Judge Bennett is a man of good, sound sense and made many friends while here. Tribune: L. G. Frazier, chief of the fire department, is satisfied that he will have no trouble in raising the necessary amount of money to provide the prizes which are to be competed for in the forthcoming firemen's tournament. He expects to make a very satisfactory report within a few days. A few days ago John Duffy, while engaged in butchering a hog, met with the loss of a finger. He was in the act of "sticking" the porker, when he lost his balance and the hog, in the tussel, snapped the third finger of the right hand off near the second joint. John came to town and Dr. Sharp dressed the hand. The Pendleton militia company will be appointed the signal company of the battalion, and have a signal corps and a heliograph and be able to send messages from the Blue Mountain peaks to the tips of the Cascades. Several expert telegraph operators belong to the company and the heliograph code is just like the Morse telegraphic code used by operators. Tribune: J. A. Gross, of Helix, came into town yesterday to transact a little business. "I have just been up to the reservation," said Mr. Gross when seen yesterday afternoon, "to pay some of those Indian beauties a little money. I find things are looking quite nicely along the road. This little rain

has helped matters out a great deal. The Athena band has accepted the proposition made them by Prof. Frank Henry, of La Grande, who will teach and lead the organization. Through the untiring efforts of W. E. Young, a monthly payment of \$15 is guaranteed by the business men and the band members raise the balance of Mr. Henry's salary. A gang of men has been put to work tearing up the worn out rails on the lines of the Washington & Columbia River railroad, and putting down new ones in their places. The supper given by the ladies of the Baptist church was well patronized by our citizens. The quilt was bid in at auction by Chas. Stansell for \$15.00. Several Athena ladies were Walla Walla visitors Saturday. Spring is somewhat backward, but vegetation is booming. B. F. and Frank Mansfield were in Pendleton yesterday. The wood-saw was in operation yesterday. Elder Rushing was in Pendleton yesterday. Baker and His Gold Machine. Chief Deputy Assessor M. A. Baker, who has had Will Robbins experimenting with his gold machines at the mouth of the Umatilla river for some time, is perfectly elated at the success of the same. Having found, however, that verdigris accumulates too rapidly upon the copper rifles and discharge plate, he is preparing to send away both his large machines and the model, which can be carried under the arm, to be electro plated. Mr. Robbins, who has bought from Mr. Baker a sixteenth interest in the machine, which he will not resell for \$5000, calls the patent "the little money maker," which he considers a much better name than that of "the fine gold saving machine," as christened by the patent. One hour's work of the large machine yielded \$1.85 in gold, while the model in the same time saved just \$1 worth of the same precious metal.—Tribune. Burned By Lamp Explosion. Mrs. N. R. Springer, who is a guest of the Bennifields at Weston, met with a very serious accident on Friday night last. She was ready to retire when the lamp, which was upon the table by the bedside exploded and set fire to her underclothes badly burning her about the breast and face. Dr. Price's Cream Baking Powder Awarded Gold Medal Midwinter Fair, San Francisco. Mulkey Released From Prison. Portland, April 28.—C. J. Mulkey, who was convicted of smuggling opium two years ago, was released from the county jail yesterday, having completed his sentence of one year. He was also fined \$5000, but he swore to being without funds and was released under the pauper act. Awarded Highest Honors—World's Fair, DR. PRICE'S CREAM BAKING POWDER MOST PERFECT MADE. A pure Grape Cream of Tartar Powder. Free from Ammonia, Alum or any other adulterant. 40 YEARS THE STANDARD.

