Weston.

Mrs. Robert Still, who was recently conveyed to Walla Walla for treatment from her home on Dry creek, is recovering from a serious illness.

Mrs. S. Caplinger was brought to town by her husband Tuesday for treatment at Dr. Cashatt's hospital. Her condition is quite serious.

Miss Stella O'Harra has been employed to teach a five months' term of school in the Blue Mountain district near Weston, which opens next Monday.

T. J. Shaw and family will leave soon for Roseburg, Oregon, near which place Mr. Shaw has purchased a nice home and seven acres of garden land. In his departure Weston loses a good citizen.

William McKenzie, who has enlisted himself in the progressive class of farmers since locating near Weston, is installing a private system of water works. Springs are being developed and walled up with concrete and the water conveyed in pipes to the house and barn. Mr. McKenzie contemplates building a new residence within a few months.

Information was filed in the recorder's court this morning by Dan P. Hicks against George Cramer, who conducts a lunch counter in the White House saloon. There are two complaints, charging assault and battery and abusive language, alleged to have been committed last Sunday.

William Long, a nephew of J. H. Logan, was standing on a platform at Chehalis, Wash., laughing and joking with a companion, when a switch engine bumped the car. Long lost his balance, fell off the end of the car, was run over and instantly killed. Mr. Long was a visitor at Mr. Logan's home in this city about two years ago.

James Richey and family will be a part of next Monday's large delegation to the fair. Charles Brotherton and family are going from Athena the same day, but Mr. Richey wants it distinctly understood that he does not intend to affiliate with this individual. He will try to arrange with the O. R. & N. to hitch on a cattle car for Brotherton's exclusive accommodation.

Apropos of good mountain crops, the Leader is informed by Uncle Sam's messenger, B. F. Somerville, that Basket mountain is also in the swim. Yields up there have been heavy of every kind of grain, and a remarkable crop of barley was grown from a four acre tract belonging to W. A. Clark, which yielded 47 sacks per acre. This land is eleven miles back in the mountains, as the crow flies.

James T. Fuson, who in a few months has built up a neat little business with his candy and tobacco store on Main street, accepted an offer for it the other day from Cliff Calley and Lester O'Harra. Invoicing was in progress yesterday and the new proprietors will take possession at once. They are among the most popular of Weston's young men and Mr. Culley has been successfully engaged before in the same line of business.

delayed some on account of the illness of his sister, Miss Stella, but hopes to be able to start loading next Monday.

GOOD IN CHANGE OF AIR.

Too Close Confinement to Any Atmosphere is Injurious to the Health.

The quasi-miraculous benefits which are associated with change of air in the popular belief are in reality derived when they accrue from change of environments, or change of habits of life, says the Medical Review. In a great many instances the measure of benefit obtainable would be as effectually secured and at much less expense by mere change of habits, without the fatigue and inconvenience of change of domicile. The overworked city clerk might advantageously take to driving a cab, while the cabman would find it a relief to discharge for a time the functions of caretaker of a deserted house. Many an overworked physician would experience a distinct improvement were he to qualify as chauffeur, with no other object in view than to cover space, and there are few domestic servants whose health would not be sensibly modified by a brief experience as milkmaid or gleaner, should the season lend itself to that pursuit. The literary gen., whose brain is sterile of new ideas, might recuperate his energies by usurping the role of a sick man and remaining in bed for a week or two.

O. G. Chamberlain, Justice of the Peace.

No woman can look beautiful without good health. A woman's good health depends on those organs peculiarly feminine, and which so often become disordered, causing misery and dragging-down pain. Nature's laws are perfect, health endures if you obey them, but disease follows disobedience. The distressing complaints of women are often brought about by catching cold at a critical period, breathing foul indoors' air and long hours of work and nervous tension. Go straight to Nature for the cure—to the forest. Dr. Pierce's Favorite Prescription is Nature's cure for the distressing complaints of women. Prof. King, M. D., in his American Dispensary, says of Black Cohosh or Black Snake-root—"our early American Indians set a high value on this root in diseases of women. It is surpassed by no other drug, in congestive conditions of the parts where there are dragging pains and tenderness."

Lady's Slipper root is a "nerve stimulant and tonic, improving both circulation and nutrition of the nerve centers—favoring sleep and cheerful condition of the mind; of service in mental depression, nervous headache, irregularities of women with despondency."—Prof. King. Besides the above ingredients there are—Golden Seal, Unicorn and Blue Cohosh roots in Dr. Pierce's Favorite Prescription.

Dr. Pierce's Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 51 stamps. Over 100 pages and illustrated. Address Dr. E. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

POLICY HOLDERS

Constitution of the State of California Section 3, Article 12

Provides that each stockholder be individually and personally liable pro rata for ALL DEBTS AND LIABILITIES contracted or incurred during the time he was a stockholder.

It also provides that the directors shall be jointly and severally liable for ALL moneys embezzled or MISAPPROPRIATED by the officers.

Section 10 of the "Act" to provide for the incorporation of mutual insurance companies for the insurance of life and health and against accidents," further extends the liability of stockholders.

THE PACIFIC MUTUAL LIFE INSURANCE COMPANY OF CALIFORNIA is the ONLY company in the United States organized under such stringent laws, and there is no other life insurance company transacting business in America whose policyholders, by legal enactment, are so safeguarded.
