Caution about the Use and Selection of Spectacles

Persons having normal vision will be able to read this print at a distance of 14 inches from the eye with ease and comfort. Now will be able to read it with ease and comfort. If unable to do so your eyes are defective and it should have immediate attention. When the eyes become tired from reading, writing, or if the letters look blurred and run together, it is a sure indication that glasses are needed. The lenses used in the United States are of unequal quality and have imperfections of various kinds. Unskilled use of cheap lenses may result in serious injury to the eyes. The greatest trouble is the failure of examination to supply the defects in the glass.
