He went to Athena to buy a suit of clothes. He had put by a little money each week for this. A suit of clothes he must have, even if hat and shoes were a bit shabby.

Well, he looked like this when he came away, for he had in a bundle the suit, a hat a pair of shoes, a couple of shirts and collars, necktie and silk handkerchief.

It was this way:

That money, saved for a suit of clothes, was sufficient to purchase not only the suit, but the entire outfit, and—the story is told.

**Wheat and Pork.**  
England's wheat area was diminished by 510,000 acres, over 26 per cent last year, while at the same time the number of pigs was increased over half a million, or 21 per cent. It is evident that the country cannot profitably produce its own breadstuffs, but no reason has yet been found for the turn toward pork.

Punishment Meted Out to Edward Downs, a Forger.

Edward Downs, a barber in the employ of Charles Fuqua, was arrested by Sheriff Houser on Sunday night within a few minutes after he had passed a forged check for \$20 at the Hotel Pendleton, says the Tribune. The check was accepted by night clerk Hayes, who advanced Downs \$5 on it. The clerk had no doubt as to the genuineness of the paper, or if he had, it was dispelled by the sight of a customer's draft on the First National bank for \$3465 which Downs showed him. The draft bore what purported to be the signature of Sam P. Sturgis, cashier of the bank.

Sheriff Houser was sitting in the lobby of the hotel, and when Downs took his departure asked to be shown the check. He failed to see any resemblance between the alleged signature of Mr. Sturgis on the paper and the signature of that gentleman on other documents. This aroused his suspicion, and he inquired of the bank officials whether Downs had an account with the bank as he asserted. Receiving a negative reply, he returned to the hotel and arrested the forger. On the way to the county jail Downs broke away, and led the sheriff and Deputy Sheriff Carney a merry chase up Water street to Thompson, down to Court, back toward Water, where he was headed off by Mr. Carney, and down towards Alta. Deputy Carney fired three shots in the ground, and the reports of the revolver had the effect of bringing the prisoner to a halt. He was then taken to the jail.

When searched, the draft for \$3465, and several forged checks, one for \$10 and one for \$5, at Chas. Beale's confectionery store.

Downs was arranged before Justice Parkes Monday, and was recommended to the grand jury.

Downs was indicted by the grand jury, arranged before Judge Lowell, and, pleading guilty, was sentenced to two years in the penitentiary. All this happened within 20 hours after his arrest.

**BODY OF AN INFANT.**

Found in a Bank of Earth in East Pendleton.

A Pendleton paper tells of the finding by workmen, of a box containing the skeleton of a baby in an out-of-the-way place in east Pendleton. It was found in a bank 25 or 30 feet from the railway crossing on the north side and 200 yards west of the city pump station. The box was 16 inches beneath the surface. It was about the size of a macaroni box, 18 inches long 8 inches wide and about five inches deep. The body was wasted away and only the skeleton was left, covered with the garments which had been placed about it before the mother or father or some one else, consigned it to its lonely resting place apart from those who inhabit the city of the dead. The clothing appeared to be well preserved, but when handled it crumbled and fell to pieces.

Coroner George Kimery took the body in charge and gave it burial in the cemetery. Mr. Jacques, who is one of the contractors, had had the ground broken and the teams in passing over it had effaced any marks which might have been left by those who buried it in this deserted place. Mr. Kimery thought the body had been there for three years or more, although the box did not appear to have been long under ground, as the wood was not in the least rotted.

It is the intention of the projectors to lay the surrounding land out in 10-acre tracts and sell them to persons who desire to go into farming and fruit raising on a small scale.

**GUILTY OF ASSAULT.**

John Seibert Convicted and Sentenced to Jail.

John Seibert, indicted for assault with a dangerous weapon upon John Mason, had his trial before Judge Lowell in the circuit court last Saturday. The evidence tended to show that late in June, Seibert suspected Mason of having turned down a fence and a sign of "Wood for Sale," belonging to him, and determined to have revenge for the fancied wrong. He secured a shotgun and fired at Mason as he was returning to his home near Weston, but fortunately missed his mark. He then picked up a rifle and pursued Mason for several miles, but was unable to overtake him. The case was given to the jury about 5 o'clock, and at 9:15 a verdict of guilty was returned. The defendant was recommended to the mercy of the court, and, waving time for sentence was given one month in the county jail.

W. M. Pierce was the attorney for Seibert. Mr. Lawrey represented the state.

**A Sufferer Cured**

"Every season, from the time I was two years old, I suffered dreadfully from erysipelas, which kept growing worse until my hands were almost useless. The bones softened so that they would bend, and several of my fingers are now crooked from this cause. On my hand I carry large scars, which, but for
