NO. 31

WAR SAVINGS STAMP DRIVE TO LAST WEEK

EIGHTY THOUSAND DOLLARS TO BE PLEDGED IN BANDON DISTRICT BY 28th

The quota for the City of Bandon Alone is \$42,000—Local Campaign Will be Conducted by Company A, Coos Guard—Pledges to be Paid Before End of Year.

Thrift Stamp Week, which begins tomorrow and lasts until close of Friday, June 28th, will be a busy one in this section and if the committee in charge of the campaign is correct in their estimates this community will once more have gone "over the top" before the final day. The outside precincts of the Bandon district have been organized according to the plan outlined in the last issue. In Bandon the campaign will be in the hands of Company A, Coos Guard. The quota is \$42,000.

At Tuesday night's meeting of Company A, the following team captains were appointed: O. A. Trowbridge, R. B. Corson, C. L. Foster, R. T. Moore, C. I. Freese, G. R. McNair, C. R. Wade, I. N. Miller, S. C. Endicott, H. Sabro. Ten precincts have been outlined, boundaries conforming to those in the Red Cross drive. Headquarters will be maintained in the Gaillard building on First street, where a Guard will be on duty at all times to receive pledges.

At the beginning of the present year the Government requested that \$2,000,000,000 be raised by the sale of War Savings Stamps. Subsequently Thrift and War Savings Stamps have been sold, largely by children, until to date a portion of the required amount is taken up. Now comes the request of the Government that the entire two billion be pledged before June 28th. Every man, woman and child in the United States will be expected to sign up for their share according to their means. The aggregate amount represents \$20 for each individual in the U. S.

The pledges are to be paid between now and the end of the year, at the place designated on the card. The committees in charge of the work are instructed to visit each person as representatives of the Government. The answers they receive from individuals will go directly to the Government.

It must be remembered that War Savings Stamps are not a donation, but an investment that is asked to be made out of actual savings. They draw 4 per cent interest, compounded quarterly, and mature in five years.

Favor 25 Per Cent Increase
The Bandon Power Co. hearing held here last Thursday developed a general sentiment in favor of increased rates in place of discontinuance of the day service. Mayor Topping represented the people of Bandon and he figured out from the records of the company that a 25 per cent increase would meet expenses. This seemed generally satisfactory among those present and it is probable that it will be recommended by the Public Service Commission.

Condensery Machinery Here.
A large shipment of Condensery machinery has arrived at Coquille and the first scow load was unloaded at the plant last night. It included motors, engines, vats, etc.

Supt. L. W. Turnbull of the local schools, leaves Saturday for Eugene to enter the summer school at the University of Oregon. Next Monday he will be in Portland to attend the conference of executive heads of colleges and high schools, called by the National Council of Defense. Mr. Turnbull expects to be gone about six weeks.

PARENTS OF SOLDIERS
C. B. Zeek will announce in next issue a meeting of parents of the boys who have joined the colors, for the purpose of organizing the parents association, and to ask them to assist in raising the service flag in Bandon on July 4th.

Captain to Attend School
At the drill Tuesday evening, members of Company A, Coos Guard, discussed the military instruction course that is to be given at the University of Oregon beginning June 24th, and they unanimously voted to send Captain Walter S. Wells to take the full course, which will last from a month to six weeks. He will drive to Eugene in his car Sunday. However, he has made arrangements to be in Bandon for the Fourth when the big military review of Coos Guard companies takes place.

Bandon Boy With Marines Is Killed

The name of Private Chas. Auer of Bandon appeared in yesterday's casualty list. He was killed in action on the western front in France on June 7th. A message bearing the sad news was sent here from Washington, D. C., Monday, addressed to John F. Auer, father of the young man. However Mr. and Mrs. Auer are now residents of Salem, Oregon, and the message, after being delivered to Oscar and John Auer of Bear Creek, brothers of the young hero, was forwarded to the parents. The message stated also that burial would take place abroad but that the body would be taken up and sent home after the war.

Chas. Auer was a young man just in his teens. He enlisted at San Francisco in the Marine Corps, shortly after the United States entered the war, and was among the very first American troops to arrive in France.

MAYOR TOPPING IS RECALL CANDIDATE

Has Been Named For County Judge to Succeed James Watson—Other Candidates From Coquille Valley.

Bandon's mayor, Geo. P. Topping, was named at last Thursday night's recall meeting at Coquille, as candidate for County Judge. The other candidates are: For Commissioner to succeed Archie Phillip, E. N. Harry of Sitkum; for Commissioner to succeed Geo. J. Armstrong, John A. Yokam of Coquille. It is proposed to call a special election as soon as the recall petition can be prepared, circulated and filed.

The meeting was quite largely attended and considerable entertainment was provoked when Attorney L. A. Liljeqvist and Editor Cameron of Sunday Morning Bee became engaged in a wordy battle. The battle started when Mr. Cameron proposed the name of W. J. Rust of North Bend for county judge. Mr. Rust is interested in the Kinney tax squabble.

