The "Road to Wellville" is built that way. And the password to that road is "right living," in which food and drink play such a big part.

More and more people are waking up to the need of banishing from the dietary heavy, indigestible foods, and food deficient in the vitalizing mineral salts. Food scientists now hold that the lack of these elements is one of the chief causes of a long list of ills, including anemia, constipation, nervous prostration, kidney trouble, and so on.

Long ago a food-now famous-was devised to make up for this lack, and it does it admirably.

That food is

Grape-Nuts

Made of whole wheat and barley, it contains all the nutrition of the grain, including those vital elements-phosphate of potash, etc.which are indispensable for perfect balance of body, brain and nerves, and for warding off disease.

This food comes ready to eat, is economical, and delicious. Digests quickly-generally in about one hour-and is full of health-making goodness.

A ration of Grape-Nuts along with other food has started thousands on the "Road to Wellville."

Fresh stock of Grape-Nuts just received at SANITO Grocery.
