

THE SUIT WHICH WAS SETTLED.

Agreement Between Secretary Kincaid and the Normal School Agents.

Weston Normal School case to have been finally settled to satisfaction of all parties concerned. It was announced some time ago that the secretary of state had agreed to certain things which were agreeable to the regents of the school and the case was dismissed by the attorneys employed by the board, Messrs. Reeder & Raley and Judge Ballery, Col. Raley having met the secretary at Portland and come to an understanding. Col. Raley stated to an East Oregonian reporter the terms of the agreement as follows:

"The statement which was published in the Portland Oregonian and other papers to the effect that the plaintiff met with a non-suit leaves an erroneous impression regarding the true status of the case. While the legal term, non-suit, may be susceptible of various interpretations, it has generally been taken by the people in this case as meaning that the plaintiff was forced out of court. The facts are that the dismissal of the case was perfectly in line with the wishes of the regents, whom we, as counsel, represented, and that the secretary has conceded all the things which were vital in the issue. By coming to an amicable agreement in the premises, long and tedious litigation has been avoided and the interests of the people, as represented by the secretary, and of the normal school, as represented by the regents, have been conserved. The agreement provided that the case should be dismissed on our motion; that the secretary should immediately transmit to the school a certain amount of money, and that the school should continue to receive the money regardless of decisions in other cases pending. In pursuance of this agreement the school has already received \$2600 from the secretary, and will doubtless continue to receive the money as fast as it is needed. The settlement of the suit gave the regents great satisfaction, and clears the way for the future conduct of the school without being hampered by annoying differences between the regents and the secretary of state.

"An important feature of the agreement is that in the future the auditing of the amount due to employees of the school will be done by the board and not by the secretary, the secretary to be an auditor only so far as the technical correctness of the accounts is concerned."

A Close Call.

Two railroad men had a miraculous escape from being ground to death beneath the wheels of a freight train near Pendleton, Monday. They were on a railroad bicycle, when suddenly from around a sharp curve, shot a huge freight engine pulling a heavy train of cars. The engine was not more than 50 feet away when the men discovered it. They frantically sprang from the bicycle, Mr. Evans alighting on his back in the middle of the roadbed. With the train only 20 feet away, with a superhuman effort he sprang from his perilous position to one of safety, outside the rails. The other gentleman, Mr. Peter Devereux, succeeded in extricating himself from the bicycle, and pulling it after him, together man and machine rolled down the embankment and brought up against a barb wire fence. Aside from a few severe scratches, both men escaped injury.

Locked in a Freight Car.

A. B. Jones, a gentleman residing at Gibbon, had business which demanded his immediate attention in Pendleton Thursday of last week. A freight train passing, he jumped into a box car. After he had boarded the car the usual railway seal was put on the door. When the car was sidetracked in Pendleton Jones could not get out, and he raised such a disturbance that the door was opened and he was allowed a breath of fresh air. He was arrested and held until the contents of the car were checked up, and, as nothing was found missing, he was then released. Hereafter Jones will pay carfare.

Change of Time.

It is stated on apparently good authority that on December 1st there will be a change in time on the Washington branch of the O. R. & N., by which close connection will be made with the freight train on the main line, and eight or ten hours cut from the running time to Chicago. It is said that by the new time card the train from Spokane will arrive here early in the morning.

A Manufacturing Plant.

Pendleton business men are wrestling with a \$2000 proposition made them by parties to establish a foundry and machine shop, which

will be used in the manufacture of watermotors, and other machinery. Their proposition is that the town give the factory \$3500 in property. For this in return, the parties interested go into articles of agreement to employ not less than 15 men, with a payroll of not less than \$1500 per month. Two thousand five hundred dollars of the amount asked has been subscribed.

Would be a Mayor.

Dr. Geo. W. King wants to be mayor of Pendleton. He is running independently, and from the following editorial squib, which recently appeared in the East Oregonian, we would surmise that the doctor is not having everything his own way. "Dr. King, candidate for mayor, after a residence of about a year, and whose name as a taxpayer is not yet on the city tax roll, is busy these days writing anonymous letters to the paper, he has a mortgage on and spreading misleading pencil-made statements among those who might be influenced to vote for him. His energy is only equalled by his 'gall.'"

Will Change Coal.

The railroad company has adopted a change on coal and will hereafter use coal from Diamondville, Colorado, between Huntington and Pendleton, instead of using the Roslyn product as heretofore. This change is made as a matter of economy, as it will save the hauling of the Roslyn coal across the Blue mountains. Then the Diamondville coal makes a better fire and a tank of coal will last a passenger engine the round-trip between La Grande and Umatilla. The company is now receiving a supply of Diamondville coal at this point for use during the winter.

To School Directors.

County Superintendent Woodruff calls attention of the school directors to the fact that another apportionment is to be made the latter part of December. It will be at least \$1.50 per capita. In the small districts where there are to be but three months or less of school this fall, directors should figure so as to extend all their funds and not to have any on hand at the beginning of the school year, March, 1896. If they do have any funds, the district will forfeit the same, the money reverting to the county school fund.

