Giving away prizes is a science by itself. A firm or business house has to know how to give them to the "public" to make it "satisfactory." The secret is—they simply can't charge more for their goods and win out. Give the prizes absolutely free and show your appreciation. That is why we have found it "satisfactory" for the last six years—our prices are always reasonable and always the same.

## Some Plain Facts

In my ads of previous issues of this paper, I have tried to explain the advantage of early CHRISTMAS SHOPPING.

In this ad I want to call the attention, in particular, to the wearer of DENIM GOODS and the advantages of an immediate purchase to supply the future needs.

The prices on these goods are rapidly advancing. In fact the Manufacturers have either been compelled to advance prices or quit the manufacture of many numbers of genuine "Indigo Dyed Goods," during the past six weeks.

Hence the retailer likewise has been compelled to advance their prices from 10 to 25 per cent, with a possible further advance by January 15, 1916.

Provided the Ford party has no influence on the Kaiser and his allied forces to close hostilities so the Dye Manufacturers of Genuine Indigo Dyes may resume operations.

The Genuine Indigo Dyed—"BOSS OF THE ROAD" OVERALLS and JUMPERS are still being sold at
