Already dairying and stock raising and general farming are the source of income for one-third of the population. In the production of small fruits and berries the Coquille valley is unsurpassed by any community in the northwest, while grains and garden truck appear to have been made for this soil. Up and down the valley there are a number of small tracts planted to berries and vegetables that are netting from \$200 to \$250 per acre yearly. There is an abundance of unimproved land to be

had at reasonable prices. The river is navigable as far up as Myrtle Point and at least 3 steamboats give daily round trip service to the way points from Bandon during the entire year. ## Christmas Was For Adults Then.

Seventy years ago Christmas was an adult and a home festival. It received all its honor, all its joyousness from the ideas of father, mother and home. It was the golden ring that held all the love and sentiment we associate with those three almost divine words. Sons and daughters might stray to the very ends of the earth, but Christmas brought them home again-in the body if possible, but if not possible then in child had done well it looked forward mother at Christmas; if it had done ill it felt sure of pardon and help at Christmas. "Father Christmas" was their own father, and by his side stood the dear, sweet mother, ever ready to dren; glad to welcome, glad to forgive. glad to praise; full of sympathy for every joyful and sorrowful condition .-Amelia E, Barr.