Will Be No Change.

It is stated that the change in time on the Union Pacific out of Chicago will not effect the time on the O. R. & N. The new card went into effect Sunday night on the Union Pacific at midnight, and, under it, the leaving time from Chicago is changed from 2 p. m. to 6 p. m. This time is made up between there and the end of the O. R. & N., so that the old time card will still hold good on the Oregon road. The impression is given that for the present the O. R. & N. receiver will make no change whatever in the running time of trains.

Lumber Will Go Up.

Lumber prices seem certain to go up with a bound with the opening of the year. January 1, the largest combine ever made will begin to control the trade of the Pacific coast. It is the Central Lumber Company of San Francisco, the successor to the Pacific Pine Lumber Company, and it represents a capital of at least \$45,000,000. It includes every mill of importance in the region west of the Cascade mountains, from San Francisco on the South to Vancouver, B. C., on the north.

Nine Were Successful.

Nine of the applicants for teachers' certificates who underwent the quarterly examination were successful. State certificates will be issued to Mrs. M. Rosenberg and W. M. McBroom; first grade certificates to Mrs. Florence Kelley and G. A. W. Russell; second grade to Kate Downey; third grade to Loretta Schomp, Lorena Long, Anna Van-cil and Kate Perry.

The First Time.

For the first time in the history of Umatilla county, notices of a United States marshal's sale were Saturday posted through the county. The sale will be on the 27th inst., and the stuff sold belonged to John Strodel who was recently arrested and fined \$100 for cutting timber on government land. Dept. United States Marshal Bentley will officiate as auctioneer at the sale.

Prisoners Escape.

Four prisoners in the county jail at Colfax made their escape Sunday night by overpowering the jailer and taking his keys from him. A large party of citizens are out scouring the country in search of the escaped prisoners. One was captured.

Newsy Items of Interest from Our County Exchanges.

(From the Milton Eagle.)

Elder J. B. Daisley, of this city, filled the Walla Walls Christian church pulpit last Sunday.

Eph. Marsh who for years has resided at Adams, moved his family to this city Wednesday and will hereafter be one of us.

A. J. Crigier, the orchardist, is reported as being quite ill at his home below town. He is afflicted with some kind of nervous disorder.

The little son of William Reeser is on a fair way to recovery. His skull was fractured back of the ear and was trephined and the depressed bone elevated. In playing "blackman" he fell and another boy fell upon top of him, striking his knee upon the boy's head with so much force as to fracture his skull.

Fred, the 13-year-old son of J. C. Hodgen, who lives five miles northwest of this city, met with a fearful accident when returning home on horseback from church at Ingle Chapel on Sunday evening last. When near home his horse shied and fell, the foot of the boy being caught underneath the animal. The foot was crushed and the ankle dislocated, and both bones of the leg were broken, the fractured ends protruding through the flesh six inches.

(From the Pendleton Tribune.)

W. J. Furnish, for mayor, A. W. Nye, for marshal, and R. B. Beatie, for councilman, have filed their certificates of nomination with the clerk.

J. W. Young, a prominent farmer of Weston, intends to plant 10 acres of beans next year. He thinks that quite a profit can be made out of bean culture.

In the case of Ad Rothrock against T. A. Lieuallen, Judge Lowell allowed judgment by default. The plaintiff sued for \$329 on a promissory note.

Messrs. Poe and Peoples, of Endicott, Wash., took 3500 head of sheep out of the country about Pilot Rock a few days ago. They purchased the sheep from different stockmen.

Final homestead proof were filed with County Clerk Burrows Monday by John Lubbs and Milton E. Pomeroy.

C. O. White yesterday received from Dayton, Ore., a fine pointer, for which he paid \$100. The cost of shipping the dog to Pendleton was \$30.

(From the East Oregonian.)

A contract has been awarded to Capt. Hanna to do some filling in for the O. R. & N. on the lines running out of Pendleton north and west.

The physicians have made an examination of Leo Lent's foot, crushed by the cars the other day, and find that amputation will be necessary.

Mayor Taylor has received word that Mayor Sidney Collins, brigade inspector, will visit Pendleton on November 22, Friday of this week to muster in the new company of militia which has been organized here.

Columbia George, an Indian, was released on bonds. He was held to the grand jury for stealing clothing from the Peoples Warehouse and Alexander & Hexters.

(From the Pilot Rock Record.)

Marion Mulkey is driving stage in place of Mr. Kees, who is laid up with rheumatism.

There will be a dance at the hall Thanksgiving night for the benefit of the public school.

L. E. Roy is now at work on his horse shoeing machine. Roy says when it is done he will have revenge on some of the cayuses of this neighborhood.

Born—To Mr. and Mrs. H. Stewart, Monday, the 11th inst., a girl. Mr. Stewart leads the van this year but there are more to follow.

