Unique Memorial Completed

Mary Baker Eddy Memorial, Mt. Auburn Cemetery, Cambridge, Mass.

The beautiful memorial to Mary Baker Eddy, the Discoverer and Founder of Christian Science, has been turned over to The Christian Science Board of Directors by Elbert S. Barlow of New York City, who held the contract for its construction.
The memorial, which is at Mt. Auburn cemetery, Cambridge, Mass., has required over a year and a half to complete. The fund for its construction, amounting to over \$150,000, was first announced by the directors in June, 1911, and was some time ago fully subscribed. These contributions have been made as expressions of sentiment by Christian Scientists throughout the world.

The site on which the memorial is located is not only one of great natural beauty, but on account of its grade has rendered possible a more picturesque and interesting treatment architecturally than would be possible on a perfect level lot. The plot, which is approximately eighty feet square, slopes gradually from the level of the roadway to the lake with a drop of about ten feet. The memorial consists of a circular open colonnade of eight columns, resting upon a stylobate of three steps, surrounded on the front by a circular platform slightly above the natural grade, from which platform a double flight of steps leads

claims, verified as by law required, to undersigned, at the office of C. R. Wade, in Bandon, Coos county, Oregon, within six months from date hereof.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of Deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists. 75c.

Testing a Thousand Cows
Dr. C. M. Gardner, assistant state veterinarian, came in last Saturday and with County Agent Smith has been visiting a number of the dairy herds in Coos county. After coming he received word from the state veterinarian to test 1000 cows in the county for tuberculosis and he has put in the week at it, testing from 300 to 400 cows in each of the Co-

quille, Bandon and Bay associations. He is using the eye test which is quicker and just as effective in determining whether an animal is affected with tuberculosis.—Coquille Sentinel.
