Watch Repairing Is My Business

and I give careful, painstaking attention to it. I give special attention to the repairing of fine watches—the kind of watches that need extra careful adjustment. I try to have my work give such satisfaction as will win the confidence of all who leave their watch repairing in my hands. I want you to feel that when you leave your watch with me for repairs, the work will be done to the best of my ability and in a competent manner. It is my ambition to add to the reputation I think I have in a small measure already established, of doing honest, thorough watch repairing. H. H. HILL, Athena, Oregon.

Byron used a great deal of hair-dressing, but was very particular to have only the best to be found in the market. If Ayer's Hair Vigor had been obtainable then, doubtless he would have tested its merits, as so many distinguished and fashionable people are doing now-a-days. Some people are constantly troubled with pimples and boils, especially about the face and neck. The best remedy is a thorough course of Ayer's Sarsaparilla which expels all humors through the proper channels, and so makes the skin become soft, healthy, and fair. J. W. G. W. POWERS' SUICIDE.

Pistol Ball Through the Head Ended His Life. Walla Walla, June 16.—George W. Powers, a well-known man, 40 years old, and unmarried, committed suicide this morning by shooting himself in the head. About 10 o'clock, persons occupying the room next to Powers, in Mrs. Mabry's boarding-house, heard a muffled pistol shot in Powers' room. They broke in the door and found Powers lying on a lounge, a stream of blood gushing from his mouth. His right hand grasped a revolver. Physicians were immediately summoned, but Powers expired before their arrival. The bullet entered his mouth and passed out through the left ear. On a table was found a number of letters, addressed to various persons, and open notes saying: "May God wipe the hand that opens those letters except those to whom they are addressed." Powers was a native of Tennessee and came to Walla Walla several years ago with troops A. U. S. cavalry. Two years ago the captain at thearrison was robbed. Powers was accused, but proved his innocence. Soon after he purchased his discharge, and entered the employ of a grocery here. Ever since his discharge from the army he has talked of certain wrongs, and carried on an extensive correspondence with the war department. For a long time he has brooded over his troubles, real and imaginary, and several times talked of committing suicide. Last fall he took a dose of morphine and chloroform, but the timely aid of physicians saved his life. It is said by some of his most intimate friends that Powers loved a young widow of this city, who did not return his affection, which caused him to take his own life.

McKINLEY GETS IT. Easily Nominated on the First Ballot Cast. St. Louis, June 18.—McKinley was nominated on the first ballot this afternoon. THE MONEY PLANK. "The republican party is unreservedly for sound money. It caused the enactment of the law providing for the resumption of specie payments in 1875; since then every dollar has been as good as gold. "We are unalterably opposed to every measure calculated to debase our currency or impair the credit of our country. We are therefore opposed to the free coinage of silver, except by international agreement with the leading commercial nations of the world, and we pledge ourselves to promote, and until an agreement can be obtained, the existing gold standard must be preserved. All our silver and paper currency now in circulation must be maintained at a parity with gold, and we favor all measures designed to maintain inviolate the obligations of the United States, and all our money, whether coin or standard, the standard of the most enlightened nations of the earth." Rebekahs at Athena. A party of Pendleton people visited Athena Friday night to organize a Rebekah lodge, I. O. O. F., John Halley being the organizing officer. They were warmly welcomed, and entertained, being given a sumptuous banquet after the lodge work had been completed. The new lodge is called Mignonette No. 86, and the officers are: Mrs. Mary Rushing, noble grand; Mrs. Anna Gross, vice-grand; Miss Leola Young, recording secretary; Mrs. L. Barnett, treasurer and permanent secretary; Mrs. L. Swartz, chaplain; G. Rushing, R. S. to N. G.; Miss Anna Gholson, L. S. to N. G.; Mrs. M. M. Johns, E. S. to V. G.; Mrs. E. DeFest, L. S. to V. G.; Miss F. Kemp, ward; Miss Lydia Beale, conductor; Mrs. Lizzie Beale, I. G.; Mrs. Geo. Pittsworth, O. G. The new lodge has a membership of 47. A degree team was organized and some excellent initiatory work was done, after the installation of the lodge. The following persons came up from Pendleton by team: Mr. and Mrs. John Halley, jr., Mrs. T. B. Wells, Mrs. R. Alexander, B. E. Coon, Mrs. H. S. Faxon, Miss Carrie Epple, Miss Margaret Leonard, Miss Amy Matthews, R. Alexander, Mrs. Shelly, Mrs. Lumpkin. Methodist Conference. The M. E. Conference convened in this city this week, and among the resolutions was the following: The committee on investigating the character of Frank Parrish made their report and the following substitute was adopted: "Resolved, that we express our deep sorrow that Frank Parrish, a local preacher of this look charge, who gave great promise of usefulness in the ministry of the gospel, has seen fit to betray the trust bestowed upon him by leaving his work without consent of the presiding elder, by dishonoring our beloved church by actions totally unbecoming a minister of the gospel and of the Methodist Episcopal church, by travelling under the title conferred upon him by our church. "Resolved further, that in justice to the church and to christian people at large that we condemn such actions and it be published to the world that he is not a minister of the Methodist Episcopal church." Hope to Re-Employ Her. R. Alexander, of the executive committee of the Weston normal school board of regents, stated to the East Oregonian that Miss Cannon was not re-engaged as teacher of the model department only because the funds at the disposal of the board did not permit contracting the necessary expense. Doubtless the money at the board's disposal will be such as to warrant making the appointment of a teacher for this department. Miss Cannon's work has been eminently satisfactory, and Miss Cannon is recognized as one of the most talented primary teachers in the kindergarten line who has been in Umatilla county. Her retention would be wise and her friends will learn with pleasure that the prospect is good that the money will be forthcoming to continue her in the department of work which she has done such excellent work during the past year. Simon Ticket Wins. Portland, June 12.—The official canvass of the vote of Multnomah county was completed yesterday afternoon. W. W. Wheaton and bride, who were married in this city last Wednesday, met with a runaway accident which resulted in the death of the bride.