East Oregonian. The farmer, knowing this to be a rare bird in this latitude, and wishing to secure it, opened fire on it at 20 feet, with a small pocket pistol, having nothing better at hand. After having emptied every chamber in the gun without effect, he was on the point of throwing the pistol at the owl in disgust when the thought struck him that he might be able to catch it. The owl was so completely dumbfounded, either bybits inhospitable reception or the poor marksman ship of its would-be captor, that, after a few feeble hops, it allowed itself to be captured. It measures nearly five feet from tip to tip of its wings. Its head and part of its body and the under part of its wings are a beautiful, creamy white, while its back and top tier of wing feathers are white, flecked with brown. An effort will be made to domesticate the beautiful bird.

Big Wolf Drive.

Charles Chapman of McKay creek, is working up a big wolf drive in which he hopes to interest 300 or 400 persons, says the East Oregonian. The plan is to circulate a large extent of country, beginning at the mouth of Butter creek and extending to the foot of the mountains and out on the reservation. Both whites and Indians will be asked to co-operate and make an effort to rid the country south and east of Pendleton of the "pesky varmints" which pester the farmers by carrying off fowls and by killing sheep. Several Pendleton sportsmen have been interested in the scheme and, if the hunt takes place, will assist in the chase.

No Hope for Him.

Arthur Hester, husband of an estimable lady who, years ago, was known to Milton people as Miss Joan Craven, is in a Portland hospital where it is expected he will soon be subjected to a severe and dangerous surgical operation. The home of Mr. and Mrs. Hester is in Dayton, Washington. The Eagle learns that there is little hope of the gentleman's recovery and that the operation is the last forlorn hope.

Parker Acquitted.

Deputy United States Marshal F. J. Parker was acquitted in the case against him for alleged unlawful handling of a lady prisoner. The case came up for trial in the United States court at Walla Walla before Judge Hansford.

The Northern Pacific Farmer, Published at Portland Oregon, now in its twenty-first year, is the best and in fact the only truly weekly agricultural paper published in the Northwest. It is edited by Frank Lee, the granger editor, assisted by scores of correspondents, and contains from 16 to 32 pages weekly, of agricultural, horticultural, stock, poultry, Western market reports, childrens, household, and other items of interest that no one who has any interest in the farm or the Northwest can afford to be without. At \$1 cash in advance per year for this large weekly makes it the best and cheapest paper in the United States. To all new subscribers who will pay one year subscription to THE PRESS in advance, and all old subscribers who will pay their back subscription and one year subscription in advance to THE PRESS will receive this great Northwest journal free for one year. No one can afford to be without it.

SPECIFIC FOR SCROFULA.

"Since childhood, I have been afflicted with scrofulous boils and sores, which caused me terrible suffering. Physicians were unable to help me, and I only grew worse under their care. At length, I began to take

AYER'S Sarsaparilla, and very soon grew better. After using half a dozen bottles I was completely cured, so that I have not had a boil or pimple on any part of my body for the last twelve years. I can cordially recommend Ayer's Sarsaparilla as the very best blood-purifier in existence."—G. T. REINHART, Myersville, Texas.

AYER'S THE ONLY WORLD'S FAIR Sarsaparilla
Ayer's Cherry Pectoral cures Coughs and Colds

Nervous

People should realize that the only true and permanent cure for their condition is to be found in having

Pure Blood

Because the health of every organ and tissue of the body depends upon the purity of the blood. The whole world knows the standard blood purifier is

Hood's Sarsaparilla

And therefore it is the only true and reliable medicine for nervous people. It makes the blood pure and healthy, and thus cures nervousness, makes the nerves firm and strong, gives sweet sleep, mental vigor, a good appetite, perfect digestion. It does all this, and cures Scrofula, Eczema, or Salt Rheum and all other blood diseases, because it

Makes Pure Blood

Results prove every word we have said. Thousands of voluntary testimonials fully establish the fact that

WHAT YOUR THUMB TELLS
Square Type.

The thumb is an unerring index of character. The Square Type indicates a strong will, great energy and firmness. Closely allied is the Spindled Type, the thumb of those of advanced ideas and business ability. Both of these types belong to the busy man or woman; and Demorest's Family Magazine prepares especially for such persons a whole volume of new ideas, condensed in a small space, so that the record of the whole world's work for a month may be read in half an hour. The Circular Type indicates refinement, culture, and a love of music, poetry, and fiction. A person who enjoys the literary attractions of Demorest's Magazine. The Phiboscopic Type indicates a love of beauty and art, which will find rare pleasure in the magnificent picture of roses, 15 3/4 x 2 1/4 inches, reproduced from the original painting by De Languey, the most celebrated of living flower-painters, which will be given to every subscriber to Demorest's Magazine for 1896. The cost of this superb work of art was \$300.00; and the reproduction cannot be distinguished from the original. Besides this, an exquisite oil or water-color picture is published in each number. A person with this type of thumb will thoroughly enjoy the literary attractions of Demorest's Magazine. The Phiboscopic Type indicates a love of beauty and art, which will find rare pleasure in the magnificent picture of roses, 15 3/4 x 2 1/4 inches, reproduced from the original painting by De Languey, the most celebrated of living flower-painters, which will be given to every subscriber to Demorest's Magazine for 1896.