WILL COMPLETE THE LOCKS. A Prominent Citizen of The Dalles Offers to Perform the Work. The people of the Inland Empire have despaired of seeing the locks at the Cascades opened for traffic this year if the government is depended upon to perform the work, says The Dalles Times-Mountaineer, and will be pleased to learn that there is a prominent resident of that city who says he is willing to enter into a contract with the government to riprap those walls that are condemned as being unsafe, and will open the locks for the passage of boats within one month, if the government will give him the use of the canal for one season. He will agree to put the canal and locks in perfect order, pass boats through free of charge during the entire season, and assume the responsibility of operating them free of charge, if allowed the use of the canal for a fish trap during the salmon season. What better can the government ask than this? If the work is done by the government it will cost no less than \$20,000, and now it can save that amount by turning the job over to a private citizen. And what better proposition can the citizens of the country ask, since they have abandoned all hopes of the government doing anything toward opening the locks this year? It would be well for The Dalles Commercial Club to inquire into this offer, and have it submitted to the war department. OBITUARY. After about five weeks of terrible suffering, Mr. W. A. Whitman bids farewell to all on earth. Mr. Whitman was born in Warren county, Ill., September 28, 1844, came to Oregon with his parents in 1850, was united in marriage with Miss Martha Pruett, March 20, 1873. Nearly thirty years ago the deceased took up a claim about a mile from Weston, where he and his family were still living, when on April 24, 1896, at 9:15 a. m., he was summoned to enter upon the fullness of eternal life. Four children preceded him to the grave. While the dear wife, four sons and one daughter remain with us here upon earth. At the age of 16 years Mr. Whitman confessed Christ as his Saviour, since which he has been an exemplary Christian, bringing up his children (with the nearly co-operation of his pious wife) in the nurture and admonition of the Lord. Deceased will long be remembered by all who knew him, he was an affectionate husband, an indulgent father and a much honored and respected citizen; a gentleman, who had known him well for many years, said to me on the day of his death, Mr. Whitman was an honest, pure man. The family feels their loss more severely than all others, but the Christian church at Athena realizes that it has lost a worthy, useful member, and our county has lost a citizen whose place will be hard to fill. His aged mother, whose home is in Monmouth, Oregon, was with him during most of his illness, and at the time of his death. The funeral service was conducted by Elder Daisley and the writer at the home of the deceased, at 2:30 p. m., April 26. Elder Daisley delivered the address, his text being Phil. 1, 21, "For me to live in Christ and to die is gain." Mr. Whitman was also a member in good standing of the Woodmen of the World. The funeral was very largely attended, eight-six vehicles were in the procession. faithful toiler they work all done, beautiful soul into glory gone, beautiful life with its crown now won, God giveth thee rest. G. RUSHING. CROPS, FRUIT AND STOCK. Compiled From the Climate and Crop Bulletin Report. The rains have retarded late spring sowing; wheat sown after May 1 seldom gives a good crop, hence about all the grain that will be sown this year is in the ground. The fall and winter sown grain is stooling finely. Spring sown has good growth. The soil is unusually well soaked and the farmers are pleased over the prospects for the year's crops. As a rule but little rain falls over Eastern Oregon after May 1, and the year's crops are dependent upon the moisture in the soil and the occasional showers of May and June; should the soil not be moist on May 1, then it requires good rains in May and June for good or average crops, but when the soil is moist, as it is this year, then light or occasional rains are sufficient to produce good crops. Hot east winds in June will sometimes dry up the growing grain, and produce such destruction that where 40 bushels of wheat to the acre could be counted upon, the yield would be reduced to even 10 bushels per acre. These hot winds especially affect Wasco, Sherman, Gilliam and Morrow counties. They are of rare occurrence, but as they do at times occur, the flattering prospects of this week may be entirely removed by next week. These hot winds, when they do occur, prevail from June 10 to 30. Current conditions are extremely favorable to all grain. In the Columbia river valley the

