

LEND YOUR MONEY AS FREELY AS THEY ARE GIVING THEIR LIVES

You don't have to fight, you don't have to die.

But—

Your son does, or your brother who is now across the way—or the kid now in khaki to whom you used to give nickels a short time ago.

That money you have laid away for "a rainy day"—wouldn't you give every nickel of it to keep a Hun's knife away from his throat?

Well, the Hun is here, and so is his knife—and so is the "rainy day"—it's raining now, raining bombs and shrapnel upon our boys "over there."

JUNE 28th NATIONAL WAR SAVINGS DAY

On that day the nation will call upon you, not just your neighbor—but you—to pledge yourself to the purchase of a certain number of War Savings Stamps during 1918.

Lend your money as freely as they are giving their lives.

Dues paid in	61.00
Cash on hand Jan. 1	221.71
Total	\$1,199.34
Amount Paid Out—	
Yarn	\$ 431.53
Dues	25.00
Running Expenses	35.63
Total	\$492.16
Balance on hand	\$707.18

WAR RELIEF FUND

Bal. on hand Jan. 1	\$685.27
Amt. paid out for sewing material	250.98
Balance on hand	\$434.29

Attendance at the Red Cross rooms for last week was as follows:

Tuesday—Mesdames S. W. Dameron, Wannamacher, Tanner, R. Johnson, B. Adams, J. Allen, R. H. Elliott, Schetter, Pearce, J. J. Dameron and Miss Leneve.

Wednesday—Mesdames Loop, Eaton, Hoyt, Best, Sweet, Divelbiss, Hansen, Schetter, Pearce, and Miss Henry.

Thursday—Mesdames Bell, Fish, McPride, Coats, Butler, and Misses Ticknor, Violet Fish, Florence Fish.

Friday—Mesdames Perry, Brown, Christensen, Robinson, Laivo, Tucker, Klepper, Jones and Garoutte.

The following resolution was passed at the business meeting of June 5: Whereas, the Bandon branch of the Red Cross requested the services of the Bandon Home Guard for the solicitation of funds during the second Red Cross drive, ending on May 27th,

And, whereas, the services of the Bandon Home Guard was generously tendered in this matter,

Now therefore, be it resolved that this Bandon Branch tender to the Bandon Home Guard a vote of thanks for their effective services and the excellent results attained during this drive.

Be it further resolved: That a copy of this resolution be handed to Captain Wells to be read before the

Bandon Home Guard and also that a copy be handed to the Western World for publication.

MRS. T. W. ROBINSON, Chairman
MRS. L. W. TURNBULL, Sec'y
E. D. WEBB, Treasurer
H. J. McDERMAID.

The Camp Fire Girls donated fifteen dollars to the general fund. Chas. Lorenz gave the proceeds from his billiard hall which amounted to \$6.20.

Mrs. F. D. Meyers of Cordelia, Cal. wife of F. D. Meyers, janitor of the Eastside school sent a box of Rayol Anne cherries to be sold for the Red Cross.

Mrs. J. D. Mitchell gave an especially pretty yoke to be sold for the benefit of the local branch.

An Appreciation.

"Somewhere in France" May 19, 1918. You may judge my feeling of surprise, when, just the other day, I received a large box, dated Dec. 12, 1917, from the Bandon Red Cross. The candies, cakes and nuts were fine; nothing had been spoiled by its long journey, and things surely tasted fine, out here in the trenches. We are in the front line trenches now, or rather, again; living in dugouts, and working both day and night. I went out in no man's land with a wiring party the other night, but nothing unusual happened.

Please don't forget to thank the Bandon Red Cross for the Christmas Box and say that I am glad to be "a Bandon boy."

Herbert J. Foster,

Co. "D" 117th Engineers A. E. F. This was received in a letter June 13th by H. W. Foster, of the Bandon Drug Co., from his son in the Army "over there."

German Women to Register

The registration of German alien females, to begin Monday, June 17 and end Wednesday, June 26, will be conducted in cities or municipalities having 5,000 population or over by the police officials. In communities having a population of less than 5,000 the registration will be handled by postmaster.

In general the plan of registration is the same as that followed in the registration in February of German alien males. Each person who must register will be required to register her finger prints. This method of identification is also used in the military and naval service of the United States.

Harry Hunt leaves Saturday to report at the Benson Polytechnic school for special training. He is one of the drafted men chosen for a technical course. Last evening he was given a royal send off by the members of the Odd Fellows lodge.

Judge James Watson was down from the county seat Saturday.

AGAIN AT HIS OFFICE.

Dr. H. L. Houston, who has been taking special surgery work at Los Angeles, has returned to Bandon and is again at his office in the Fahy-Morrison building prepared to look after his local practice. It.

