[From the Pilot Rock Record.]

Born—On Thursday, Sept. 26, to the wife of T. G. Boyd, a girl, weight, about 10 pounds.

H. Wade and family of Heppner passed through Pilot Rock last week going to Athena to locate.

F. A. Parish and wife are now located at Weston, engaged in the hotel business, we understand.

Mat. Mosgrove, a drummer for Fleischer & Meyer, was interviewed by Pilot Rock merchants Monday.

Joe Corley and Miss Edith Jones were married at the residence of Mr. and Mrs. C. J. Manning, Saturday evening, September 21, at 8 o'clock, by Rev. A. Y. Skee of Palouse City, Wash.

Miss Lucy Combs was thrown from her horse last week while driving a bunch of horses to the corral, and badly hurt. Fortunately no bones were broken. Her brother missed her and went to look for her and found her among the rocks, where she had lain unconscious for an hour and a half.

White Mrs. Williams, of Ukiah was coming over from the John Day river Thursday, her horse began to buck, turning the saddle and throwing the lady to the ground. A sprained arm and a completely demolished side-saddle is all the harm that was done. Only for the timely arrival of a gentleman in a wagon she would have had to walk 12 miles to her home in Ukiah.

[From the Milton Eagle.]

The case of Sams vs. Taylor, which was tried by a jury in Justice Stowe's court today, resulted in a verdict for the defendant.

The ladies of Milton made a beautiful banner to accompany the fruit exhibit to Spokane. It was inscribed with the following legend in red letters: "Milton's Fruit Exhibit, Umatilla county, Oregon."

E. H. Orcutt, a veteran newspaper man of the Northwest, has been in the city several days looking over the situation. He informs us that he contemplates starting up the Weston Leader if satisfactory terms can be secured on the plant.

Oscar Pierce left last week for Michigan where he will enter the Ann Arbor university. Oscar expects to take a three years course and will direct his studies in the channel of electrical engineering. We wish him the utmost success in his laudable undertaking.

Mr. Archie Spence killed a monster horned owl at his place above town recently. His owlship had been laboring earnestly for several weeks to deplete the visible poultry supply in Mr. Spence's barnyard and that gentleman concluded to contest his rights by the aid of shot and powder, and a part of a night's vigil was rewarded with success. The owl measured four feet eight inches from tip to tip of wings.

[From the Pendleton Tribune.]

County Treasurer Kern has paid \$225 to school district No. 5 at Echo.

Coroner Kimory has learned that Benjamin F. Breeding, who lost his life in the Transfer house fire, has a wife and married daughter in Rohdo, Mo., and another daughter in Illinois.

Since Friday morning local speculators, exclusive of the regular wheat dealers, have made \$5000 on margins by the advance on the price of wheat at Chicago. One gentleman added \$450 to his bank account as a result of the bullish movement.

James Simonton, administrator of the estate of Calvin Cole, has filed a report in the county court showing that 336 sacks of wheat of the crop of 1895, belonging to the estate, remain unsold, and that there is a balance of \$129.36 due him for money expended.

At the shoot of the Pendleton Rod & Gun Club on Sunday, Horace J. Stillman broke the local record for bluerocks, breaking 24 out of a possible 25. Mr. Stillman had a clean score up to his 24th shot when he made a miss. Nevertheless, he established a new record, and won the championship honors from Mr. Sproat, formerly of this city. Mr. Sproat's record was 23.

[From the East Oregonian.]

James Simonton, administrator, reports in the estate of Calvin James, deceased, total receipts \$3,455.55.

C. O. White bagged 16 prairie chickens Sunday, closing the season with a good record. Several friends were favored by him when he distributed them on his return.

M. L. Weston has come in from his extensive sheep ranch at Vinson. He is en route to Horse Heaven. The sheep owned by the firm of which he is a member are

all over near Wallowa and are in very fine condition since the fall rains have caused the grass to spring up on the lower lands. John Bean, one of Mr. Weston's partners, is now in North Yakima making delivery of a large band which has been sold.

The last performance of Chehalis places him in the class of the swiftest pacers in the world. Records in races are only a few seconds below the mark made by Chehalis, and horsemen believe that he can go a mile in even better time than 2:07. Chehalis belongs to a very aristocratic family of equines. Altamont, his sire, having produced as sons: Chehalis, 2:07; Doc Sperry, 2:09; Pathmont, 2:09; a grandson, Klamath, 2:08.

Held a Siwash Up.

