Mrs. Wm. Dobson, who has had such success in teaching in this county, has been offered \$70 per month in the Cannon district, providing she will put on the 9th grade. Mrs. Dobson has been offered \$65 per month to teach in Portland, but will probably stay by her school in Umatilla county.

Athena friends have received announcements of the graduating class exercises of the North Pacific Dental College, which takes place tonight in the Marquam Grand Theatre, Portland. The announcements were received from James E. Sharp a class member, who has completed the full four year course.

The other day the family of Mr. Paine, who lives in the Deal property just west of town, were enjoying a game of croquet. When the game was finished, a young son who was on the winning side, flourished his mallet in demonstration of his glee, with such vigor that the mallet flew off the handle, striking Mrs. Paine on the side of the head, knocking her senseless.

Several stitches were taken and it was some time before the lady regained consciousness.

John Walter, who is inspired by an eternal fount of energy, has named his place west of town, "Busy Bee Farm." John is the very personification of gottitiveness and hustle. We have his word for it that a bee is a back number as compared with his rustling propensities and the tireless ant is skinned in the ginger race a city block. It is reported of John that he plows after night, by light generated with a gasoline engine and that he sleeps with his boots on.

A gray horse, hitched to a buggy, without a driver, was discovered Tuesday evening on the Pine Creek road south-east of Weston and was taken to be the one stolen recently at La Grand. Of course the conjecture soon sprouted that the officers were so hot on Wood's trail that to escape capture with the goods in his possession, he had turned the horse loose. Again it becomes the imperative and kindly duty of the Press man to intercede and place matters right. By way of explanation we will state that the horse in question is owned in this city. He is a livery horse and was hired to a young gentleman, who stopped at a house near Weston to quench his thirst with a cup of beef tea and a glass of butter-milk. He neglected to tie the horse, and the animal went ahead to explore the road.

Regent Stone attended the annual meeting of the Normal School board at Weston yesterday. R. Alexander was re-elected chairman of the board, and P. A. Worthington, secretary. Prof. French was again elected president of the school at an advanced salary, and other members of the faculty were given a liberal raise in salary.

Will Ferguson is in the hospital at Pendleton as the result of being thrown from a horse. His horse went through a hole in the Adams bridge and threw the rider, who sustained serious injuries. No bones were broken.

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or over-busy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better. It is a case of wrong treatment, but probably worse. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For over-worked, "worn-out," run-down, debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency. Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.
