SATURDAY  
December 4

Sale will continue until stock is sold but at these prices it will soon be gone.  
Come early for your share of the bargains.

THE GOLDEN RULE STORE

## County News

Dr. L. G. Johnson of Myrtle Point has decided to move to Marshfield about the first of the year. Dr. Pemberton of Langlois will take his practice.

Quite a number of people residing in different parts of the town think they felt a slight earthquake shock Saturday evening. It occurred about nine o'clock. The sky was clear at the time with no wind or rain, so the sensation could not have been caused by a storm. Earthquakes very seldom occur in any part of Oregon.—Florence West.

The Camas valley road district of Douglas county has voted a special tax of ten mills to be spent on the road between Camas valley and Myrtle Point. This will afford several thousand dollars in addition to the regular county appropriation which will be used in improving with grading and planking the main road between Coos county and the outside.

Good roads for Coos met a crushing defeat in one district and a de-

ided victory in another at the district balloting held the past week. Special road levy to raise \$21,000, in the Bridge district, 6.2 mills was voted down. At McKinley a special 5 mill levy was passed by a 58 to 27 vote; this to raise \$19,600, which will be expended under the guidance of the county court.

Deputy Sheriff A. P. Davis this morning garnished the First National Bank for \$33.50 in account for Martin Russell. Judgment for this amount was secured by Frank Turner. Also a notice was served on Mrs. Herbert Lockhart in the absence of Mr. Lockhart, in an action brought by the First National Bank of Bandon regarding a \$1,000 note.—Friday's Marshfield Times.

Hy Stanford, who has an 800 acre ranch on Floras creek, 14 miles southwest of Myrtle Point, discovered that not coyotes but a neighbor was getting his sheep, changing the brand to his own. The sheriff of Curry county has the man up on the second count and the matter will be threshed out in court. Mr. Stanford is said to have found 80 of the missing sheep.

T. C. Russell was here from Beaver Hill today and is arranging for departing for his new home at Diamondville, Wyo., in about a week. At Beaver Hill Mr. Holmes will be given charge of the mine, Mr. Moffitt will take charge of the office work and Mr. Hammond will have charge of the store, Mr. Russell's work being divided between three. Mr. and Mrs. Russell will visit at Bandon the last of this week and also visit friends here before departing.—Coos Bay Times.

Unless the steamship Breakwater is put on the run, after the present trip of the Kilburn, there remains but one chance for persons to get their Christmas parcel post packages away before the Breakwater comes. The latest date will probably be about December 13 and packages should be in Marshfield post office at least a day or two before that time. With only one boat on the run that carries mail, difficulty may be experienced in getting Christmas tidings in and out of Coos Bay and in fact the whole county.—Coos Bay Times.

The rain of the past two weeks which swelled all the streams

throughout the county, was a welcome affair to the logging fraternity, and from all reports there is not a log left on high ground, everything having come out to the booms. On the Coquille, the river has been discharging logs for the past three days and from Middle creek, a branch of the north fork of the Coquille, 14,000 logs came to market and places where they were held, until needed at the mills. All the Dashney logs at Remote and others on the Middle fork of the Coquille, came down stream last Thursday. Some of the logs had lain at Remote for six years owing to the lack of sufficient water to float them.

Worked in the Hay Field  
Arthur Jones, Allen, Kas., writes: "I have been troubled with bladder and kidney troubles for a good many years. If it were not for Foley Kidney Pills I would never be able to work in the hay field." Men and women past middle age find these pills a splendid remedy for weak, overworked or diseased kidneys. Orango Pharmacy.

Who pays?  
Western World—the Quick Print.

Your Check is Your  
Surest  
Receipt!

YOU PAID that bill. You are SURE of it. And your wife remembers that you DID too. But here is a NEW BILL with the words "PLEASE REMIT!" Rather unpleasant. What are you going to do about it? YOU CAN'T FIND THE RECEIPT. Well, the only sure way is to PAY BY CHECK. Then you can show your VOUCHERS AS RECEIPTS. The CHECK WAY is the SAFE WAY!

PAY YOUR BILLS BY CHECK.

