Sweet Pea Day Coming

By Mrs. Frank A. Vogt
Sweet peas and dahlias. Do you know that the "show day" isn't very far off? How many have planted or planned their sweet pea gardens? The prizes this year are going to be different and well worth any effort on your part. Plant sweet peas and dahlias! There are prizes for dahlias also and they are as beautiful and useful as those given for sweet peas.

And folks, you'll like those prizes. But aside from prizes, you ought to like to plant these beautiful flowers, and care for them for the pleasure there is in it. Make it a hobby, and it will be a useful one too, if you do it. For doesn't it help to beautify your home? Doesn't it beautify your yard? And doesn't it make your home town attractive? Town folks, listen! Help boost Bandon's Sweet Pea Day. You'll be boosting for your home town. And here's another thing. People from several counties will be here especially to witness this Sweet Pea and Dahlia Show. Make it worth while for them. It speaks good for our town.

Now, who's going to win the prizes? Are you town folks going to let someone from the outside come in with better flowers and take away a prize that you could have had? Should say not! Well then, get busy. It's time to plant any time before the 15th of March for early blooms. Select good seed and a well protected place and fertilize well, too.

You know those little seeds will grow if you plant them. And children, next week there will be something in this paper for you. Who wants to win first prize this year? Everyone! Well you must work then, and let's see who gets first prize, and has the honor of saying, "My flowers took the first prize!"

Any information regarding planting of sweet peas or dahlias will gladly be given by the president of the Ladies Thimble Club. Call Mrs. Fred Perry, and watch this progress paper for news of Bandon's Sweet Pea and Dahlia Show under management of the Ladies Thimble Club.

John Hongell of Prosper Dies

John Hongell of Prosper passed away the latter part of the week, following a long illness of tuberculosis. He had been a resident of Coos county for thirty-six years. He was born in Finland, and came to America when quite young. The funeral was held at Marshfield. Deceased is survived by a brother, Herman Hongell of Prosper, and a sister, Mrs. John Hillstrom of Coos Bay.

Speaking of his recent trip to the East and North, C. C. Inman said: "If some of our Oregon people could go east and see the amount of suffering due to the coal shortage and extreme cold weather, and also the shortage of sugar and other staples, it would forever cure them from complaint, as they have everything in the world and don't know it."

Legislature Condemns LaFollette

The state senate of Wisconsin in a 26 to 3 vote passed the following resolution this week: "The people of the state of Wisconsin have always stood squarely behind the present war to a successful end. We condemn Senator Robert M. LaFollette and all others who have failed to see the righteousness of our nation's cause and have failed to support the government in matters vital to the winning of the war. We denounce any attitude or utterance of their's which has tended to incite sedition among the people of our country and to injure Wisconsin's fair name before the free peoples of the earth."

ATTENTION!

There will be a stated meeting of Bandon lodge No. 120 A. F. & A. M., Friday, March 1st. Work in First and M. M. degrees.

SECRETARY.

L. D. Belton, cable man from Coos Bay, is here this week helping Local Manager J. T. Lillard repair telephone lines.

LOCKET FOUND—Gold locket contains two pictures found on the Upper Two Call at World office. 2812

Local News

Finding of a cache of groceries under the wharf back of the Ellingson block was reported to the police this week. The officials have been investigating the matter and evidence points to the implication of local boys.

Jess Pulliam, who had been here for several weeks associated with T. K. Otis and others in black sand mining operations, left Monday for Springfield, Illinois to attend business matters. He will return in a few weeks.

It is reported Frank V. Catterlin of Gold Beach, was injured in the foot a few days ago. He was helping dismantle some old mining machinery, and one of the pieces fell, striking two of his toes. It is probable that they may have to be amputated.

According to the Coquille Sentinel, friends of Atty. C. R. Barrow are urging him to become a candidate for representative from Coos county in the next legislature, and he has the matter under advisement. Mr. Barrow was representative from this county to the legislature three years ago.

Ross Smith, representing the Robert Dollar interests along the Coquille, left this week for Seattle, after viewing company's possessions. He states that he has no knowledge of any intention on the part of the Dollar company to operate the Prosper plant which has been idle for several years.

Mrs. Ottilie Kronenberg will go to Coquille tomorrow to celebrate with Grandma John Kronenberg, mother of the late J. L., the anniversary of Grandma Kronenberg's birthday and also that of the local Mrs. Kronenberg's mother, the late Mrs. Judah Parker.

According to the Port Orford Tribune, A. J. Marsh, whom people of northern Curry are considering as timber for county commissionership, has expressed an unwillingness to run, as his private business occupies so much of his time he feels he could not give proper service to the county if chosen for the responsible position.

Geo. Laird states that the report to the effect he had a letter from his brother, Warren, saying he intended returning from the Hawaiian Islands soon, was incorrect. His brother has a good position there and as far as the local man knows has no intention of returning to Coos county.

