Weston.

(Leader.)

Alvah Leach, an old time Weston boy, who is now Kerr-Gifford's general agent for the Northwest, was a visitor in Weston Friday from Walla Walla.

Mr. Joe L. Creighton and Miss Alice Taylor were united in marriage Tuesday, September 26, 1905, at 3 p. m., at the residence of the bride's mother near Weston.

At Cashatt's sanitarium Tuesday morning, Ed Wood sustained an operation performed by Drs. Cashatt and Todd. The patient rallied quickly from its effects and has since been gaining rapidly in health.

Miss Cora Davison and Floyd McKinnon have matriculated at Peulden business college, which is a growing and popular institution. Several other Weston students contemplate enrolling, among them Miss Rosa Waddingham and Mr. Ernest Gnessaz. Mr. George Ritchie was here for several days last week, representing the college.

The loss of the normal is partially atoned for by a flourishing public school and high school. At least the Yamhill county fanatics cannot abolish these, although the normal's empty buildings, once crowded with students from every part of Eastern Oregon stands a monuments to their meddlingness.

M. J. McDaniel & Sons have finished a long harvest in the Eureka Flat country, housing their machines last Saturday. Their own crop amounted to 18,000 sacks, which means a few golden twenties when they conclude to turn it loose. Harvest has been greatly delayed on the Flat, many horses having been knocked out this year by disease, and it will be several weeks yet before everybody is through. W. E. King still has 400 acres in the stack.

Lee Cauthorn has sold his residence property to F. M. Bryant, who owns the adjoining house. Mr. Cauthorn and family will move back to "the states" in November, locating in Jewell county, Kansas, where he will follow farming. This is his fourth season at the brickyard, and he has acquired a fondness for Weston, disliking to leave, but has too good a chance offered in Kansas to turn down. For its part, Weston will say good bye to Mr. Cauthorn and his family with much regret.

The residence of Dave Roberts was entered and robbed a few mornings ago in broad daylight. Mr. Roberts is employed at the brickyard, and Mrs. Roberts was temporarily absent from the house when the sneak-thief transacted his nefarious business. He took \$7.00 from a bureau drawer, but left two watches, three rings and 45 cents in money. One of the watches is a valuable gold encased time piece, but the rascal evidently thought it wiser to take nothing that might lead to his detection. Mr. Roberts is so grateful at saving his watch that he will present the thief with the 45 cents—and a pair of bracelets—if he will kindly call again when somebody is at home.

Adams.

(Advance.)

Mr. and Mrs. E. E. Hales spent several days at the Walla Walla county fair.

Mr. and Mrs. Matt Deining returned Saturday evening from an extended visit with friends at Astoria.

Mrs. M. C. McIntyre went to Walla Walla Sunday morning for medical treatment. She is suffering from an attack of appendicitis.

Dan G., Alex and Misses Agnes and Ruth McKenzie are taking in the sights at the Portland fair this week. They will probably visit the coast before returning home.

Mr. and Mrs. T. C. Ried started Monday for their homestead near Cambridge, Idaho. They expect to be gone about four weeks, when they will return here and remain until spring.

T. D. Ferguson, an old time "Adams boy," now farming near Leland, Idaho, arrived on the late train Saturday evening and spent Sunday with relatives in this vicinity. He seems well pleased with his present home and thinks that the Clearwater country has a fortune ahead of it. He says that he doesn't care to return to Umatilla county and grow wheat, that he would rather raise peaches and watermelons.

S. A. Pennick left Wednesday afternoon for Cambridge, Idaho, to begin actual settlement on his ranch. As the Lewis and Clark exposition has been crowding the passenger trains, Arlie decided that he would go by freight, so he chartered a box car and shipped himself, incidentally taking along his household goods and some livestock. John McConnell accom-

panied him and will try and find a vacant piece of land for his own use and benefit.

A HARD ROW

And a long pull describes the pathway of a woman afflicted with female weakness unless she is under the care of a doctor who has had successful experience in the treatment of such cases or else has found the right remedy which can be safely used independently of the doctor.

Forty years ago, Dr. E. V. Pierce found that women were being grossly maltreated—mainly through ignorance and carelessness, and he determined to devote himself to study and research till he found the real cause of their suffering and a proper remedy for it. He found it, and dug from Nature's Laboratory, the earth, Nature's remedies for woman's weaknesses and ailments. He found in Lady's Slipper root, Black Cohosh root, Unicorn root, Blue Cohosh root and Golden Seal root, the required ingredients.

The remedial virtues of these he extracted, combined and preserved by his own peculiar non-alcoholic, glyceric processes, and the compound is now known the world over, as Dr. Pierce's Favorite Prescription.

"The wearing of corsets too tight seemed to have brought on an abdominal pressure, weakening the ligaments and resulting in displacement, which troubled me until I was not fit to walk, and at times could hardly stand," writes Mrs. Beverly Fitzgibbon, of 124 Fulton St., San Francisco, Cal. "A neighbor advised me to try Dr. Pierce's Favorite Prescription. Before the first bottle was used I felt much better. Improvement went steadily on, and within four months I was like a new and well woman once more. I am now perfectly well and strong, and extremely grateful to you for your blessed remedy—a boon to sick women."

POLICY HOLDERS

Are more interested today than ever before in the Legal Organization of Life Insurance Companies

Constitution of the State of California Section 3, Article 12

Provides that each stockholder be individually and personally liable pro rata for ALL DEBTS AND LIABILITIES contracted or incurred during the time he was a stockholder.

It also provides that the directors shall be jointly and severally liable for ALL moneys embezzled or MISAPPROPRIATED by the officers.

Section 10 of the "Act to provide for the incorporation of mutual insurance companies for the insurance of life and health and against accidents," further extends the liability of stockholders.

THE PACIFIC MUTUAL LIFE INSURANCE COMPANY OF CALIFORNIA is the ONLY company in the United States organized under such stringent laws, and there is no other life insurance company transacting business in America whose policyholders, by legal enactment, are so safeguarded.

Notwithstanding the liability of stockholders, they receive no profit from the premium payments made by participating policyholders, but every dollar paid into the company by the latter, with the accumulation thereon, is applied for their benefit. Following are the directors of the Pacific Mutual. They are all stockholders of the company, and also policyholders:
