# NOTICE OF ELECTION

# CHARTER AMENDMENT

Notice is hereby given that at the regular general city election of the City of Bandon, Coos County, State of Oregon to be held on Tuesday the 5th day of November, A. D. 1918, between the hours of eight o'clock in the forenoon and eight o'clock in the afternoon of said day, for the purpose, among other things, of voting upon a proposed measure and amendment to the Charter of the City of Bandon, as proposed by the common council of said City by a resolution duly adopted and an ordinance duly and regularly passed and approved on the 21st day of August, A. D. 1918, such proposed measure and amendment will be submitted to the legal voters of the City of Bandon for their approval or rejection, and the ballot title and numbers of said measure and amendment are and will be as follows:

#### REFERRED TO THE PEOPLE BY THE COMMON COUNCIL

An Amendment to the charter of the City of Bandon, to be known as 'ARTICLE 1 - 1918. REASSESSMENT," granting power to the common council to reassess, within ten years from original resolution of intention, the cost of any local improvement heretofore or hereafter made or completed when assessment has been heretofore or may hereafter be set aside, invalidated or declared void or when its enforcement is uncertain, providing for an appeal to the Circuit Court of Coos County, Oregon on the amount of benefits equitably to be assessed, declaring powers to be interpreted as independent and repealing Sections 111, 112 and 113 of the Charter adopted May 3rd, 1912. .

Vote YES or NO.

The voting place and polls for voting upon said measure and amendment in Ward number One of said City of Bandon will be located at the Council Chamber of the City Hall in Precinct 45 and the Bungalow building for Meets on the second and fourth Precinct 44 and the voting place and polls for voting upon said measure Tuesdays of each month at the Odd and amendment in Ward number Two of said City of Bandon will be located at Paul Stephan Building for Precinct 46 and the Dufort Building for Precinct 47 and said polls will be opened from eight o'clock in the fore- keeping him cheerful increases in magnoon to and will be closed at eight o'clock in the afternoon of said 5th day nitude. The soldier welfare organizaof November, A. D. 1918.

Done by order of the Mayor and Common Council of the City of Bandon, Coos County, Oregon and published and posted this 17th day of October, A. D. 1918.

"When heaven is ready to negotiate with hell," he declared, "then will America be ready to make peace with Germany." He told of the great work being done in Europe by the Y. M. C. A., Knights of Columbus, Salvation Army and other agencies, and called on Americans to respond liberally in supporting the campaign about to open for raising money with which to carry on these activities.

zone the troops are followed with motor trucks which are virtually THE FORUM traveling huts, fully stocked with athletic goods, stationery, cigarettes, and the like." The Western World disclaims Welfare Board, explained by Ben Sell-

ing, are: "In one year the number of our field representatives has grown from 10 to 213. Now we are faced with the demand for 400 additional workers in this country and 100 overseas. The money going into our fund pays nec essary expenses and salaries, furnishes Bibles and prayerbooks by the thou sands and letterheads and envelopes by the million, and provides camp, educational and recreational activities for the fighters, both here and abroad." "War Camp Community Service," explains Emery Olmstead, state chair man, "developed from the commission created by the War and Navy Depart ments, first known as the Fosdick Com mission. The community is its partic ular field and thousands of workers Precept without example is absurd, are assisting the towns in caring for and any man who has taken on him- visiting soldiers and sailors, providing self the responsibility of rearing a wholesome amusement and clean rec son, is a poor citizen unless, law reation and surrounding the camps Functions of the American Library Association, says William L. Brewster, The constant violations of law, are state chairman, are "to provide books evident to all, and it is a disgrace and reading matter to the soldiers and sailors through co-operating agencies and directly." Thirty library buildings have been provided at cantonthat bootlegging can not be carried ments; 3,750,000 donated books dison, if they get in earnest about its tributed; 1,000,000 books and tons of magazines sent abroad, and 600,000 needed military technical books bought

# CAIRY PROBLEMS ARE COMPLEX

**Consumers Are Counselled Not** To Decrease Use of Milk Nor Complain of Prices.

"Unless means are quickly found to remedy conditions existing in the dary industry as well as in other classes of livestock, serious menace to both industries-which are allied-may bo forecast."

This is the statement of Assistant Federal Food Administrator, W. K. Newell,

"With the dairymen selling their businesses as fast as they are able to find purchasers," said Mr. Newell, "with an increasing volume of sales of heavy calves, both male and female. and with already a world's shortage of beef, the outlook for future supplies is not as rosy as one might wish.

"It has been charged in some quarters that the price of milk and other products of the dairy have been elevated to such an extent at all Pacific northwest points that the dairy interests should be making a profit and well satisfied with their lot.

"Taking only the retail price as a basis-that which most vitally affects the consumer-the price of milk today in Portland is 15c per quart.

"Even with normal prices milk is generally sold retail at 10 cents a quart here, therefore the advance in not nearly as marked as in many other lines of foodstuffs.

"The dairyman today is paying more than double the wages of normal years for his hired help. He is paying more than double for his requirements of hay and a very considerable advance over the normal for his bran and shorts.

"The cost of milk cans and other dairy utentils is practically double the normal. The cost of bottles has soared to such heights as to make one dizzy to think of it. The cost of producing milk today is therefore more than double that of normal periods even without considering the fact that this has been a very abnormal season and the production of milk and cream per cow is far below the normal.

"Laws enacted during the last few years force the dairyman to add to his costs as a matter of cleanliness. The public is no longer willing to tolerate the quality of milk generally marketed a few years ago. All of this costs money and the dairyman has been paying it while the full charges have not been passed back to the consumer.

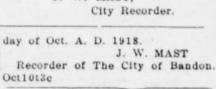

"It has oftimes been said that a man very seldom quits a business where liberal profits are available. The fact that so many dairymen are quitting that they are not making adequate that they are not making adaquate profits-if any at all.

"The killing of dairy calves during the present season has broken all records simply because the country producer could not afford to feed them to maturity. Suggestion has been made in some quarters that the killing of female calves be prohibited by law. This would indeed solve the prob lem providing some means were found to feed and keep the animals. "Dairy experts have for years preached the gospel of 'getting rid of the star boarder'-the cow that does not pay her expense. That is the situation just now. Few are paying their board and there is no improvement of the situation in prospect. "Similar conditions may be spoken of in regard to the future of the beef supply. Owing to the shortage and extreme price of feed more light weight and unfinished cattle have been marketed in the stockyards of the country during the last two seasons than ever before known. The country cannot afford to feed its cattle even at the present price of beef and the journey to market is therefore a necessity. In fact the government has recently requested that the public purchase beef from fight weight animals because the stock must be marketed This means that many thousands of animals that are today coming to market weighing around 600 to 1,000 pounds, would have showed a weight of at least a third more if allowed to fatten properly. This means an enormous loss in the meat supply for the future-a loss that the country can ill afford to contemplate." "Why not have milkmaids now s days?" someone asks. There is a cry that the labor conditions are in a bad way as far as the dairies are concerned. The men have gone to war or into other work and the cows are being killed off because there is no one to mfik them. "What is going to become of the children of this country if that goes on?" is the question asked Some of the girls who are not exactly fascinated by the thought of washing windows, running elevators and carrying mail are looking toward the dairies. They won't wear the costumes seen in light opera but they'll be quite sensible in heavy boots and coveralis and they'll save the day. Here's to the milkmaid of modern days.