fruit shows but little injury from the frosts. The correspondents as a rule report no material or general injury. The fruit trees have been filled with bloom and the embryo fruit is now setting. To the south of the mountains the fruit is just coming into bloom, and the weather for the next few weeks will determine the crop. One thing is certain, there has been less injury to the fruit in Eastern Oregon than in the western portion of the state. The rains have caused the grass to grow, and excellent food for cattle is at hand. The stock wintered well and are now in good condition. Lambing is nearly over. In the section where the snow was heavy several weeks ago some loss to the lambs resulted, but as a whole the lambing season was successful, and but little loss resulted—fully nine-tenths of all the lambs born were saved. Move to Collect Taxes. Sheriff Houser is sending out notices to all who are delinquent with their taxes for 1894. These will only be given 30 days in which to pay without having additional costs added. The notice reads as follows: This is to notify you that your name appears on the delinquent tax roll for 1894, and against which there is a tax amounting to \$..... unpaid, that I send you this notice in order that it may save you any further costs. This will be the only notice given you before making levy. Very truly yours, ZOE H. HOUSER, Sheriff Umatilla County, Oregon. Waterman Items. Waterman, April 29, 1896.—Weather rainy. Death visited the neighborhood recently. Mr. Conrad lost a girl by scarlet fever. Mr. J. F. Zerba is plowing his brother's place. Mr. H. A. Davis conducted a silver medal contest at Stanton school house in Vansycle last Saturday night. The contestants were Mrs. Brotherton, Grace Joy, Annie Ringel, Mabel Tompkins, Bessie Raymond and Janie Tompkins. Bessie Raymond bore off the medal with a percentage of 95. The lowest was 86. Miss Woodruff presented the medal with some most interesting and pleasing remarks. The house was well filled and all seemed well pleased. Mr. H. A. Davis and family are back having been away on a visit to Wallula for several days. Mr. Clink did not hold meeting last Sunday on account of the danger from scarlet fever in this neighborhood. There is some complaint of wheat being too thin on account of the cold and wet weather. Weeds are doing well, mustard especially making the fields yellow, but is being turned down pretty fast. What's the political outlook? Everybody asks but nobody seems to know. Certificates Filed. All the nominees of regular parties in Umatilla county have filed their certificates of nomination, and the list is now complete, the democratic, republican and populist tickets being now filled out to the last office. Yesterday was the last one on which nominations could be filed. Independent nominees have 15 days longer. The county clerk cannot yet prepare the official tickets as the independent candidate will have opportunity to get on the ticket and the list must remain until May 15. Mr. D. P. Davis, a prominent liveryman and merchant of Goshen, Va., has this to say on the subject of rheumatism: "I take pleasure in recommending Chamberlain's Pain Balm for rheumatism, as I know from personal experience that it will do all that is claimed for it. A year ago this spring my brother was laid up in bed with inflammatory rheumatism and suffered intensely. The first application of Chamberlain's Pain Balm eased the pain and the use of one bottle completely cured him." For sale by Osburn. Clover Crown Every Month. A. A. Crozier reports that at the Michigan station red clover was sown during the latter part of each month in the year. Success resulted only when seeding was made in February, March, April and December. The July seeding failed to come up until the fall rains began, and the plants from seeding in July, August, September and October succumbed to the winter. Wanted. A reliable lady or gentleman to distribute samples and make a house-to-house canvass for our Vegetable Toilet Soaps and Pure Flavoring Extracts. \$40 to \$75 a month easily made. Address, Crofts & Reed, Chicago, Ill. Dr. Price's Cream Baking Powder World's Fair Highest Medal and Diploma. A Present For All. Any one purchasing to the amount of \$15.00 at Max Lewin's store, in cash, will be presented with a set of silverware consisting of 1 table fork, 1 table knife, 1 table spoon and 1 teaspoon.

Sweep... a Carpet with a Broom,

then follow it with a "Bissell" Sweeper, and unless the Carpet is extra clean, the Sweeper will find more real dirt than the broom. Why is it? We might just as well ask why a broom will follow a rake and take up more dirt. The soft brush of a "Bissell" Sweeper reaches down into the carpet and lifts out all the fine dirt and dust that a broom cannot reach; use it as you will. We will sell you one for \$2.

C. W. Hollis, Athena.
