Strawberries are being picked in the vicinity of Freevater in quantities sufficient to sell on the market. Quality this year is excellent and quantity normal.

The Blue Mountain sawmill 12 miles east of Weston, has commenced operations with a force of 30 men. It is expected that the output will average 30,000 feet daily.

Miss Velma Wilkinson arrived home yesterday from a three weeks' visit with friends at Eugene and Portland. Miss Wilkinson reports a most pleasant time on her visit.

At Pendleton Sunday, Walla Walla waxed it to the county seat team by a score of 14 to 2 in six innings. If rain hadn't stopped the game Walla Walla might have been making scores yet.

Second hand household goods and furniture for sale. A large number of fruit jars as good as new, for sale very cheap. Call on Mrs. Walter Ely.

By far the handsomest line of postal cards ever carried in stock in Athena, is on display at Hawks' Pioneer drug store. In price they range from 1 cent to three for 25 cents.

Mrs. Carl Weissert, of Pendleton, well known to many Athena people, left last week for an extended visit at her old home in Germany, in company with a party of friends.

Lost—On last Sunday between Mrs. Foster's and Manasse's store, a lady's round lace pin, with pearl leaf and safety chain. Finder will be liberally rewarded by leaving same at Manasse's store.

"Charley" the Mexican gypsy, has found a berth in Parker's barber shop where he is master of the boot-black chair. With the nickles and dimes he makes as errand boy this new situation makes the little fellow a good living.

During the Caledonian picnic the "Colts" will play games with the reservation, Weston and Adams aggregations of ball tossers. The home team is greatly strengthening up with practice and gilt edge amateur ball may be looked for.

Mr. and Mrs. Sam Haworth, who now reside on their ranch near Hesper, arrived in the city Friday afternoon and are visiting at the Winslip home. Mr. Haworth says he hopes to make Athena his home again this winter as he likes the town.

A tissue builder, reconstructor, builds up waste force, and makes strong nerves and muscle. You will realize after taking Hollister's Rocky Mountain Tea what a wonderful benefit it will be to you. 35 cents, Tea or Tablets. Pioneer Drug Store.

W. A. Rulison leaves this evening for Chicago, where he will spend a month visiting his son and daughter. Mr. Rulison is Athena's chief tree amputator, gardener and landscape artist, and his absence will be felt by those who employ him in orchard and garden.

Saturday afternoon sporting blood was at fever heat in Athena and the result was that a horse race was pulled off between Myrick's "Keen Kutter" and Estes' "Blizzardsplitter." The race was run for fun and a side bet. "Keen Kutter" nosed out winner, and the sporting pulse again cooled down to normal state.

C. A. Phipps, general secretary and field worker for the Sunday schools of Oregon, gave an address at the Christian church last evening, on "The Bible School. Does it Pay?" The meeting was poorly attended, and those who were absent missed a treat in the address of the gentleman who is a very pleasing speaker.

by and a banquet will be given by the local lodge. Invitations have been extended the Milton, Weston and Helix lodges.

When in town Friday and Saturday, Caledonian picnickers should remember that they are cordially invited to make their headquarters at Manasse's Up to Date Store. Everything will be done to make callers feel at home. Before dropping in take a look at the display windows.

The 15-months old baby boy of Mrs. Minnie Leonard, of Dayton, Wash., who is visiting at the home of George Bannister, had the misfortune to burn his hands very severely yesterday afternoon by falling against a hot stove. Dr. Sharp was called and gave the little sufferer relief, and it is thought nothing more serious than blistered palms will result, although at the time convulsions were feared. Mrs. Leonard had just left on the train for Pendleton, but returned on the noon passenger today.

Soaking rains fell Saturday night and Sunday afternoon. Crops are saved again. The Press man is here to verify the saturating properties that came forth with Sunday's rain. A friend and he drove from Milton in the storm, and a shower bath would be a mild comparison. Fishing is not good on the Walla Walla, thank you. But Swenson of the Milton Eagle, has the wreath over any titled French chef that ever pealed a bucket of spuds and we would be willing to drive to squaw creek in a snow storm, were we permitted to sample his savory dishes. Ladies, he can cook beans without ripping the jackets open.

Yesterday was dog day in Athena and several "strays," yaller and other colors were sent to where no dog license is required through the unerring marksmanship of hizzoner Richards, under the direction of Marshal Gholson. In the role of a strategist, Mr. Gholson would rank with Rozestvenski and then lap over some. All spring the boys have been conjecturing where Mr. Richards procured his cartridges which he used so unsparringly at rifle practice out in Watts' squirrel pasture. It was supposed he had tapped an arsenal somewhere, but it transpires that Gholson furnished the ammunition, the reason therefor being apparent.

MILTON CELEBRATES JUNE 4TH

Originates Annual Spring Festival Known as Strawberry Day.

The establishment of an annual spring festival in Milton to be known as Strawberry Day has been considered for several years past, but for various reasons the idea has never been carried out. This year, however, such a celebration seems so appropriate that the matter has been taken up and will be carried out, says the Eagle.

The plans are as yet only in the preliminary stage, but June 4 is the day designated for the festival. Briefly outlined, the plan is to have a big strawberry picnic at the park, to which everybody will be invited. Special invitation to be present will be extended to leaders in the development movement in the state and men engaged in development enterprises, as well as men prominent in public affairs. An effort will be made to secure the presence of Governor Chamberlain, President Richardson of the State Development League, Congressman Ellis, and the county delegation in the state legislature, and also Senator Ankeny and Congressman Jones of Washington.

A banquet is being planned for the distinguished visitors and members of the press which will be the concluding feature of Strawberry Day.

Killed By Train.

Torn into shreds and strung along the O. R. & N. tracks about 150 yards east of the depot, the body of Charley Taylor, whose home was at Alba, was found by E. R. Granahl Sunday morning about 2 o'clock when Mr. Granahl was on the way to his home on Bluff street. Just how Taylor lost his life will probably never be known, but it is supposed he met death by being run over by freight train No. 55. Charley Meyers, of this city, and Policeman F. Waters recognized the dead man and identified him for Coroner Fulsom.—Pendleton Tribune.

The Story of a Medicine.

Its name—"Golden Medical Discovery" was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical experts (doctors and writers on medicine) who recommend them as the very best remedies for the diseases for which "Golden Medical Discovery" is advised.

A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed free to any one asking it by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompanied with catarrhal discharges, hoarseness, sore throat, tingering, or hang-on-coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It will cure the affections that lead up to consumption, if taken in time.