The First National Bank of Bandon

Judged by a Tailor's Standard  
Styleplus Clothes are a sensation in the clothing field. First they are made of substantial materials; all-wool fabrics; water-shrunk hair-cloth and canvas; highgrade alpaca lining.

These materials are moulded into permanent construction by expert workmanship—hand tailored in the collar, around the arm holes, down the coat front and at the lapels—hand tailored where hand tailoring counts.

To buy suits containing so much character and style for so little money is now a possibility, because the makers of Styleplus Clothes 817 operate the largest factory and have sixty-four years of experience and have built an organization of specialists in giving values at medium prices. Why don't you look at a Styleplus suit or overcoat before you buy your Fall clothes.

This is the Styleplus Store.—Hub Clothing and Shoe Store.

November Rainfall  
December 1, 1915, Editor Western World. The rainfall for the month of November was 12.73 hundredths;

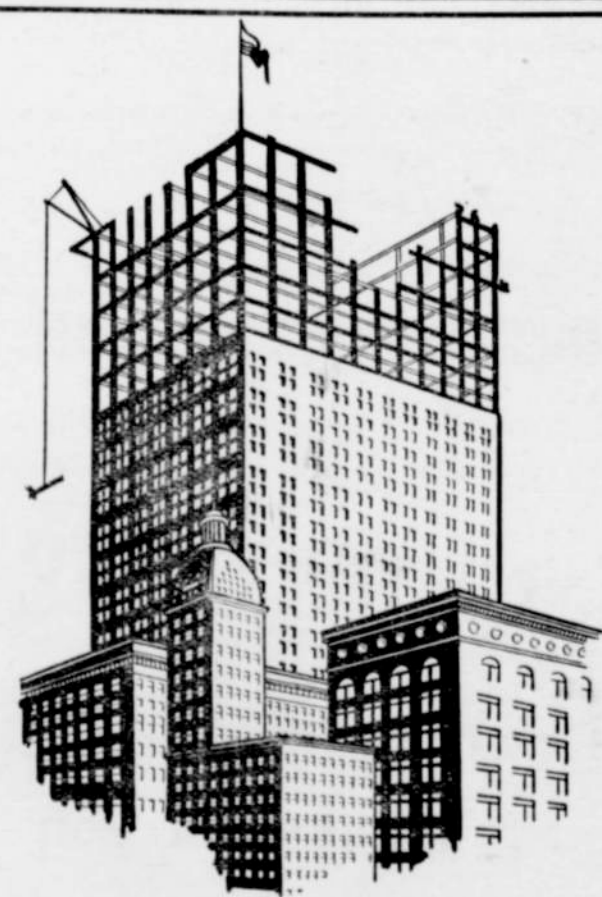

days rainy and cloudy 21; days clear 3. The rainfall or the corresponding month of 1914 was 4.30 hundredths, a difference of 8.43 more this year. Respectfully, O. Wiren, Co-operative Observer, Coquille River Light Station.

WILL START JITNEY LINE

H. N. Richards Sends Cars to San Francisco—Will Start at Once.

H. N. (Dick) Richards loaded his Fords aboard the Adeline Smith yesterday morning and left for San Francisco, where he will operate a jitney line during the winter months, says the North Bend Tide. During the recent visit of V. C. Gorst to that city he made the arrangements for the operation of the line by Richards. Mr. Richards has been operating the line between North Bend and Bandon by the Seven Devils road and will return in the spring and operate this line. Whether he will continue to operate his California line in conjunction with the Coos county line next summer is not yet known.

Building

For Years to Come

In the erection of modern buildings the primary thought is for endurance.

The same thought should be given to building our own body and brain—but few give it. This building process requires certain essential food elements which, within the body, are converted into the kind of brain, bone, nerve and muscle capable of enduring the severe tests of work and time.

Grape-Nuts

FOOD

is scientifically made of whole wheat and malted barley, and supplies, in splendid proportion, all the nutritive values of the grains, including their vital mineral salts, which are all-important for life and health, but lacking in much of the food that goes to make up the ordinary diet.

A daily ration of Grape-Nuts food is good "building" for sound health of years to come.

"THERE'S A REASON"

Sold by Grocers everywhere.
