has prompted us to take steps toward the expansion of our business. We have therefore taken a lease on the west room of the splendid new Biggs-Buckingham block, First street, and as soon as our new equipment arrives will prepare to give this city a meat market and cold storage plant equal to any in the southwestern part of the state.

With the resumption of our lumber activities on a larger scale together with prospects for other still larger developments, prosperity will soon abound. Adequate meat accommodations are of vital importance to the welfare of a growing community. Since the fire we have been handicapped and unable to give the service desired, but in our new departure we will be prepared to care for the wants of Bandon and community better than it has ever been. In making these improvements we ask the hearty co-operation of the public.
