At the meeting of the War Savngs committee Saturday night, arrangements were made for the canvass of Band n district by precincts o explain the Thrift and War Savings Stamps and Certificates to all, and impress upon the minds of everyone the necessity of investing n the securities. For the city of Candon the following committee has been named: John Dickey, W. J. Sweet, C. F. Pape and H. J. McDermaid. Each of these men will appoint five persons, and each person ant. Then on War Savings week these committees will make a thoro' canvass of the town.

What We Must Invest

Figures compiled by the local ommittee brings to light the fact that a sum equal to \$20 worth of War Savings Certificates must be invested for every man, woman and child in the community, if we raise our share for the aid of the government. This means that all must begin immediately to plan on investing a substantial amount in the governfamilies who will be unable to invest a sum in government certificates equal to \$20 for each member of the ever to invest according to their neans, and persons who are better invest more than what their individual quota calls for.
