ANNOUNCEMENT

To Mr. and Mrs. Republican Voter Coos County, Oregon.  
 Dear Sir and Madam:—  
 I wish to announce my candidacy for Coos County Representative and respectfully solicit your consideration at the coming primaries.  
 My position is in favor of rural credits first; a more conservative policy of law making, second; and less public expense all the time.  
 Very respectfully yours,  
 ARTHUR K. PECK.

"There's a Reason"

THE NEW LIGHT, BURNISHED STEEL SIMMONS BED

The process that has made these new beds possible has been SIMMONS invention of a way to turn out cold rolled, but highly tempered polished steel into bed tubing, both round and square, electrically welded.

These beds are 30 per cent lighter than the old style, crude, iron beds. yet larger diameter tubing is used for the filling and cross rods. The result is a bed that can be easily moved about without marring floors or tearing floor coverings.

The special lacquers and finishes, permanent almost as the steel itself, are made up of coat after coat of genuine SIMMONS enamel flowed perfectly on the flawless surface of the cold rolled metal. Each Coat is individually baked smooth as glass, a revelation in perfection of metal bed finish.

LET US SHOW YOU THESE BEDS.
