United War Work Campaign Outlined

BANDON WILL RAISE \$2,000

WAR WORK CAMPAIGN OUTLINED AND QUOTAS ARE ASSIGNED

Chas. Hall Named County Chairman
—R. H. Rosa Chairman for Bandon District—No Pledges, Only Cash Will Be Accepted—Seven Organizations Benefitted.

Organization of Coos County for the united war work campaign which takes place from November 11 to November 18, was effected at a meeting last week in the office of Chas. Hall, Coos county chairman, at which division of the Coos county quota of \$18,150 was made among the various districts.

D. A. Jones was appointed chairman of the Marshfield committee, and Edgar McDaniel chairman of the committee in North Bend.

The quota for Coos county is \$18,150, which is to be divided as follows:

- Powers, \$1,700.
- Coquille, \$2,300.
- Myrtle Point, \$2,000.
- Bandon, \$2,000.

This will leave a balance of \$19,150 which is to be divided between Marshfield and North Bend.

Colonel Rosa was appointed chairman of the Bandon Committee. One feature of the campaign is that there are to be no pledges. Cash only will be accepted.

The united war work campaign is the drive by seven soldier welfare organizations for funds. Approximately seventeen million from the entire United States.

The organizations which receive funds in the great national drive are as follows: Y. M. C. A., Y. W. C. A., National Catholic War Council, K. of C., Jewish Welfare Board, War Camp Community Service, American Library Association, and Salvation Army.

The appointment of Chas. Hall to the chairmanship of the county was made by Orlando W. Davidson, director for the state.

Former Bandonian On Ill-Fated Vessel

J. Laird Believed to Have Been Lost on Princess Sophia—Name on List of Passengers.

J. A. Laird, former Bandon resident, father of Mrs. C. H. Neal of this city, and of Tom Laird of Seio, Oregon, is believed to have been a passenger on the ill-fated steamer Princess Sophia, which was lost south of Skagway, Alaska, while en route to Vancouver, Friday night. Three hundred and forty-three persons were on board, and according to messages received there were no survivors. Local relatives state that Mr. Laird had intended to leave on the Steamer Sophia. Since the name of J. Laird appears on the list of passengers, it is taken for granted that he is the one. He was a half-brother of Geo. P. Laird, Republican nominee for sheriff of Coos county.

The Princess Sophia ran onto Vanderbilt Reef in a snowstorm. The following day she was picked up by storming winds and waters, dragged across the Reef and dropped to the bottom of Lynn Canal, an arm of the Inside Passage not far from Skagway. Steamers were en route to her assistance, expecting to pull her off the reef, as she was thought to have been unharmed.

The bodies of 336 victims of the Princess Sophia have been recovered and among the identified dead is John A. Laird.

20 FEET ON THE BAR

That the local harbor improvements now under way are bringing results was proven yesterday, when Captain L. Christensen while sounding on the bar found 20 feet of water at the shallowest place. The soundings were taken at a medium high tide. The tide being 7.8 feet. The soundings were made from the tug Klilyam.

The Bandon District campaign in the United War Work Campaign, November 11-18, has been placed in charge of the local Liberty Loan Committee. The committee met Monday and outlined plans as follows:

Committees Attention
The first named on each committee is chairman of that committee. These, chairmen, both within and without the city limits, are requested to get in touch with Acting Campaign Chairman H. J. McDiarmid as early as possible for more specific instructions, material such as receipt books, etc. Chairmen of committees may make changes in the personnel of their committees if necessary and may appoint additional members if found expedient. However, they will be held responsible for the success of the campaign within the area assigned to them.

It is suggested that chairmen get together with the members of their committees as early as possible and make definite plans so that their specific territory will be thoroughly covered.

A report from each committee should be made to Chairman McDiarmid, in person or by telephone, on Wednesday evening of campaign week, and a second and conclusive report on Monday evening the closing day of the campaign. These reports are absolutely essential to the successful conduct of the campaign.

Bear in mind that the solicitation of these funds is a patriotic duty resting upon those chosen to do the work. It is imperative that the Bandon district quota is reached and each committee is expected to get results.

In making financial reports to Chairman McDiarmid, committees will likewise report the names of those refusing to contribute, stating the reason of each for such refusal.

By order of—
EXECUTIVE COMMITTEE

CAPTAIN ARNOLD IS PLEASED WITH BAR

L. L. L. Organization Officer Who Recommended Improvement Here To Check Up.

Captain W. A. Arnold, in charge of the L. L. L. organization in this section, and Jack Guyton of Marshfield, were here the latter part of last week on a trip of inspection and to check up on local port.

Captain Arnold on his first trip here, after investigating harbor conditions, recommended to the Government that the inner jetty be extended to meet with the south jetty, in order to improve the bar so that vessels would not be delayed in transit, and hinder the production of spruce at the local mills.

