"TIS FREEDOM'S CALL—LEND YOUR ALL"

—Florence R. Hoyt, Portland.

This is Oregon's official slogan—"Tis Freedom's Call; Lend Your All. Defend yourself. If you can't go across to fight, you can do the next best thing by investing in Liberty Bonds to keep your boy—your neighbor's boy—on the firing line. To Protect Your Country To Perpetuate American Freedom To Keep the Demon Hun From Your Door. We can't act too quickly. The danger is imminent. We will be tardy at best. Don't stop to think, any more than you would stop to think whether to strike back if you were threatened by an assassin. Will you jeopardize your liberty by failing to do your duty? He who hesitates is most assuredly lost. All that your forefathers fought and died for is lost. All that the patriots of '65 fought for is lost. This is your great opportunity. Use it and Take your place as a real American.

And What It Means to You

YOU CAN AVOID COSTLY BUYING MISTAKES

Instead of Buying Blindly from Pictures in a Catalog You Can See the Real Implement Before You Buy.

This is the best year you ever saw to buy good implements, and the worst year you ever saw to buy poor ones.

Crop prices are sure to be high. All that you will have to do to make big money will be to raise big crops. And getting big crops will depend largely upon the kind of implements you use.

You can't afford to risk any implement uncertainty. Inferior implements will mean the loss of the extra bushels and extra tons that the use of good implements gives. Remember, the extra bushels and extra tons will mean a lot this year—much more than enough to pay for good implements.

See before you buy. Be sure that an implement is what you want before you let it work for you. Avoid the expensive delays of sending an unsatisfactory implement back to some distant concern and getting in exchange another of unknown quality.

Our service prevents costly buying mistakes on your part. You can come to our store—take full advantage of our stock, study the implements, get fully acquainted with their every feature, and buy judiciously.

That way of buying will help you get the most from the big year that is coming. Drop in the next time you are in town and see our stock.
