The matter of business to come before the council was the installation of cess pools in the rear of the saloon buildings and the Athena Hotel. Some time ago an ordinance was passed which makes it compulsory for the making of cess pools wherever ordered. It is understood that a portion of the property owners now affected are opposed to cess pools, and some of them stand ready to bear their portion of the expense of putting in pipes for drainage purposes. It is said that Mr. Miller, of the Athena Hotel, and Mr. Swaggart, owner of one of the saloon buildings, will each give \$100 toward a pipe system.

The large stocks that are to be seen in Pendleton show that a firm feeling exists that the coming fall trade will be an unprecedented one for business. The window display, the employing of extra help and the general hustle that is to be noticed everywhere points to it.

My stock is three times larger than it was at the beginning of the present year. Come in and see the pretty things when in Pendleton.
