

# There Is No Monopoly

in the packing industry.

Swift & Company, although the largest packer, handles not to exceed one-eighth of the total meat production of the United States.

The five large packers do not handle to exceed one-third of the total meat production of the United States.

Swift & Company is not in combination with any other packer or packers to control prices.

There is very active competition in the buying of live-stock and equally keen competition in the sale of dressed meats and by-products.

## TAXPAYERS MUST HAVE EXPENSES CUT

**WASTE OF MONEY IN FRUITLESS TRIALS SHOULD END—IN TIME LIKE THIS ACTIVE, MIDDLE-AGED MAN WITH COURAGE SHOULD BE IN OFFICE OF SHERIFF.**

◆ These are war times. Coos county needs a middle-aged, ◆ fearless, level-headed man for ◆ sheriff.

◆ Taxpayers require a man who will stop lawbreaking without recourse to stool pigeons. Juries will not convict on stool pigeon evidence and trials conducted with that kind of evidence means money thrown away. It means want of respect of law and the officers of the state—one link in the chain of authority.

◆ "Jim" Thomas will not use stool pigeons. He will apprehend his man "on the level" or not at all.
