GREFFIELD WOMAN POISONED
 Not Determined Whether Case of Suicide or Murder.
 The coroner's physicians at Seattle who analyzed the stomach of Mrs. Mand Hart Greffield, the widow of the late Edmund Joshua Greffield, the Holy Roller leader, reported that enough arsenic was found in the stomach of the dead woman to kill several persons. It is therefore evident that the woman was either murdered or committed suicide, probably the latter.
 Mrs. Greffield was the daughter of O. V. Hurt, of Corvallis. At the time of her death she was in prison with Esther Mitchell, both charged with the murder of Esther's brother, George Mitchell, who was killed by his sister in revenge for the murder of Greffield. She died suddenly about midnight last Friday night, supposedly from heart disease. She was buried by the side of her husband. Suicide was threatened by both women when first arrested and a close watch was kept over them to prevent them from carrying out their threats. Both expressed a desire to die frequently.

Public Notice.
 Notice is hereby given that I will apply to the Mayor and common council of the City of Athena, Oregon, at a meeting thereof to be held on the 5th day of December, 1906, for a license to sell spirituous, malt and vinous liquors in less quantities than one quart, said liquors to be sold only in a building situated on the east one-half of lot No. 2 in block No. 5, of said city.

HAVE SNOW BUT NO COAL
 Car Passing Through Garfield Is Seized by Citizens.
 The fuel situation in Garfield and, in fact, the whole Palouse country, is serious, and the best citizens of the town will unite in delaying the first trainload of coal that passes through that city to Lewiston. Only one car of coal has arrived there for weeks and that came in and was stopped Wednesday morning. About 100 people out of the 1200 inhabitants got a little, but as cold weather is approaching it looks now as if there would be much suffering in the Palouse before coal arrives in quantities to give everybody a ton or more.
 Tuesday night was the coldest of the season. Ice formed at least one inch thick. Wood is \$8 per cord and coal \$9 per ton, but none is in sight. Heretofore there has been plenty of wood hauled in from the mountains 16 miles east of Garfield, which sold readily at \$5 and \$6 per cord, but the past year there has been but very little wood out, and it seems impossible to get coal.
 There are people who have had coal ordered since July. They have plenty of money to pay for the coal, but it does not come. Local dealers have put these customers off, saying they expect coal at any time, and although one dealer claims to have 40 carloads ordered noon arrives.
 Snow fell Wednesday night and the weather is turning colder. Great suffering will be experienced if the fuel famine is not soon relieved.

TRIED TO BLOW UP THE TRAIN
 Fiends Attempt to Dynamite Train on Hood River Road
 A special dispatch received by the Evening Telegram from Hood River, tells of a fiendish attempt made to blow up a passenger train on the Mount Hood Railroad.
 The would-be assassins secured a large quantity of dynamite and placed it on the track, where the train would be running at such speed that it could not be stopped when the obstruction was seen. The cold weather, however, saved the lives of the passengers, as the powder was frozen and failed to explode when the heavy passenger train passed over it. Twenty sticks of dynamite were found by the side of the track after the train had passed.
 There is no clue to the perpetrators of the fiendish deed, and it is not known whether the object of the attempted wholesale murder was for robbery or an attempt to destroy the property of the road and kill the passengers.
 There were 25 travelers in addition to the regular crew on the train at the time of the attempted crime.
 The Hood River Railroad company is investigating the attempt and has offered a reward of \$500 for the apprehension of the criminals.

Busy on Irrigation Project
 About 350 men are employed on the government ditch near Echo, and it is expected that work will be commenced in a few days on the government dam at the reservoir site in the Cold Springs district. The dam will be 85 feet deep at the gate and the reservoir will cover 1800 acres. The government will also build a macadamized road from Hermiston, nine miles, to the dam.

Pioneer Flour Mills Burn
 Fire destroyed the Pioneer flouring mill on the Yellow Hawk river late Tuesday night. The mill was a three story frame building and contained 12,000 bushels of wheat, 350 barrels of flour and 10,000 sacks of barley, valued at \$25,000 to \$30,000, upon which there was an insurance of \$7000. The mills were operated by Coyle & Campbell.

A Year of Blood
 The year 1905 will long be remembered in the home of F. N. Tackett; of Alliance, Ky., as a year of blood, which flowed so copiously from Mr. Tackett's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for sore lungs, coughs and colds at the Palace drug store. Price 50c and trial bottle free.

 A Merchant Cured After Having Given Up Hope. Foley & Co., Chicago.
 Gentlemen:—I was afflicted with Kidney and Bladder trouble for six years and had tried numerous preparations without getting any relief and had given up hope of ever being cured when FOLEY'S KIDNEY CURE was recommended to me. After using one bottle I could feel the effect of it, and after taking six fifty-cent bottles, I was cured of Kidney and Bladder trouble and have not felt so well for the past twenty years and I owe it to FOLEY'S KIDNEY CURE. James Smith, Bentons Ferry, W. Va.
 A Veteran of the Civil War Cured After Ten Years of Suffering.
 R. A. Cray, J.P., of Oakville, Ind., writes:—"Most of the time for ten years I was confined to my bed with some disease of the kidneys. It was so severe I could not move part of the time. I consulted the best medical skill available, but got no relief until FOLEY'S KIDNEY CURE was recommended to me. I am grateful to be able to say that it entirely cured me."
