the most powerful feature production in America today.

SOMEBODY LIED ABOUT MY BUSINESS.

While I was out of the city last week, a rumor was circulated that the state food inspectors had inspected my place of business and that I was fined \$50.

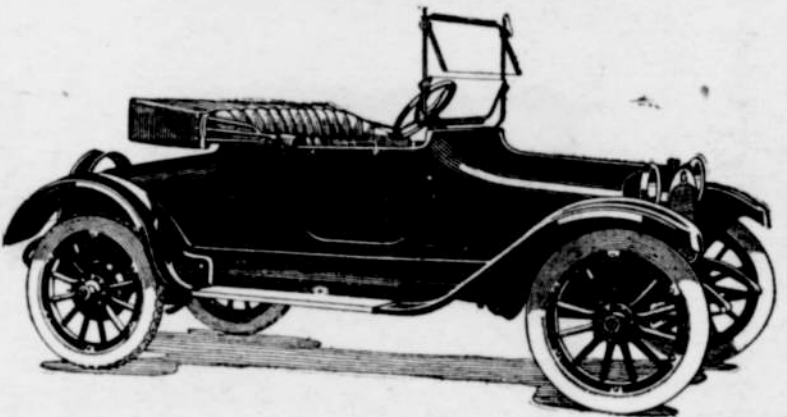

This rumor is absolutely without foundation and doubtless was started to injure my business. I wish to publicly deny it and should I find the source of the slanderous statements due legal proceedings may be commenced.

If inspectors visited my place it was without my knowledge whatever. However I do know that during my absence some party or parties visited my place of business and stole two beef hides and twenty chickens.