Fords Are Delivered.

Local Agent Al. Garfield the past week delivered six Ford touring cars and two Ford trucks. The new owners are: Touring cars—Louis Knapp, Port Orford; Herbert Ulickan, Port Orford; J. S. Capps, Denmark; Herman Bros., Randolph; L. Utter, Prosper; Jack Albertson, Bills creek Trucks—Fyfe-Wilson Lumber Co. and John Long. Mr. Garfield expects another carload next week. He states that the Ford stringency is becoming somewhat relieved and that the source of supply is loosening up considerably. He hopes to be able to fill orders more promptly in the future.

Mourning Device to be Simple.

President Wilson has approved a suggestion made by the Women's Committee of the Council of National Defense that, instead of wearing conventional mourning for relatives that have died in the service of their country, American women should wear a black band on the left arm with a gilt star on the band for each member of the family who has given up his life for the nation.

Vote to Recall County Court.

At a meeting of the newly organized Taxpayers League of the county held at Coquille last Thursday night it was voted to recall the entire County Court, including Judge Jas. Watson and Commissioners Armstrong and Archie Philip. It is reported that the meeting was largely attended, being made up mostly of Coquille people. Commissioner Armstrong, who was defeated for re-nomination at the primary election in May, holds office until January 1. As far as is known there were no representatives from Bandon present. Another meeting is to be held in Coquille tonight, when a ticket is to be named for the recall election.

MAKING A GOOD JOB OF IT

Graveling on Bandon-Curry Road is Being Done Well Say Officials

County Judge Watson and County Roadmaster J. S. Sawyer were in Bandon last week after a visit to the road work on the Bandon-Curry section that is being gravelled. They report that Dyer & Plymale, contractors, are making a splendid job of it and that while the work is not progressing as rapidly as the contractors intended, the quality is being put there nevertheless. It was decided that the crusher is unnecessary to operate at present, as the gravel has no large boulders in it. Further equipment to speed up the work is now being considered by the contractors.

A sixteen million dollar appropriation for establishing balloon and sea-plane station to guard the United States against submarine and air attacks was asked of congress by the war department.

Albert Tucker and mother have gone to St. Johns, Ore., for a visit with another of her sons. Enroute they stopped at Marshfield at the home of her daughter, Mrs. Harry Armstrong.

LIFE OF CHRIS. LONG AN INTERESTING STORY

Pioneer Who Passed Away June 5th Was Identified With Coast Country in Early Days.

Christopher Long, an old pioneer of this section of the Coast country, died at Bear creek, Wednesday, June 5th, the funeral being held Saturday afternoon. His history is identified with that of the early days of this community and is interestingly touched upon in the following contributed by a close friend:

Starting out to earn his own living at the age of 17, Christopher Long made it the rule of his life to be honest in all his dealings; to do thoroughly whatever task he set out to accomplish, and to let no opportunity pass which might contribute to the welfare of himself, his family and the community.

He was born in Canada, near Detroit, December 12, 1837. His paternal grandfather, John Long, who was of Dutch descent was born in Pennsylvania and was a potter by trade, an occupation which he successfully followed both in his native state and in Canada to which place he removed at an early date.

Christopher Long's father was born in Pittsburgh, Pa., and followed his father's trade. Later he conducted a pottery in Canada. Here he owned a farm and kept a tavern.

About 1841 he located near Rockford, Ill., remaining there until the spring of 1851. At this time he put into execution a cherished plan, and with ox teams and wagons succeeded in moving his family to the coast, locating near Yreka, Cal. The following spring he came to Jacksonville, Ore. In crossing the mountains they came via Roseburg, and not having enough horses, three being all they possessed, they secured six oxen and managed to fit saddles for these in order to assist in carrying the articles necessary for the comfort of the family and to let the women in the party ride.

This being an entire new feature to the cattle, as soon as the girls were tightened they ran away and he goods were scattered and with difficulty recovered. Finally two of them became manageable and carried their burdens; the others were made to do double duty. After a hard rip they arrived in safety and began the work of building a home. Two and a half miles north of Port Orford, the father took up a squatter's claim on which he lived for a year, but the land not proving satisfactory he moved to a farm of 320 acres a mile and a half south of Bandon, where his death occurred in the winter of 1856, at the age of 50 years. He was survived by his wife, Mary Magdaline Hendershott, a native of Canada, until 1879, her age being 60 at the time of her death.

Christopher Long was the second of two sons and one daughter. His brother, Sylvester, was drowned at the mouth of the Rogue river during the Indian war.

