

To the men and young men of this town who are not our customers

We are using this whole advertisement to tell you that we are the exclusive headquarters for the famous clothes of medium price.

Styleplus \$17 Clothes

"The same price the world over."

We believe we are entitled to consideration, and think you will soon admit it.

WE put it up to your judgment—to your sense of style—to your sense of values. The facts are these: One of the old-established houses with a reputation for making good clothes of medium price decided to change their manufacturing plan. They began to specialize on one suit to sell at one price.

By concentrating their buying upon one class of woollens they are able to secure fabrics of exceptional quality at low cost. By adjusting their manufacturing scheme so as to specialize in a scientific way on one suit they can produce a high standard of workmanship at low cost. And they are able to employ one of the most talented designers and still keep the price per suit low.

We endorsed this policy of giving known quality and known price. It fits our policy. Here you are sure to get substantial values and a stylish touch in your clothes that is the expression of the country's best talent in designing.

In spite of the fact that it is hard to break away from old associations, come in to see us some day. We will make it pleasant for you. Make your excuse that of seeing STYLEPLUS quality. Many people come in just to see it because the quality and the style combine to give the appearance that so often costs up to \$25.

Any fabric in any size you like. Our mirror will make you glad you came.

Sea Foam To Enter Fishing Service

Local Gas Schooner to Roam Along Coast Searching for Halibut and Black Cod.

The Sea Foam, gasoline schooner built at Prosper shipyards several years ago by a local company headed by John Nielson, is now engaged in the deep sea fishing service for which she was originally intended. The craft has been sold to a Coos Bay company represented by Claude Thompson, and last Friday started out on her first voyage. She carries eight fishermen and will be out from four days to a week at a time. The catch will be shipped out to the Willamette valley from Coos Bay.

Three dories are carried on the after deck, which is open, thus greatly facilitating the loading and unloading of them. Members of the crew have put cement along the keelson to keep the bilge water from the hold and also to act as ballast. Forward the craft has a fair sized fore-cabin, quarters for six men and also the galley. There are two more bunks in the wheelhouse. The engine is of 25 horsepower and will run on kerosene. For the past year the Sea Foam was tied up at Prosper by the Wilson Bros. Limited.

HOMER BROWN

Brother of Mrs. O. A. Trowbridge Succumbs at Beaver, Cal.

Mrs. O. A. Trowbridge received word several days ago that her brother, Homer Brown, about 30 years of age, died following an operation for stomach trouble at Beaver, Cal. She left here yesterday morning in the Capt. Johnson auto as far as Roseburg, enroute to Beaver, to attend the funeral. The deceased was at one time a resident of Bandon, having been employed at the Trowbridge store.

D. H. Jackson was a Coos Bay visitor Thursday.

Marshfield is investing \$350 in an electric fire alarm.

Deputy Sheriff W. C. Laird and wife of Coquille were visitors in the city today.

A "rag time" ball is advertised for Prosper hall, Saturday, July 15. The dances there have been quite successful and draw many local people.

The ranchers of the Coquille valley are taking advantage of the beautiful weather to harvest their hay crops. They are getting a good stand.

Mr. and Mrs. F. L. Christie and two children returned Wednesday from Bancroft, where they have taken up a homestead. They will return Friday.

The steamer Elizabeth arrived in port yesterday and the Bandon arrived today. The former is loading at the Prosper mill and the latter at the Fyfe-Wilson dock.

Bert. Harrington left this morning for St. Johns, Ore., where he will accept a position in the woolen mills. Mrs. Harrington will remain in Bandon for the present.

Editor A. R. O'Brien of the Marshfield Record, Mrs. O'Brien and several other Marshfield people stopped here a short time this morning enroute to Crescent City by auto.

Gave the Baby Rest

Children just cannot keep covered at night and that is one way they take cold. Foley's Honey and Tar is a reliable family cough medicine that contains no opiates or harmful ingredients. Mrs. Wm. Leonard, Pottsville, Pa., writes: "My baby had a very bad cough. The first dose gave her relief."—ORANGE PHARMACY.