They were in a cart and the horse ran away down a grade, throwing the occupants out. The lady's dress caught in a wheel and she was dragged 25 yards. Her skull was crushed and her body badly mangled. She expired last night. Wheaton is a prominent fruit grower on Snake river. Helix Will Celebrate. Our neighboring town of Helix will celebrate the Fourth in a grand old-fashioned way and it would make your heart glad to see the magnitude of the scale in which the preparations for the event are being carried on. Here is a partial list of the amusements and attractions which the good people over there promise to have: Orations, reading, processions, games, racing, dancing, the grandest picnic dinner ever spread, two brass bands and Huson's orchestra have reported for duty. There will be swings, base ball, and, in fact, everything to make the day pass pleasantly. See posters for further information. By Order COMMITTEE. Woodmen Assemble. The Fourth Day, Pacific jurisdiction, Woodmen of the World met in Pendleton Wednesday in convention. Athena, No. 171 was represented by G. C. Osburn, Lake France, A. M. Gillieby, R. O. Hawks, proxy. Haworth of La Grande. Found a Skeleton. Frank Saling, of Weston, found the skeleton of a man near Saling's camp, on Weston Mountain, Wednesday of this week. What remained of the skeleton was brought down to Weston, yesterday, and the bleached bones, boots with the rope gnawed off, a pair of rusty spurs and a blue handkerchief once worn around the dead man's neck, afforded much curiosity and speculation as to who and what the dead had been. From the general appearance and condition of the bones brought down in a box they are supposed to be the remains of a young man under 20 years of age, and that death came to him four or five years ago. A Lie Told. Consumption and bronchitis are by no means the same, although it is hard to distinguish one from the other. Bronchitis is an inflammation of the lining of the wind tubes or air vessels of the lungs causing soreness of the same, cough, sore throat, hoarseness, difficulty of breathing, splitting of mucus and sometimes blood. Thousands die annually with this dread disease. Willbur's Cough Cure will cure. Price 50 cents. Sold by Osburn. Teachers Seeking Other Positions. Miss Harriette Woodruff, who has just returned from a short trip to Portland reports that several of the young ladies who were elected teachers of the Pendleton public schools, for the next school year, have been trying to secure similar appointments in Eugene. Miss Woodruff says the two who have been most active in trying to secure positions in Multnomah county are the Misses Mary and Ethel Ritter. Blood Will Tell. The many different skin diseases such as ringworm, tetter, salt rheum, erysipelas, eczema, itching or an eruption of pimples, pustules, blotches, chaps or cracking open of the skin, scrofula, are directly the cause of impure blood. The Athena Band has been engaged by the 4th of July committee of Walla Walla to furnish music for the big celebration at the Garden City. Negotiations were also on with Pendleton, but the county seat people were too slow in accepting the band's proposition. Pendleton made up its mind that it wanted the boys but Walla Walla accepted first. Robbed of \$16. Last Sunday while Fred Williams and wife were absent from their home, attending church in this city, some thief gained admittance to the house by climbing through a window.