Since the Government has removed the old wharf which was an obstruction in the river, and since the Port is doing the work of extending the jetty, Captain Arnold was anxious to see what results were being obtained. He was much gratified to learn that the trouble of having vessels barbound here did not occur this summer and fall.

It is assumed that the present improvement, which was first recommended by Engineer Roy Rozelle, is the cause of the continued deep water on the bar during the slack season.

Mandalay Goes on Rocks

The steamer Mandalay, that formerly plied between Portland and Bandon, was driven on Fauntleroy rocks at the mouth of the Klamath river Sunday morning. It has since been torn loose by the waves and at last reports was drifting up the coast. Coast Guards are standing by to lead aid when conditions get favorable.

REBUILDING ALABAMA AVE.

The work of rebuilding Alabama avenue commenced this week and is progressing rapidly. It is being done by the property owners.

Election Next Tuesday

Next Tuesday, November 5th, is election day. State, county and city officials will be chosen and initiative and referendum measures will be decided. Two ballots will be handed voters who go to the polls, one containing state and county issues and one containing city issues.

Contests, wherein results are questionable, obtain between the following candidates: For U. S. Senator, long term, Chas. L. McNary, Republican; Oswald West, Democrat. For governor, Jas. Withycombe, Republican; Walter M. Pierce, Democrat. State treasurer, O. P. Hoff, Republican; David P. Mason, Democrat. Coos County representative, A. K. Peck, Republican; T. J. Thrift, Democrat. Sheriff, Geo. P. Laird, Republican; W. W. Gage, Democrat. County Clerk, F. C. Getty, Republican; J.

TWO SUCCUMB, IN ONE FAMILY

INFLUENZA CAUSES DEATH OF LAWRENCE BULLARD AND BABY DAUGHTER

Pneumonia Follows Attack of Prevalent Disease in Family at North Bend and Takes Two out of Three—Wife and Mother Also Ill is Now Out of Danger.

Lawrence Orvil Bullard and his baby daughter, Audrey Evelyn, died during the past week at North Bend of pneumonia, following attacks of Spanish influenza. The wife and mother has also been dangerously ill with the disease but at present is out of danger. The deaths occurred at the home of Mr. and Mrs. Warren Bullard, the former being a brother of the deceased. The child succumbed first, having passed away on last Thursday, October 24. Three days later, on the 27th, the father died.

Lawrence Bullard was 27 years of age. He was a son of Mr. and Mrs. R. W. Bullard of Bullards. He was born at that place on December 12, 1891, and spent the greater part of his life in this community, receiving his education in the local schools. He was married on September 12, 1916, to Miss Hazel Shields, daughter of Mr. and Mrs. Vet Shields, formerly of Bullards but at present residing at North Bend. During the forepart of 1917 he moved to North Bend and accepted employment at the Kruse & Banks shipyard, which position he held until the time of his death. He is survived by his wife, his parents, and three brothers, Warren, John, C. and Frank W., and by two sisters, Pearl A. and Mrs. Owen W. Evans.

The body was brought to Bullards and funeral services took place there on Monday of this week, Rev. W. S. Smith officiating. Interment took place at the Bullards cemetery.

Audrey Evelyn Bullard was born at North Bend, July 26, 1917. The body was brought to Bullards and funeral services were held there Saturday, Rev. Smith officiating.

Mrs. Laurence Bullard, the wife and mother whose life has been doubly saddened, is convalescing from her illness and has been removed to the home of her parents at North Bend. The sympathy of the entire community is with her and with the bereaved relatives, all of whom are held in high esteem within a large circle of friends.

STRANGER HAS THE "FLU"
Harry Saunders, Taken Up on Street and Put in Hospital

Harry Saunders of Bloomfield, Cal., who arrived on the last trip of the Elizabeth from the south, was taken in charge by the city authorities Tuesday and placed in a local hospital. He is suffering from a severe attack of Spanish influenza and is without money or friends. When his condition was discovered by a local citizen he was taken to a physician, who ordered him to bed forthwith. His fever was 103. He has since shown signs of recovery and it is thought will escape the pneumonia.

Saunders has been wiring to Bloomfield for money but as yet no answer to his messages have been received.

Case Is Peculiar
G. R. McNair returned home from Eugene Monday, where, accompanied by his mother, he was called by the serious illness of his brother, Errol. The mother will remain there until her son is out of danger. Errol had just recovered from an attack of Spanish influenza when he suffered a relapse. The second dose was much more severe than the first, and although four different physicians were called in, they failed to determine the exact nature of the ailment. It seems that a relapse of the influenza at the present time is peculiar in that the symptoms change from day to day. In this case the patient's symptoms at different times were indicative of pneumonia, typhoid fever, appendicitis and gall stones. Errol was much improved when his brother left and it was believed that he would soon be out of danger. He was taken to a hospital and placed under a special nurse's care.

