

DR. F. A. VOGÉ
Dentist
Bandon, Oregon
(Successor to Dr. L. P. Sorensen)

To the People of Bandon
and Surrounding Country

Having decided to make Bandon my permanent home and to engage here in the pursuit of my profession, I feel that you, whom I expect to serve, should know something of my capabilities and past experience.

After completing the regular four-year University course in dentistry and spending a number of years in practice I began taking up special post-graduate work from year to year and to date have finished the following courses: Local Anesthesia, from Dr. Fox of Los Angeles in 1912; Pyorrhea and the new system dentistry from Dr. C. M. Carr of Chicago in 1913; Nitrogen Oxide and Oxygen Anesthesia and Analgesia from Dr. E. S. Barber of Chicago in 1913; Diseases of the gums and peridental membrane, from Dr. A. D. Black of Chicago in 1916.

The past eight years of my practice have been in the city of Portland, Oregon, and my professional standing may be gaged from membership in the following organizations: Portland District Dental Society, Oregon State Dental Society, National Dental Association, Portland Pyorrhea and Prophylaxis Club, National Mouth Hygiene Association.

Your special attention is called to the new local anesthesia treatments, which although perfectly harmless, practically eliminate all pain; also to the treatment of Pyorrhea, a common disease which causes the teeth to loosen and fall out. The subject of pyorrhea is a very important one and will be more fully explained in a later issue.

Wishing to become a permanent resident of the community I am delighted to become acquainted with the people and the conditions so that I may be of value to both while enjoying the health and prosperity of beautiful Bandon-by-the-Sea.

Yours respectfully,
Dr. F. A. VOGÉ.

Back in the Speed-fiend Class

Sabro Bros. are again speeding about on a new model Indian motorcycle. A few months ago they disposed of their former machine to Rufus Truman; but the lure of the motor-bike was too strong and Harold slipped away to Cape Blanco Monday, where he purchased the 1916 model Indian from E. R. Hedges, chief operator at the wireless station.