Mr. and Mrs. Tom Fieger returned the latter part of the week from California to again make their home in Bandon. They were at Vallejo, Oakland and other points along San Francisco bay, but, although there was much activity, saw nothing that looked better than Bandon. A number of former Bandon people are living in that part of California.

Grandma John B. Gross was the guest of Mrs. W. L. Beach Wednesday at a social afternoon. An interesting feature of the splendid luncheon served on the occasion was the fact the table was covered with a tablecloth over 100 years old. The cloth, made of linen and beautifully hand worked, is an heirloom in the Beach family, having been made by the grandmother of Mrs. Beach in the East, and is now only used on very special occasions.

L. M. Strong, manager of the Bandon Cheese Co., of Dew Valley, was in town over Monday, transacting business matters and incidentally attending the Knights of Pythias anniversary celebration. Mr. Strong walked in from the ranch. The Dew Valley factory is a money maker for the progressive dairymen of Dew Valley and Four Mile sections. Manager Strong reports a considerable

increase in dairying in those valleys following installation of the factory a few years ago.

A gentleman by the name of Case, from Portland, spent several days in Port Orford and vicinity last week. In company with one or two associates Mr. Case owns a considerable tract of timber on Sixes in which there is a good percentage of cedar, and he was here at this time investigating the feasibility of putting in a small saw mill and cutting this cedar for airplane material. What decision Mr. Case reached is not known at this time. If the mill is put in the lumber will be hauled to Port Orford for shipment.—Tribune.

Save a loaf of bread a week. Help win the war.

RANDOLPH ITEMS

Mrs. Jack McLeod is again in the neighborhood after having been away the past summer on a homestead above Coquille.

Orin Ward of Bandon, is employed on the Alex McLeod ranch at Randolph.

Mrs. Chas. Anderson is in Portland where she went to see her husband. Mr. Anderson is a mate on a vessel operating between Portland, Valparaiso, Chili, and the Fiji islands. The trip consumes about six months.

A. H. Buckingham of Eugene called on Wm. Philpott and family while in this section.

Miss Agnes Canterbury of Bandon is visiting her cousin, Miss Edna Anderson. Miss Anderson has just returned from 18 months' attendance at Heald's Business college in San Francisco.

Wm. Philpott has erected a barn on his island ranch. He is now working on the land preparing it for cultivation, using a "Tracford" attachment to a Ford, pulling plows, harrows, etc. He has the agency for the Tracford and recently sold one to Richard Danielson at Parkersburg and one to Herman Bros. at Prosper.

PECK IS URGED TO BE CANDIDATE

Leading North Bend and Marshfield Men Sign Petition Endorsing Him for Representative.

The following self explanatory petition was received by State Representative Arthur K. Peck prior to the announcement of his candidacy for renomination on the republican ticket:

"We the undersigned citizens and voters of Coos county favor the reelection of A. K. Peck to the state legislature. Mr. Peck has the benefit of one term of experience and merits the careful consideration of the voters of Coos county: (Signed) Mel. G. Duncan, A. O. Rogers, Henry Sengstacken, A. T. Haines, H. J. McDewitt, Dorsey Kreitzer, Chas. Hall, A. L. Martin, John E. Ross, Duncan Ferguson, H. J. Kimball Jr., A. Y. Meyers, John S. Coke, E. Herbert Hayden, of Marshfield; C. S. Windsor, H. G. Kern, L. F. Falkenstein, Wm. Vaughn, Robert Banks, A. E. Morten, M. E. Everitt, C. M. Byler, Peter Loggie, of North Bend."

BORN—To Mr. and Mrs. Manton E. Treadgold, about four o'clock this morning, Thursday, February 28, 1918, an eight pound daughter. Mother and child are doing nicely.

Miller Not a Candidate

Atty. I. N. Miller, whom friends in various parts of the county have been urging to enter the race for representative from Coos county at the next legislature, informed Western World today that although he is appreciative of the honor his friends would confer upon him the requirements of his private business are such that he must decline to enter the race.

Charge Was a Farce

There being no evidence against Chas. Page, proprietor of The Arcade, popular local soft drink parlor, tending to substantiate the charge that intoxicating liquor had been sold in his place, the case against him was dismissed by Judge Coke on directed verdict Monday. The defense was represented by Atty. I. N. Miller.

Mr. Farmer

Are you prepared for your Spring work? If you are not let us figure with you on any Farm Machinery that you may need as we carry a complete line of Plows, Drag Harrows, Disc Harrows and Pulverizers.

WE HAVE also added to our line the *Empire Milking Machine*. If you are figuring on buying a milker come in and get our price installed complete.

National Repair Week

National Repair Week is the first week in March. Examine your Mowing Machine and all Farm Machinery and if you need any parts order now—don't wait until you want to use your machine. The Government is back of this movement and is strenuously urging every farmer to carefully examine all machinery. The main reason for the urgency is the uncertainty of transportation. It should be realized that we are not living under ordinary conditions. Uncle Sam is depending upon each and every farmer in America to do his utmost to increase production. A little forethought is all that he asks. This is a small task but an important one nevertheless.