Cremery Man Married

George R. Johnson of Warner & Johnson, proprietors of the new Bandon Beach Creamery, and Miss Effie Houck of Coquille were married in Bandon Sunday, Rev. E. C. Alford of the M. E. church officiating. H. B. Warner acted as best man and Miss Stella Oerding of Coquille was bridesmaid. The newlyweds will make their home in Bandon.

The groom was formerly tester for the Lower Coquille River Cow Testing association and has a large acquaintance in the valley. His bride was one of the popular young ladies of the county seat. Her parents reside in the vicinity of Roseburg.

BRINGS HOME A BRIDE

Arthur F. Deringer and Miss Virginia Melton of Grants Pass Are Wedded.

Arthur F. Deringer, popular manager of the Bandon Steam Laundry, will arrive home from Grants Pass in a few days, accompanied by his wife and his mother.

This will be quite a surprise to even his closest friends as very few, if any, had knowledge of his intentions when he left here last week "to visit his folks."

The lucky girl was formerly Miss Virginia Melton, daughter of Mr. and Mrs. J. A. Melton of Grants Pass, and an old sweetheart of Arthur's.

The ceremony took place on Sunday, the 9th, at the home of the bride's mother. The announcements state they will be at home in Bandon, after August first.

Mr. and Mrs. Deringer arrived home Tuesday evening.

CUPID WINS AGAIN

Fate Is Forestalled by Former Bandon Man and Girl.

Thomas Laird and Miss Sylvia Rackleff, both former Bandon residents were united in marriage at Eugene, July 8th.

Mr. Laird is a graduate of the lo-

cal High school and spent the greater part of his life in Bandon, having been employed until recently at the Orange Pharmacy. Miss Rackleff's home was at Florence, her parents having moved there from Coos county a few years ago.

Speaking of the marriage, the Eugene Register says: Fate seemed determined to forestall their plans, but Thomas Laird of Scio, Oregon, and Miss Sylvia Rackleff, of Florence, prevented it. And the knot was tied in Eugene last night. Mr. Laird's employer was called east in a hurry just as Mr. Laird was planning to be married. He had decided to leave his position in the drug store at Scio and go to Florence to have the ceremony performed at the home of the bride.

The calling away of his employer prevented his leaving for such a lengthy stay, so the two decided that Eugene should be the place. The bride-to-be arrived on the Willamette Pacific train yesterday afternoon and was met by Mr. Laird and Miss Georgia Kinsey, of Eugene, a friend of Miss Rackleff's. Miss Kinsey grasped the hand of the bride first as she stepped from the train but the groom was a close second. Miss Kinsey was then introduced to the prospective bridegroom beside whom she had been standing at the depot waiting for the train. The groom attended the Oregon agricultural college from 1912 to 1914 and was a member of Dr. Stewart's track team during those years, shining in the distance events.

The happy couple will return to Scio today (July 9th), postponing their planned honeymoon until a later date.

Mr. Laird is employed as pharmacist in the Peevey Drug Store at Scio where they will make their home.

Dr. R. V. Leep and bride returned the forepart of the week from their honeymoon, which was made by auto to Crater Lake and other points of interest in Oregon and California. They have taken up residence in the McCloskey bungalow on Edison avenue. Mrs. Leep's sister, Miss Hughes has been their house guest for several days.

City Recorder.

NEW BANDON BUTTER NOW HAS PREFERENCE

Product of Bandon Beach Creamery Is in Constant Demand; Nearly All Dealers Carry It.

The new Bandon butter, made by the Bandon Beach Creamery of which Warner & Johnson are proprietors, has been on the local market but a short time during which it has grown in favor so rapidly that nearly every grocery store in the community is handling it. Great quantities of the product is also being shipped to Portland and Seattle where it commands the highest market price.

Receiving large quantities of cream the local institution now churns 3 times a week, therefore the cream from which the butter is made is never allowed to get old. Only sweet cream is used, and this is purified and made sweeter by a pasteurizing process, through which all of it is put. Local people who have used the new Bandon product are highly in favor of it and they are urging their neighbors to try it.

Program Being Arranged

A good citizenship program is being prepared by the young people of the Methodist Episcopal church for the evening of July 27. Some very unique features are entering into their plans, one of which is an oratorical contest on the theme of "Good Citizenship" between the Young People's Societies of the Methodist and Presbyterian churches. The contestants will be chosen later.—Rev. E. C. Alford.