As a gentleman of off color was wending his way from the Umatilla reservation to Elgin, Tuesday, on horseback, says the Recorder, he was suddenly confronted by two men, one wearing a mask, and in thunderous tones commanded to throw up his hands and dismount. Having complied with the commands his pockets were gone through and his knife and a dollar in money, all that he had, was taken from him, after which the roadagents ordered him 'get on his horse and dust.' This latter command was not needed as the robbed man had no inclination to linger in the mountains and he lost no time in reaching the settlement.

Murder in the Second Degree. John Basin who shot and instantly killed his neighbor John Flemming on the 1st of April, was tried in the circuit court of Wallowa county this week and found guilty of murder in the second degree. Judge Eakin sentenced him to the penitentiary for life.

Confusion as to the choice of a blood-purifier is unnecessary. There is but one best Sarsaparilla, and that is Ayer's. This important fact was recognized at the World's Fair, Chicago, 1893, being the only blood purifier admitted to be placed on exhibition.

Fruit Shipment. An immense quantity of fruit is being shipped from Union. Yesterday the Oregon Fruit Union sent out three car loads consisting principally of prunes.

Crawford, in Pendleton, is selling harness and saddles at bedrock prices.

A SAD ENDING.

Driven Wild by Continued Poverty a Woman Suicides.

A sad story of poverty, continued disappointments and finally death, comes from the Wallowa country. The names of the parties are not obtained, but the facts concerning them are, and are as follows:

About a year ago on the old homestead in Pennsylvania, a happy couple were married. The farm was small so the young folks came west to seek their fortune. They located in the Wallowa country a few weeks ago, after wandering from place to place without striking a paying location and things ran on from bad to worse until this week when the young woman took a revolver and blew her own brains out.

This is indeed a sad story but alas, too true, and yet if it was known, hundreds of people today are poverty stricken, among strangers and know not where to turn to make an honest dollar.

To Prevent Potato Scab.

The result of a series of trials of the corrosive sublimate treatment for potato scab at the Indian station are as follows: Potato scab is caused by the attack of a minute vegetable parasite. It chiefly attacks the crop through infected seed material. The seed material may be disinfected by immersion in a bath of corrosive sublimate. The corrosive sublimate solution should be of the strength of two ounces to fifteen gallons of water. The bath should be about an hour and a half long, although some variations in time is immaterial. Cutting and planting is done as usual. The result of the treatment is a crop essentially free from bluish and of great market value. Sometimes a considerable increase in yield results from the treatment. The method is easily and cheaply applied and is worthy of extended trial.

A Texan Humorist.

The Marine band recently played in Austin, Texas, with the following result in the local paper: "The delicate compliment paid Austin by the United States government in sending a marine band just as we have secured deep water, at once establishes us as a seaport town. Professor Fanciulli, the director, though a finished musician, seems a little worm-eaten in his etiquette, as he deliberately turned his back on the audience almost the entire time. There are thirty two

silver horns in the company, and but two gold ones, and several sensible politicians immediately left the house on thus having the 16 to 1 ratio thrust upon their notice. This political element should be obliterated from the band, or it will make enemies. No. 3 of the program, 'The Monastery Bells,' is a descriptive piece, and the music is supposed to represent a scene in a monastery, as follows: Supper bell benediction, windy morning in mountain gorge, convent chimes, passing the butter, roar of avalanche in the distance, chestnut bell, call to prayer, telling the rosary, retiring bell, moonlight on the snow, game of seven-up, chink of silver, monk turns jack from bottom, pistol shot, convent bell tolls for funeral. One thing about the band we regard as very reprehensible. During every piece they played, quite a number of the players stopped playing entirely and gazed carelessly around. If we were running said band every man in it should play as hard as the rest or be docketed for time."

Over Thirty Years Without Sickness.

Mr. H. WETSTEIN, a well-known, enterprising citizen of Byron, Ill., writes: "Before I paid much attention to regulating the bowels, I hardly knew a well day; but since I learned the evil results of constipation, and the efficacy of

AYER'S PILLS, I have not had one day's sickness for over thirty years—not one attack that did not readily yield to this remedy. My wife had been, previously to our marriage, an invalid for years. She had a prejudice against cathartics, but as soon as she began to use Ayer's Pills her health was restored."

Nervous

People should realize that the only true and permanent cure for their condition is to be found in having

Pure Blood

Because the health of every organ and tissue of the body depends upon the purity of the blood. The whole world knows the standard blood purifier is

Hood's Sarsaparilla

And therefore it is the only true and reliable medicine for nervous people. It makes the blood pure and healthy, and thus cures nervousness, makes the nerves firm and strong, gives sweet sleep, mental vigor, a good appetite, perfect digestion. It does all this, and cures Scrofula, Eczema, or Salt Rheum and all other blood diseases, because it
