NEWS FROM WESTON, ADAMS MILTON AND FREEWATER.

Doings of Your Neighbors As Told In Columns of the Leader, Advance, Eagle and Times.

### Weston.

(Leader.)

Mr. Power has returned to Reed & Hawley mountain from the Des Chutes country, accompanied by his son Philip Power, and son-in-law, Wm. Johnson. They were dissatisfied with that region.

The state census of the city of Weston was completed yesterday by the enumerator, Charles L. Pinkerton. The total population is 823, a good gain over 1900, when the figures of the national census were 625.

Miss Mabel Croft, an alumnus of the E. O. S. N. S., is visiting friends at Weston and will remain until after commencement. Miss Croft has closed a term of school at Antelope, and is on her way to her home at Prosser, Wash.

Stevens Lodge No. 49, K. of P., elected officers as follows Wednesday evening: J. H. Baker, C. C.; R. G. Saling, V. C.; Dave Warren, Prelate; John Warren, M. at A.; W. S. Price, M. W.; P. T. Harbour, I. G.; J. H. Price, O. G.

The night watchman at Fletcher's mill, Mr. Stewart, was brought to town Saturday for surgical repairs, having accidentally wounded his left hand with an axe. A deep and ugly gash was cut in the member, reaching into the bone. The wound was dressed by Dr. Cashatt and is rapidly healing.

Fred Barrett and family left Monday morning for Arleta, Oregon, a suburb of Portland. They will make their permanent home below, and Mr. Barrett expects at some later date to engage in the grocery business. He has been employed for several years with Sim J. Cully, and will be missed by many friends at Weston.

S. A. Barnes and Lester O'Hara left for Portland on Friday's excursion. Mayor Barnes, who has had charge of the Weston end of the Umatilla county exhibit carried with him for the display just thirteen strawberries which completely filled a quart jar. They were raised by J. M. Ashworth in the Weston country.

### Milton.

(Eagle.)

Mrs. N. A. Davis recently suffered a paralytic stroke, whereby one side of her face was partially paralyzed. She is reported to be improving and it is thought the trouble is only temporary.

Misses Lizzie Hamer and Jessie Williams departed yesterday for Salem where they will take a course of instruction in primary teaching, provided the allotments of the Trail do not prove too great an attraction.

William Radio, an old time Milton boy, but now located at Walla Walla, is visiting in Milton. Mr. Radio is engaged in the business of shipping beef animals to the Klondike, being among the first to make a shipment to that region. He was a member of the Washington legislature last winter.

Photographer Fallgatter this week presented the Eagle with a photograph of the oldest house on Basket mountain. It was built about 35 years ago by Mr. A. H. Wilder. It was occupied for several years by N. Pierce and family and is the birthplace of Mrs. F. A. Sikes of this city. It is a relic of pioneer days and has an interesting history.

Sheriff Dixon of Garfield county, Wash., is in Milton today for the purpose of arresting a man named Butts, who is charged with having taken mortgaged property from the state and selling it. He will be taken back tomorrow. Mr. Butts has been in Milton for several weeks and has a wife and several children here. Sheriff Dixon states that he believes a settlement can be effected whereby Mr. Butts will be released in a few days.

### Freewater

(Freewater Times.)

"Uncle" George Johnson was at Pine creek on a brief visit this week. He says the alfalfa crop is much better than was expected and all other crops are looking fine.

Wm. Wagener and family, who left here last April for Ohio never to return, passed through last Wednesday on their way to Walla Walla. They will locate somewhere in this part of the country.

One more week and the strawberry season will be over. The season usually lasts six weeks and this one is no exception. The supply was almost as great this year as any year previous, according to the shippers.

Joe Irons has a cherry tree that beats the one that George Washington discovered all hollow. Last Wednesday he picked 12 crates of the single tree and he says there are lots of them still on the branches that are not yet ripe.

Mrs. D. Hunt has gone into the chicken business in the right sort of manner. She is making a specialty of

four (yellow) legged pullets. Up to date she has only one, but it is a dandy. It only uses its extra running gear on Sundays and holidays. Mrs. Hunt must be figuring on the prosaic trade.

J. S. Vinson has resigned his position as postmaster and petitions are now out praying for the appointment of some other good man. Probably there is no other occupation on earth, except a railroad station agent, where there is more kicking done by the patrons than that of postmaster in a country office. Jesse Basket and Wm. Clements seem to be the favorite candidates.

### Adams.

(Advance.)

Mr. and Mrs. W. O. Read returned Tuesday from a visit with friends in Athena.

Fred Blake and Wade Holdman chartered an "auto" for a trip to Athena Wednesday afternoon.

The city marshal tapped the city main in block 8 this week and fixed up a watering trough for the convenience of the dry quadrupeds passing through town.

Mr. and Mrs. Frank Holdman of Pendleton came up Wednesday morning for a week's visit with friends and relatives here. Mr. Holdman is just getting around from a six weeks' illness with rheumatism.

John Pierce, the dry land strawberry man, is still in the lead. He is now in the midst of his berry harvest, which he says is yielding greater than expected. He is unable at this time to form an estimate as to what his yield will be, but it will be large. All the berries sold has brought him \$2.25 per crate and he has a number of crates engaged ahead at that price.

Monday morning Lee Butler and family pulled out for the northwestern part of Montana where Mr. Butler expects to engage in the sheep business. He is taking a bunch of horses with him and will be about six weeks getting through. Rube Wilson, the ancient vaquero, accompanied the party. Mr. Wilson has made that country his home for some time, hence he is not going to a strange country.

### Summer Roundup.

The Indians are engaged in the summer roundup of horses on the Umatilla Indian reservation. Last week was spent at the corrals on McKay creek, where 1,563 head of horses were run into the enclosures.

# PNEUMONIA

follows a cold, but never follows the use of

# FOLEY'S HONEY AND TAR

It stops the cough and heals the lungs and prevents a cold from settling on your lungs and resulting in Pneumonia, Pleurisy, or Consumption.

You are in no danger of serious results if FOLEY'S HONEY AND TAR is taken, as it soothes and heals the inflamed air passages and the cough disappears.

Be sure and get FOLEY'S HONEY AND TAR, as preparations containing opiates stop the cough temporarily by paralyzing the nerves in the throat and leave the germs of serious lung trouble and you get one cold on another because the first one was not cured perfectly.

### Saved Her Life From Pneumonia.

"My wife had a severe attack of Pneumonia which followed a severe attack of La Grippe and I believe that FOLEY'S HONEY AND TAR saved her life," writes James Coffee, of Raymond, Missouri.

Dr. C. J. Bishop, Agnew, Mich., writes: "I have used FOLEY'S HONEY AND TAR in three very severe cases of Pneumonia with good results in every case."

### Cured When Very Low With Pneumonia.

J. W. Bryan, of Lowder, Ill., writes: "My little boy was very low with Pneumonia. Unknown to the doctor we gave him FOLEY'S HONEY AND TAR. The result was magical and puzzled the doctor, as it immediately stopped the racking cough and he quickly recovered."