TO TAKE NURSE SURVEY
The American Red Cross has undertaken a nation wide survey of nursing resources, acting under instructions from the War Department. The need for nurses is very urgent. The purpose of the survey is to show the exact whereabouts of every woman with nursing experience and to establish accurate and complete data with respect to all available resources from which the needs of the country may be supplied.

The Bandon branch of the American Red Cross requests every graduate nurse, every Red Cross nurse or nurse's aid, every practical nurse, midwife or woman with nursing experience to register with Mrs. Harry Walker, phone no. 1234.

Influenza Epidemic Is Still Dangerous

New Cases Have Developed But No Deaths Reported Here This Week—New Precaution Ordered.

While a number of new cases of Spanish influenza have developed in this community during the past week, no deaths have been reported. The situation seems to be somewhat improved, although health officials declare that the utmost precaution must be observed if the epidemic is to be brought entirely under control.

Probably the largest number in one family to be affected by the disease is that of the Herbert Manciet family. Both Mr. and Mrs. Manciet and seven young daughters have been confined to their home during the week. All are now able to be up but they are not yet free from danger.

The cases at Prosper are recovering gradually and the disease seems to have run its course there.

It is certain that the quarantine will not be lifted for some time yet although nothing definite can be said. Mayor Topping is preparing a set of "Influenza Dents" that will be posted throughout the city and will be published next week.

Throat Spray Employed
Under Government orders all men employed at the Moore Mill & Lumber Co. plant, beginning today, must have their throats and nasal passages sprayed once daily. The spraying will be done by a member of the U. S. Army medical department.

Captain French, in charge of the Coos county division of the airplane production service, accompanied by other officers, were here last Friday and inspected the quarters and eating places of the soldiers. He also gave civilian orders, among them being that all barbers must wear gauze face masks while working on a customer. This is being done.

FRED TAYLOR DIES WHILE OUT AT SEA

BANDON YOUNG MAN SUCCUMBS TO PNEUMONIA FOLLOWING SPANISH INFLUENZA

Was Employed by Parr-McCormick Co. on Steamer Myers and Was Near San Pedro When Stricken—Left Here in September After Spending Three Months Furlough.

Pneumonia, following Spanish influenza, caused the death of Fred Taylor, Bandon young man enlisted in the Merchant Marine, several days ago. Information of the death was received here Monday by his brother, Brandt R. Taylor of Four Mile.

From the message received it is inferred the death occurred while the young man was at sea, shortly before reaching the harbor of San Pedro, Cal. He was employed by the Parr McCormick Company of San Francisco on the vessel Myers. The body was taken to Oakland and may later be brought to Bandon for final interment.

The deceased had reached the age of 21 years a few days prior to his death. He was born in Elgin, Ore., and came to Bandon with the family about 12 years ago. His education was secured in the local schools.

The young man, after being engaged in the merchant marine service for some time, came to Bandon in June on a three months' furlough. While here he worked as a chauffeur, being for a time engaged in hauling spruce for Geo. M. Laffaw with one of the latter's trucks. Just before his furlough expired in September he returned to the marine service.

He made his headquarters in Oakland, Cal., where his mother, Mrs. Laura Taylor, his brother-in-law and sister, Mr. and Mrs. C. R. Anderson, and his brother, Jack Taylor, reside. All of the relatives are down with the influenza, the mother and Mrs. Anderson being dangerously ill.

NEW TRAIN SCHEDULE
Reports that the new train schedule as proposed by John M. Scott when he was here recently, will probably go into effect one week from next Sunday or on November 3rd are given on authority, says the Coos Bay Times. The change effects better mail service for the Coquille valley towns and is said to effect also somewhat of a saving for the railroad service which is now hard pressed for all equipment and supplies available.

Funeral Held Thursday
The funeral of Mrs. L. M. Strong was held at Norway at 2 o'clock last Thursday. The services were conducted by Rev. Anderson of Myrtle Point. Interment was made at Norway cemetery.

Many Interested In Laird's Candidacy
Republican Nominee for Sheriff Has Been Prominent in Business Here For Many Years.

Bandon people are especially interested in the candidacy of Geo. P. Laird for Sheriff. Mr. Laird has for many years been prominent in business in this city and community and is looked upon as a thoroughly dependable and capable man for the position. He is known to be conscientious, fearless, and outspoken, and those who know him best testify that he will do his duty as he sees it regardless of friendship or personal interests. Mr. Laird, owing to the influenza epidemic, is not making a personal campaign, as he believes the spirit of the quarantine should be observed in every possible way. Nevertheless he is out for the office and will appreciate the support received from his friends throughout the county.

John Nielson and J. E. Trott were business visitors at Roseburg this week.