Mr. Long engaged in farming for a few years and in 1862 went to the mines in Idaho. Three years later he returned to Bandon and engaged in driving cattle, soon afterward purchasing a farm of 160 acres stocked with a few head of cattle and horses. With this modest beginning he labored faithfully until he had 200 head of stock and 800 acre of land. This became known as the "Star Ranch."

In 1889 Mr. Long sold his ranch and moved to Bandon. From Bandon he moved to Bear Creek where he lived until his death.

He is survived by his sister, Mrs. Jane A. Hamblock, his sons, John and Charles and by his daughters, Mrs. Edward Ohman and Mrs. Walter Woods.

Mrs. W. C. Sellmer has returned to Bandon after a stay of several months in California.

Miss White of Portland passed through Bandon this morning enroute to Port Orford for a visit with her father.

Billy Sunday says he is going to France, but it is a cinch he will never make the Kaiser hit the sawdust trail.

B. F. Rhodes of McMinnville, Ore., president of the Oregon Fire Relief Association was in this city Wednesday conferring with the local agent W. R. Mavity.

W. B. Steinau, of Eugene, traveling salesman for one of the large typewriting concerns was calling upon patrons in Bandon last week. He stated that in England where they had quit manufacturing new machines altogether, everyone was making the old machine do, and that most any kind of a second hand machine there sold for around \$150, and intimated that it was not improbable that in the near future the U. S. Government would take over the plant of his company, and use it for munition purposes, and that it would cease to manufacture typewriters for the period of the war.

The Allies are all in the same boat, a long way from shore and on limited rations—and Uncle Sam is running the relief ship. It's up to us to save the cargo.

Victory bread is received with hearty approval. But don't be satisfied to use it on a wheatless day or at a wheatless meal, because it isn't wheatless.

STRANGE MAP FOUND IN BOTTLE ON BEACH.

Irving Storm and Boys Make Strange Find Near Gardiner—Many Glass Balls.

W. A. Storm brought in a peculiar map and inscription which his son, Irving, recently picked up in a bottle on the beach near Gardiner says the Coos Bay Times. It contains a map of the western European countries and waterways, evidently on the lines existing before the war. The opposite side contained pictures. There was no inscription to indicate why it had been placed in a bottle or who had placed it there.

Near the same place, about two dozen large glass balls were picked up on the beach. They were varicolored. No one has been found who could explain what the balls were for.

EGGS OF THE CODLING MOTH WILL SOON BE HATCHING

Poisoned Dinner Should Await Larvae That Their First Meal May Be Their Last.

Eggs of codling moth are now being deposited in abundance, and both apples and pears should be sprayed with 4 pounds arsenate of lead—half as much if powdered form is used—to 100 gallons of water, says Prof. A. L. Lovett, of the O. A. C. Experiment Station.

"About ten days are required for the egg to hatch, but should the present warm evenings prevail the majority of the first brood will be hatching soon and the poison should be in a place so that their first meal will prove their last."

COOS COUNTY LEADS IN LIBERTY LOAN DRIVE

Ranks First in Distribution, Third in Number and Ninth in Amount in Oregon

Coos county made a great record in the recent Liberty Loan drive. Her quota was \$348,000 and her total subscription was \$538,000 about 50 per cent excess, the state at large going 50 per cent over. In the amounts subscribed, Coos county stands ninth among the counties; but in the total of bond buyers she stands third, being exceeded by Multnomah and Marion only. With 5,591 individual bond holders Coos county has made a record unequalled in the state or in many counties in the United States. That means that one person in every four in Coos county now owns at least one Liberty Loan bond.

SHIP-KNEE INDUSTRY MENACED

Demand for Wooden Product Far Exceeds Present Supply

The quest for wooden ship knees is likely to end in a few months, experienced men of the county say, with a tendency toward steel knees, since the demand for extra large timbers is already much greater than can be supplied. Several cars of knees which were forwarded from the county recently carried samples that were worth over \$40 each. Eastern shipbuilders and California yards have come into the local markets to an extent some claim may materially reduce the available supplies for local shipyards. Prices are soaring and those who are engaged in the following say the number of camps cannot be swelled, since workmen are scarce and most of them prefer to work in the cities at shipyards and mills.

Little Edward Kausrud came up from Oakland on the Elizabeth for a visit with his aunts, Mrs. L. L. Rosa and Mrs. Archie Rosa.

Do you believe in signs?

HERE is one you can bank on—the sign of a company that has stood between the country and its fire losses for over a century.

It is also the sign of a live agency—one that specializes on insurance—one that is watchful of your interests as well as the interests of the companies it represents.

When you see this sign, think of protection. Think also of agency service. You can safely rely upon our care in looking after your property and in securing prompt and fair settlements in case of loss.