The proposed new court is made up entirely of residents from the Coquille Valley end of the county and, according to the Bay papers, there is already considerable discord over the fact that Coos Bay is not represented.

Married at Coquille

The marriage of Miss Ilona Breuer and Fritz Reimann was solemnized at Coquille, Saturday, Rev. S. G. Rogers of the Presbyterian church officiating. Mrs. Reimann is the oldest daughter of Mr. and Mrs. M. Breuer of this city. She has lived most of her life in Bandon and received her education here. Since completing school she has been clerking in her father's store. Mr. Reimann is a member of the local Coast Guard crew, having entered Uncle Sam's service a number of years ago. He is an industrious young man of good habits. Both have many friends. For the present the bride will reside with her parents and the groom at the Coast Guard station.

Thrift Stamp Blanks

Bandon school children who are selling Thrift and War Savings Stamps may secure the blanks for signatures at Morrison's barber shop. The list of sales for June should be handed to Mr. Morrison not later than July 3rd. The local committee has not decided what effect the pledging campaign which begins Friday will have on the children's work after this month, and announcements will be made at a later date.

More New Registrars

Coos county has five more young men in its draft list among those who have reached the age of 21 prior to June 5th: Lloyd Hunt, Bandon; Lloyd Victor Foster, Marshfield; Jesse Leslie Sparks, Bandon; Fern H. Johnson, Bullards; Frank Anderson, Bandon.

Little Bennie Lesina, the eighteen months-old son of Mr. and Mrs. Ed Lesina of Lampa sustained a painful injury while playing about the house Tuesday. He fell onto a piece of sharp iron, the instrument piercing his scalp back of the ear. The skull was not injured, but the wound was an ugly one. Sam Chintza brought the little fellow to Bandon by auto and Dr. Leep attended him.

MILITARY REVIEW TO BE BIG FEATURE HERE ON THE FOURTH

Plans are rapidly materializing for the biggest Fourth of July celebration ever held in Coos county, to be given here under the auspices of Co. A, Coos Guard. One of the features will be a grand military review of the Guard companies of the county, with Col. John B. Hibbard of Portland, head of all Home Guard organizations in Oregon, as reviewing officer. He will be accompanied by Captain Fred W. Wagner of the Multnomah Guard. The review will be held on the ball grounds. The committees in charge of the celebration are:

Executive Committee—H. J. Mc-

Diarmid, Chas. Page, J. F. Curran. Decorating—J. T. Lillard, Prof. A. Richards, Chas. Pfortner.

Sports—Warren Littlefield, G. R. McNair, L. C. Green, L. E. Gallier, R. B. Corson.

Advertising—L. D. Felsheim, C. R. Wade.

Concessions—Mark Windle, Ed. Clinton, H. E. Boak.

Lunch—F. L. Greenough, Cottor, A. H. Braah.

Flag Raising Committee—C. R. Wade, E. H. Boyle.

Dance—Capt. W. S. Wells, Chas. Page, C. A. Glenn.

INDIVIDUAL SUBSCRIBERS

The following is a complete list of Red Cross subscribers as submitted to Western World for publication. Some of these names had been published in a recent issue, but in order to be sure that all are given credit the entire list is republished. If through error some names have been omitted, it is requested that the parties notify Western World. It is possible that in copying such a large number of names a number of times, one or two might be overlooked. It is not intended to slight anyone, so if any are omitted kindly consider it as purely accidental and notify the World immediately:

E. N. Smith returned to Bandon the latter part of last week from a few days business visit to other parts of the county. He leaves this week for his home in El Centro, Cal., but expects to return to Bandon again in a short time to spend the summer. He will probably bring his family with him.

Mr. and Mrs. A. T. Fetter have returned to San Francisco after a week's visit here with Mrs. Fetter's mother, Mrs. Sarah Costello. While here they were the guests of honor at several beach parties and other social affairs. Mr. Fetter, about 12 years ago, conducted the Bandon Recorder.

BUDGET WAS VOTED AT SCHOOL MEETING

PASSED FOR FULL AMOUNT AS ASKED FOR BY THE BOARD OF EDUCATION.

J. H. Jones and C. R. Wade Named School Directors and John Nielson Made Clerk—Meeting Voted to Authorize Sale of Old School Building to City for City Hall.

At the school meeting Monday evening, J. H. Jones was re-elected director for three years and C. R. Wade was elected for two years. John Nielson was elected clerk. Eighty votes were cast, the meeting being well attended.

The budget was voted as asked for by the Board, the total amount to be raised for the ensuing year being approximately \$23,102.60, which is equivalent to about 23 and two-tenths mills.

The question of selling the old school house to the City for use as a city hall was taken up and after an explanation on the part of Mayor Topping as to the proposed plans and the necessity for them, it was voted that the school board be authorized to sell the building and site to the City with option to buy at that price.

