The Choice of Those Who Know

Manufacturers and leading motor car distributors recommend **ZEROLENE**. The majority of motorists use **ZEROLENE**. **ZEROLENE** reduces wear and gives more power because it keeps its lubricating body at cylinder heat. Gives less carbon because, being refined from selected California asphalt-base crude, it burns clean and goes out with exhaust.

ZEROLENE is the correct oil for all types of automobile engines. It is the correct oil for your automobile. Get our lubrication chart showing the correct consistency for your car.

At dealers everywhere and Standard Oil Service Stations.