Mayor Topping stated that the city had some \$67,000 worth of bonding and engineering records that cannot be insured and must be protected by being stored in a vault. The present city hall site is not a suitable one as it would cost as much for a foundation as it would for an entire vault elsewhere. The school building could be utilized and a vault built there. It would need a new roof, painting, doors and windows, and rearrangements inside which would probably cost two or three thousand dollars. It could then also be used as a library and the old city hall could be used as a fire hall. By these changes \$25 a month could be saved in rents. The plan was considered a very good one by those present and the motion carried by a vote of 69 to 2.

TWO MILE PICNIC SUCCESS

Approximately \$150 Realized for Red Cross Sunday—Bandon Thiere

The Red Cross picnic at Two Mile Sunday was probably the biggest social event in the history of that community. Several hundred Bandonians responded to their invitation and fully enjoyed the occasion. They were led by Company A, Coos Guard, and Bandon Concert Band. The address of the day was made by Chas. Hall of Marshfield. Mr. Hall is a forceful speaker, and is a leader in all patriotic affairs in Coos and Curry counties. He talked of the war generally and closed with some appropriate remarks regarding War Savings Stamps. C. B. Zeek, acting as chairman, and conducted the salute to the colors.

The big feature of the day was the drill and skirmish work of the Home Guard. This took place on a large field of soft soil and by the time the final rush came the majority of the men felt somewhat like they had gone through the real thing. However it was a splendid exhibition and created much interest.

The auction sale and drawings for the disposal of articles donated to the Red Cross for the occasion netted a goodly sum. Paul Stephan bought the registered bull calf and the registered Berkshire pig from the Morris Heights pens was won by Marion Sneed, who donated it back to the Red Cross. It was then sold to E. F. Topping of Parkersburg. The auctioneer was J. T. Jenkins of Parkersburg. Later in the evening a Bantom rooster and hen, donated by Maxine Hesse, were sold at auction by Leonard Hadsall, who with Harry Farris had discovered the pair in the brush across the street from the pavilion where they had been forgotten. The boys finally made the purchase themselves at \$2.75. The total net proceeds from the event amount to approximately \$150. Much of this was raised by the dance, at which the band furnished the music.

The people of Two Mile have asked Western World to express their appreciation to the Home Guard, the Band, Mr. Hall and the other people who participated in making the event such a wonderful success.

Miss Pearl Crain, who has just completed the journalism course at the University of Oregon, has accepted a position with the Coos Bay Times at Marshfield.

PORT PROJECT TO BEGIN HERE SOON

SPUR JETTY TO BE EXTENDED TO CONNECT WITH THE SOUTH JETTY.

Government Engineers Decide They Have Authority to Grant Free Rock From Quarry Without Special Act of Congress—Government Equipment to be Used.

Construction work in the local harbor for the extension of the spur jetty to connect up with the south jetty will begin soon, according to members of the Port Commission.

It was intended to do this work several months ago but just as the Port was about to commence, work was received from the engineers at Portland that an act of Congress would be necessary before permission could be given to allow the Port to use rock. The Port immediately took the matter up with Congressman Hawley, and he was pressing legislation to that end, when the engineers, upon "more complete investigation" found that they had the necessary authority.

The Port already has permission to use the government equipment, and the commissioners decided to do the work at this time because the Government planned to remove the local equipment. The use of this equipment means a great saving and it may be a long time before it is again available.

The job will cost about \$20,000, which amount will be appropriated out of the regular tax fund of the Port of Bandon. Work will commence as soon as official permit to use rock is received, and it will be in charge of D. A. Patterson.

It is believed that connecting the spur jetty with the south jetty will greatly improve the general river and bar conditions.

SUGAR SALES LIMITED TO TWO POUND LOTS

Rural Customers May Have Five Pounds at Time—Does Not Apply to Domestic Canning Purposes

More sugar must be saved. This is the edict of the Food Administration, and those who are already curtailing their use of sugar are asked to cut down their consumption still further, while those who have so far neglected to make any material decrease in their use of sugar are urged to face the sugar situation squarely as loyal citizens.

Federal Administrator W. B. Ayer announced on June 13 that until further notice all retailers will be required to limit their sales of sugar for domestic purposes to two pounds at a time in the city, and to five pounds at a time to rural customers, this regulation not to apply to sugar for domestic canning purposes, for which provision has been made so that housewives may obtain proper supplies upon signing a certificate affirming to the government that she will not use any of the sugar so purchased for any other purpose than canning or preserving.

Mining Men Arrive

Jess Pullum returned to Bandon from the east last week. He was accompanied by Dr. S. P. Boyer, W. B. Adams and L. H. Adams, all of Taylorville, Ill. They are interested in the Cut creek mining propositions. They will leave again for the east tomorrow.

CONVENTION HERE SATURDAY

The district convention K. of P. including Coos county towns will be held in Bandon Saturday evening of this week. Several of the grand officers will be here and a large number of lodge members from all parts of the county are expected to attend. The Pythian Sisters will serve the banquet between 7:00 and 8:00 P. M.
